

A romantic couple is shown in a close embrace, kissing on a beach at sunset. The man, wearing a white shirt and dark pants, is lifting the woman, who is wearing a dark dress. They are standing in shallow water, with the sun low on the horizon, creating a warm, golden glow. The background shows the ocean and a distant shoreline.

What We'll Leave Behind Thirty Eight:

Grieve, Breathe, Receive Steve Carter, 2024-05-07 What do you do when your world seems to be falling down all around you When loss is too much to bear When disappointment becomes your new reality Pastor Steve Carter is certain you'll find hope and life through these three simple yet profound steps Grieve Breathe Receive In 2018 in light of further misconduct allegations against Willow Creek Community Church founder and senior pastor Bill Hybels Steve Carter announced publicly that he was resigning from his dream job as a lead pastor at that church After posting his resignation online he turned off all of his devices and began to weep on his wife's shoulder The next morning as he was taking a walk to process all the thoughts and feelings tumbling around in his mind he cried out to Jesus in desperation begging for an answer What am I supposed to do now He expected nothing but the silence that had overwhelmed him since hitting send on his message to the world but before he could take two steps a gentle whisper impressed three words upon his heart grieve breathe receive Those three words would become a profound mantra for Steve in the season he would soon begin a season focused on healing Deep healing The kind that comes after painful trauma In this book Steve is more personal and vulnerable than he's ever been and by doing so he encourages all of us to Allow ourselves the necessary time and space to properly GRIEVE what is what you thought it was going to be and how key people let you down rather than fill our days with activities and commitments that distract us Slow down to BREATHE in God's grace His peace and His love and to learn how to exhale all the negativity pain resentment and bitterness we carry within us Be open to RECEIVE all the lessons surprises and healing God knows we need for every part of us to be made whole This process of grieving breathing and receiving was a life restoring gift from God for Steve and his family and he is certain that it will bless anyone who prayerfully follows it

Rigoberta Menchu And The Story Of All Poor Guatemalans David Stoll, 2018-05-04 Rigoberta Menchú is a living legend a young woman who said that her odyssey from a Mayan Indian village to revolutionary exile was the story of all poor Guatemalans By turning herself into an everywoman she became a powerful symbol for 500 years of indigenous resistance to colonialism Her testimony I Rigoberta Menchú denounced atrocities by the Guatemalan army and propelled her to the 1992 Nobel Peace Prize But her story was not the eyewitness account that she claimed In this hotly debated book key points of which have been corroborated by the New York Times David Stoll compares a cult text with local testimony from Rigoberta Menchú's hometown His reconstruction of her story goes to the heart of debates over political correctness and identity politics and provides a dramatic illustration of the rebirth of the sacred in the postmodern academy This expanded edition includes a new foreword from Elizabeth Burgos the editor of I Rigoberta Menchú as well as a new afterword from Stoll who discusses Rigoberta Menchú's recent bid for the Guatemalan presidency and addresses the many controversies and debates that have arisen since the book was first published

A Sea in Flames Carl Safina, 2011-04-19 Carl Safina has been hailed as one of the top 100 conservationists of the 20th century Audubon Magazine and *A Sea in Flames* is his blistering account of the months

long manmade disaster that tormented a region and mesmerized the nation Traveling across the Gulf to make sense of an ever changing story and its often nonsensical twists Safina expertly deconstructs the series of calamitous misjudgments that caused the Deepwater Horizon blowout zeroes in on BP's misstatements evasions and denials reassesses his own reaction to the government's crisis handling and reviews the consequences of the leak and what he considers the real problems which the press largely overlooked Safina takes us deep inside the faulty thinking that caused the lethal explosion We join him on aerial surveys across an oil coated sea We confront pelicans and other wildlife whose blue universe fades to black Safina skewers the excuses and the silly jargon like junk shot and top kill that made the tragedy feel like a comedy of horrors and highlighted Big Oil's appalling lack of preparedness for an event that was inevitable Based on extensive research and interviews with fishermen coastal residents biologists and government officials A Sea In Flames has some surprising answers on whether it was Obama's Katrina whether the Coast Guard was as inept in its response as BP was misleading and whether this worst unintended release of oil in history was really America's worst ecological disaster Impassioned moving and even sharply funny A Sea in Flames is ultimately an indictment of America's main addiction Safina writes In the end this is a chronicle of a summer of pain and hope Hope that the full potential of this catastrophe would not materialize hope that the harm done would heal faster than feared and hope that even if we didn't suffer the absolutely worst we'd still learn the big lesson here We may have gotten two out of three That's not good enough Because there'll be a next time
