What You Say Matters:

What We Say Matters Ike K. Lasater, Judith Hanson Lasater, 2022-08-09 Drawing from Buddhist and yogic precepts this practical guide offers tools for becoming a better more compassionate communicator at home at work and in the world Have you ever tried to tell someone what you want only to feel misunderstood and frustrated Or hesitated to ask for what you needed because you didn't want to burden the other person Or been stuck in blame or anger that wouldn't go away Judith and Ike Lasater long term students of yoga and Buddhism experienced dilemmas like these too Even though they had studied the yoga principle of satya truth and the Buddhist precept of right speech it was not until they began practicing Marshall Rosenberg's techniques of Nonviolent Communication NVC that they understood how to live satya and right speech In *What We Say Matters* Judith and Ike describe their journey through NVC and how speech becomes a spiritual practice based on giving and receiving with compassion everywhere all the time whether at home at work or in the world Their writing is deeply personal punctuated by their recounts of trial and error success and failure laughter and challenge even in writing this book They guide you through an introduction to NVC with clear explanations poignant examples suggested exercises and helpful resources With practice you'll learn new ways to Extend empathy to yourself and others Distinguish between feelings and needs Make requests rather than demands Choose connection over conflict Create mutually satisfying outcomes

What Matters Most Katherine Draper, 2014-10-17 It is easy to view the world without hope to stand back and feel helpless But what if that were simply not true What if we weren't victims who were done for and done to What if we started to set a different standard by living fully creatively and spiritually Brian Draper shows how we can change the world around us by first changing ourselves *What Matters Most* is incisive and full of practical spiritual wisdom Draper goes in search of the positive the infinite and the good and wants to pass them on It is time to see the world with fresh eyes to be inspired and to help others But it's not just about spreading a positive message it's about transforming lives because transformed people transform people Change starts with us And that's when it spreads

The Moral Wager Malcolm Murray, 2007-05-05 In the following chapters I offer an evolutionary account of morality and from that extrapolate a version of contractarianism I call consent theory Game theory helps to highlight the evolution of morality as a resolution of interpersonal conflicts under strategic negotiation It is this emphasis on strategic negotiation that underwrites the idea of consent Consent theory differs from other contractarian models by abandoning reliance on rational self interest in favour of evolutionary adaptation From this more emphasis will be placed on consent as natural convergence rather than consent as an idealization My picture of contractarianism then ends up looking more like the relativist model offered by Harman rather than the rational or pseudo rational model offered by Gauthier let alone the Kantian brands of Rawls or Scanlon So at least some of my discussion will dwell on why it is no loss to abandon hope for the universal categorical morality that rational models promise In the introduction I offer the betting analogy that underwrites the remaining picture There are some bets where the expected

utility is positive though the odds of winning on this particular occasion are exceedingly low In such cases we cannot hope to give an argument that taking the bet is rational The only thing we can say is that those predisposed to take this kind of bet on these kinds of occasions will do better than those with other dispositions so long as such games occur often enough

success in your continuously developing career and an indispensable tool for everyone who encountered difficulties along their professional path and needed a new unbiased perspective that would help them overcome their obstacles If It Bleeds, It Leads Matthew Robert Kerbel, 2018-03-08 You've been watching television news forever. You're intimately familiar with the friendly faces and soothing voices that nightly tell you what's wrong with the world. You think you know everything there is to know about them. You're wrong. If It Bleeds It Leads takes us minute by minute through two and one half real hours of syndicated local and network information programming to uncover the truth behind what passes as news. Why is the only real difference between Jerry Springer and Dan Rather that Dan's guests usually don't need medical attention? How did a load of baking powder spark two minutes of high-strung local news coverage? It's all here: the personal revelations of talk show guests, the dangers lurking in your neighborhood, sports, sex, celebrity, power, and weather updates every ten minutes, all real material taken from real broadcasts designed to keep viewers glued to the screen. **The Joy in Business** Joy J.
