Affordability of College Textbooks: Textbook Prices Have Risen Significantly in the Last Four Years, but Some Strategies May Help to Control These Costs for Students , College for Sale Wesley Shumar,1997 This text analyses higher education in the US and other western countries since the 1970s whereby market place logic has influenced the education system It describes the transformation of US universities as they attempt to accommodate the changes on their own and their students academic lives

International Book Publishing: An Encyclopedia Philip G. Altbach,Edith S. Hoshino,2015-05-08 First Published in 1996 This encyclopedia is unique in several ways As the first international reference source on publishing it is a pioneering venture Our aim is to provide comprehensive discussion and analysis of key subjects relating to books and publishing worldwide The sixty four essays included here feature not only factual and statistical information about the topic but also analysis and evaluation of those facts and figures The chapters are significantly more comprehensive than those typically found in an encyclopedia

The No Shelf Required Guide to E-book Purchasing Sue Polanka,2011-12 Library Technology Reports vol 47 no 8 According to recent studies e book penetration in libraries of all types is rising rapidly Creating or expanding an e book collection is a complicated challenge In addition to facing the same challenges a librarian would face in developing a print collection librarians developing an e book collection also face a host of unprecedented legal technological and vendor challenges This issue of Library Technology Reports will examine these challenges focusing on strategies for purchasing e books in a consortium working with vendors implementing e reader programs in an academic environment and purchasing electronic textbooks Although the challenges are significant this issue will show how they can be overcome and how the effort it takes to develop an e book collection is well worth the effort

The Book in the United States Today William Gordon Graham,Richard Abel,1997-01-01 This volume is based on a special issue of Logos that grew out of a meeting of an international group of book trade hands It is the first broad scale account and assessment of the

commercial aspects of the U S book trade from publisher to library by way of book dealers and wholesalers Two major phenomena concentration into larger units and concern about the electronic future are recurring themes in this collection Concentration characterizes bookselling as much as publishing and the electronic future preoccupies librarians even more than publishers Chapters and contributors to *The Book in the United States Today* include *A Religious Country Reflected in its Publishing Industry* by Werner Mark Linz *Children s Books 500 Million a Year* by Charles E Gates *U S School Publishing* by Cameron S Moseley *The Paperback Conquest of America* by Betty Ballantine *Medical Publishing in the U S* by Eric J Newman *The U S College Textbook* by Robert R Worth *The American University Library* by Hendrik Edelman and *Between Academe and the Marketplace University Presses Face the 21st Century* by Naomi B Pascal In the postscript Gordon Graham discusses one of the defects of the U S book industry today a shortage of collective memory The common ground of the industry he writes is seen in securing legal rights and political advantage not in any ideological attachment to the shared product its history or its culture *The Book in the United States Today* provides important information for publishers librarians authors and book sellers

The Abc'S to Starting at a California Community College Bertha Barraza,2014-12-17 A Student Handbook with simple easy and practical information to help anyone navigate the complicated process of becoming a community college student While California Community Colleges CCC are expected to serve the community needs many new students face most of their challenges during the enrollment or registration process However not a single book has ever been published before to guide students to navigate through the various steps to enroll at a CCC Other challenges new students face is their inability to understand the common language which college employees use on a regular basis and expect new students to understand the terminology Therefore each section of this handbook begins with a section of Useful Words to help potential students familiarize themselves with the words they will be expected to use while in college This handbook also includes illustrations and videos for those who are visual learners

Books in the Digital Age John B. Thompson,2013-10-21 The book publishing industry is going through a period of profound and turbulent change brought about in part by the digital revolution What is the role of the book in an age preoccupied with computers and the internet How has the book publishing industry been transformed by the economic and technological upheavals of recent years and how is it likely to change in the future This is the first major study of the book publishing industry in Britain and the United States for more than two decades Thompson focuses on academic and higher education publishing and analyses the evolution of these sectors from 1980 to the present He shows that each sector is characterized by its own distinctive logic or dynamic of change and that by reconstructing this logic we can understand the problems challenges and opportunities faced by publishing firms today He also shows that the digital revolution has had and continues to have a profound impact on the book publishing business although the real impact of this revolution has little to do with the ebook scenarios imagined by many commentators *Books in the Digital Age* will become a standard work on the publishing industry at the beginning of the 21st

century It will be of great interest to students taking courses in the sociology of culture media and cultural studies and publishing It will also be of great value to professionals in the publishing industry educators and policy makers and to anyone interested in books and their future The Publishers Weekly ,1928 College Success for Adults C.M. Gill,2020-07-26
