Anatomy of the Spirit Caroline Myss, 2013-09-04 Building on wisdom from Hindu, Christian and Kabbalah traditions this comprehensive guide to energy healing reveals the hidden stresses, beliefs and attitudes that cause illness. Anatomy of the Spirit is the boldest presentation of energy medicine to date written by one of its premier practitioners internationally acclaimed medical intuitive Caroline Myss who is amongst the hottest new voices in the alternative health spirituality scene. Publishers Weekly Based on fifteen years of research into energy medicine Dr Myss's work shows how every illness corresponds to a pattern of emotional and psychological stresses, beliefs and attitudes that have influenced corresponding areas of the human body. Anatomy of the Spirit also presents Dr Myss's breakthrough model of the body's seven centers of spiritual and physical power in which she synthesizes the ancient wisdom of three spiritual traditions: the Hindu chakras, the Christian sacraments and the Kabbalah's Tree of Life to demonstrate the seven stages through which everyone must pass in the search for higher consciousness and spiritual maturity. With this model Dr Myss shows how you can develop your own latent powers of intuition as you simultaneously cultivate your personal power and spiritual growth. By teaching you to see your body and spirit in a new way Anatomy of the Spirit provides you with the tools for spiritual maturity and physical wholeness that will change your life.

Sacred Contracts Caroline Myss, 2013-09-04 Caroline Myss author of the New York Times bestsellers Anatomy of the Spirit and Why People Don't Heal and How They Can presents an exciting highly original program in this long awaited book. Based on her internationally popular workshop of the same name *Sacred Contracts* is a brilliant synthesis of psychology, healing, guidance and spiritual insight. As a medical intuitive Myss has found that people often don't understand their purpose in life which has led to a spiritual malaise of epidemic proportions. This metaphysical disease in turn leads to depression, anxiety, fatigue and eventually physical illness. But our purpose, our individual Sacred Contract is often difficult to apprehend. For this reason Myss developed an enjoyable and ingenious process for deciphering your own Contract using a new theory of archetypes that builds on the works of Jung, Plato and contemporary thinkers. She first recounts how the concept of Sacred Contracts took form in myths and other cultural traditions through the ages. She then examines the lives of the spiritual masters and prophets Abraham, Jesus, the Buddha and Muhammad whose archetypal journeys illustrate the four stages of a Sacred Contract and provide clues for discovering your own. With her signature motivational style and stories Myss explains how you can identify your particular spiritual energies or archetypes, the gatekeepers of your higher purpose and use them to help you find out what you are here on earth to learn and whom you are meant to meet. In coming to know your archetypal companions you also begin to see how to live your life in ways that make the best use of your personal power and lead you to fulfill your greatest in fact your divine potential. In this process you learn how to see your life and the lives of others.

symbolically allowing you to manage your personal power without getting caught up in emotional drama You will also learn how to fulfill your Sacred Contract what you and only you are here on earth to do Finally Myss offers specific guidance for locating your physical and emotional vulnerabilities and healing any susceptible areas Both visionary and practical Sacred Contracts is a completely unique process of self discovery and spiritual archaeology and a bold powerful work of spiritual wisdom

Ethnoreligiosity in the Contemporary Societies of the Former Yugoslavia Branko Sekulic,2022-02-08 Using Christian communities in the former Yugoslavia as a case study Branko Sekulic introduces the concept of ethnoreligiosity to the theological discussion in order to resolve the confusion that occurs when scholars talk about the concepts of ethno religion or ethnoreligion Ethno religion ethnoreligion came to describe the phenomenon of ethnic religion as a certain cultural specificity and which by itself has no negative connotation but due to the lack of a better expression it has been used as a term for the phenomenon of ethnic and religious conflict and discrimination In that sense ethnoreligiosity can be defined as a phenomenon resulting from the usurpation of the religious aspect of human life by the ethnic one or more precisely it emerges as a consequence of an ethnic ethnonational ideological overtaking of the structures of the religious organization It takes place through the attempt to give sacral connotation to a particular ethnonational myth as an integral part of ethnonational ideology with the result that religious feeling is no longer generated on a religious but primarily on an ethnonational base By understanding the proper definition and manifestation of ethnoreligiosity one will have the opportunity to discern the basic components of this phenomenon not only within the countries of the former Yugoslavia but in other countries as well
