When Violence Is No Stranger:

When Violence is No Stranger Kristen Jane Leslie, 2003 A guide for pastoral counseling of acquaintance rape victims Offers specifics on the symptoms and needs of survivors When Violence is No Stranger Kristen Jane Leslie, 2000

Human Development and Faith (Second Edition) Felicity B. Kelcourse, 2015-07-28 This book now in its second edition brings together the best available understandings of human development from a multidisciplinary perspective Uniquely inclusive of the moral and faith dimensions of context and life cycle development Human Development and Faith examines the interplay of mind body family community and soul at every stage of development It addresses two central questions What are the good enough conditions of parenting family and community in each phase of life from birth to death which support growth and development What gives life adequate meaning as development proceeds If human development describes the normative and hoped for passages of life then faith provides the necessary component of meaning Throughout the various perspectives offered in this volume is the premise that faith is that quality of living that makes it possible to fully live The Journal of Pastoral Theology called the first edition of Human Development and Faith an excellent text for pastoral theology courses because it fulfills its ambitious goal of bringing a holistic faith perspective to the usual topics of development This second edition includes a new chapter on infancy updates reflecting our growing awareness of cultural diversity and a new preface The Living Church , 2002-06 **Speaking of Rape** Danielle Tumminio Hansen, 2024-03-19 Rape survivors need speech to recover to tell the story of their harm to rebuild their sense of self and their place in the world But the words available to them often fail to describe their experience of the violation which isolates and silences them enables future perpetration and lets rape remain unacknowledged Tumminio Hansen steps into this space of the seemingly unspeakable and responds to the linguistic crisis by offering fresh ways of speaking and listening that reframe how we can describe discuss and address rape Bravely weaving first person narrative with the wisdom of psychologists philosophers theologians and restorative justice experts Speaking of Rape revolutionizes our ways of understanding the scope and nature of sexual violations in order to revolutionize how we respond to them The Many Legalities of Early America Christopher L. Tomlins, Bruce H. Mann, 2012-12-01 This collection of seventeen original essays reshapes the field of early American legal history not by focusing simply on law or even on the relationship between law and society but by using the concept of legality to explore the myriad ways in which the people of early America ordered their relationships with one another whether as individuals groups classes communities or states Addressing issues of gender ethnicity family patriarchy culture and dependence contributors explore the transatlantic context of early American law the negotiation between European and indigenous legal cultures the multiple social contexts of the rule of law and the transformation of many legalities into an increasingly uniform legal culture Taken together these essays reveal the extraordinary diversity and complexity of the roots of early America's legal culture Contributors are Mary Sarah Bilder Holly Brewer James F Brooks Richard Lyman Bushman
