Vulnerability And Glory A Theological Account:

Vulnerability and Glory Kristine A. Culp, 2010-10-28 Disasters indicate the complex peril of earthly existence Suffering and risk are global realities Yet the biblical depiction of persons and communities as earthen vessels also suggests that vulnerable creatures can be strengthened to receive and bear the grace and glory of God Culp demonstrates how vulnerability to devastation and to transformation is the very basis for life before God The glory of God may be witnessed in resistance to inhumanity and idolatry and expressed in delight and gratitude for the good gifts of life *Love and Vulnerability* Pelagia Goulimari, 2021-05-15 Love and Vulnerability Thinking with Pamela Sue Anderson developed out of the desire for dialogue with the late feminist philosopher Pamela Sue Anderson s extraordinary previously unpublished last work on love and vulnerability The collection publishes this work for the first time with a diverse multidisciplinary international range of contributors responding to it to Anderson s oeuvre as a whole and to her life and death Anderson s path breaking work includes *A Feminist Philosophy of Religion* 1998 and *Re-visioning Gender in Philosophy of Religion* Reason Love and Epistemic Locatedness 2012 Her last work critiques then attempts to rebuild concepts of love and vulnerability Reason critical self reflexivity emotion intuition and imagination myth and narrative all have a role to play Social justice friendship conversation dialogue collective work are central to her thinking Contributors trace the emergence of Anderson s late thinking extend her conversations with the history of philosophy and contemporary voices such as hooks and Butler and bring her work into contact with debates in theology Continental and analytic philosophy feminist queer and transgender theory postcolonial theory African American studies Discussions engage with the Me Too movement and sexual violence climate change sweatshops neoliberalism death and dying and the nature of the human Originally published as a special issue of the journal *Angelaki* this large wide ranging collection featuring a number of distinguished contributors makes a significant contribution to the burgeoning interdisciplinary research on interpersonal relations sympathy and empathy affect and emotion Always Being Reformed David H. Jensen, 2016-03-31 One of the most persistent slogans of Reformed theology is that it is reformed and always being reformed But what does this slogan mean This volume gathers thirteen essays written by a younger generation of Reformed theologians who teach and write on five different continents who together offer this work in Christian systematic theology Unlike many other works of Reformed theology however this book is framed by pressing contextual issues and questions instead of traditional loci Each chapter engages classical doctrine but does so through the lens of contemporary lived experience in particular contexts The result is not a theology where doctrines are applied to contexts but an approach where doctrine and context mutually shape one another The contributors take seriously the notion that theology is always being reformed and is always partial ever on the way hence it requires conversation partners beyond the Reformed family of faith The result is a study in Reformed theology that is thoroughly ecumenical *Exploring the Glory of God* Adesola Joan Akala, 2020-11-24 With the aim of envisioning new horizons for a

theology of glory Exploring the Glory of God New Horizons for a Theology of Glory offers fresh biblical theological and scientific perspectives on the subject of divine self revelation and human responses to the manifestations of divine presence The first three chapters explore the glorious encounter between Moses and God and the Christological dimensions of glory in Johannine and Pauline writings These chapters demonstrate how the biblical text inherently weaves aspects of covenant relationship revelation Christology ecclesiology and eschatology into a remarkable tapestry of divine glory Five theological chapters cover the role of the Holy Spirit and the worshipful response of believers to the glory of God as well as expositions on the glory themed writings of Jonathan Edwards Karl Barth Oscar Romero and Etty Hillesum These theological writers provoke challenging questions by emphasizing how the theme of glory paradoxically encompasses both otherworldly perfection and worldly imperfections The two concluding chapters focus on the natural and physical sciences revealing how God's glory is displayed in the heavens and on earth The entire volume demonstrates the significance of divine glory in the study of the words and works of the triune God

Salvation in the World Stephan van Erp, Christiane Alpers, Christopher Cimorelli, 2017-09-07 What happens when Edward Schillebeeckx's theology crosses paths with contemporary public theology This volume examines the theological heritage that Schillebeeckx has left behind as well as it critically assesses its relevance for temporary theological scene In tracing the ways in which Schillebeeckx observed and examined his own context's increasing secularization and concomitant development toward atheism the contributors to this volume indicate the potential directions for a contemporary public theology that pursues the path which Schillebeeckx has trodden The essays in the first part of this volume indicate a different theological self critique undertaken in response to developments in the public sphere This is followed by a thorough examination of the degree to which Schillebeeckx succeeded in leading Christian theology ahead without merely accommodating the Christian tradition to current societal trends The third part of the volume discusses the issues of climate change social conceptions of progress as well as the evolutionary understandings of the origins and purpose of religions The final part examines Schillebeeckx's soteriology to contemporary discussions about wholeness

The Power and Vulnerability of Love Elizabeth O'Donnell Gandolfo, 2015-02-01 Gandolfo constructs a theological anthropology that begins with the condition of human vulnerability as a site to answer why human beings experience and inflict terrible suffering This volume argues that vulnerability is a dimension of human existence that causes us great anxiety which forms the basis for violence but also affords the possibility of human openness to the redemptive work of divine love Poised paradoxically between tragic and redemptive vulnerability human beings need existential resources and empowering practices to cope with and manage our vulnerability in more compassionate ways

All Manner of Things

Jeffrey A. Vogel,2023-01-27 The meditations in this collection originated from a series of questions about suffering death and eternal life put to the author by a friend who was dying from cancer These questions included How do we wait upon God and cancer at the same time What do we know of the God to whom we go when we experience only the silence of God in our suffering How do we long for heaven when what we want most is to continue on with our families and loved ones in this life Is heaven removed from this world Does the joy associated with it depend on ignorance of the suffering of those we leave behind And so on The meditations themselves are not intended primarily as answers to these questions so much as an attempt to enter into them more fully the goal being to think about how we might best inhabit those places where doubt and faith grief and hope forsakenness and grace are so often made to coexist For though the tension between suffering and hope cannot ultimately be resolved in this world we can look for ways to stand within it a little more boldly and to fall within it a little more boldly as well We can seek out words or images that allow us to speak about it a little more clearly a language that helps us to find rest in our longing and perhaps also longing in our rest

Confronting Religious Violence

Richard A. Burridge,Jonathan Sacks,2017-10-30 In Confronting Religious Violence twelve international experts from a variety of theological philosophical and scientific fields address the issue of religious violence in today's world The first part of the book focuses on the historical rise of religious conflict beginning with the question of whether the New Testament leads to supersessionism and looks at the growth of anti-Semitism in the later Roman Empire The second part comprises field report studies of xenophobia radicalism anti-Semitism and Islamophobia surrounding the conflicts in the Middle East The third part reflects on moral philosophical legal and evolutionary influences on religious freedom and how they harm or help the advancement of peace The final part of the volume turns to theological reflections discussing monotheism nationalism the perpetuation of violence the role of mercy laws and freedom in combating hate and practical approaches to dealing with pluralism in theological education
