Mann,2011-09-19 Gender and sexuality have been neglected topics in the history of Chinese civilization despite the fact that there is a massive amount of historical evidence on the subject China s late imperial government was arguably more concerned about gender and sexuality among its subjects than any other pre modern state How did these and other late imperial legacies shape twentieth century notions of gender and sexuality in modern China Susan Mann answers this by focusing on state policy ideas about the physical body and notions of sexuality and difference in China s recent history from medicine to the theater to the gay bars from law to art and sports More broadly the book shows how changes in attitudes toward sex and gender in China during the twentieth century have cast a new light on the process of becoming modern while simultaneously challenging the universalizing assumptions of Western modernity **Forgotten Women: The Leaders** Zing Tsjeng,Zhi Ying Tsjeng,2018-03-08 Selected for the Evening Standard present gift guide of the year To say this series is empowering doesn t do it justice Buy a copy for your daughters sisters mums aunts and nieces just make sure you buy a copy for your sons brothers dads uncles and nephews too indy100 Here s to no more forgotten women Evening Standard The women who shaped and were erased from our history The Forgotten Women series will uncover the lost histories of the influential women who have refused over hundreds of years to accept the hand they ve been dealt and as a result have formed shaped and changed the course of our futures The Leaders weaves together 48 unforgettable portraits of the true pioneers and leaders who made huge yet unacknowledged contributions to history including Grace O Malley the 16th century Irish pirate queen Sylvia Rivera who spearheaded the modern transgender rights movement Agent 355 the unknown rebel spy who played a pivotal role in the American Revolution Noor Inayat Khan who went undercover to spy for the French Resistance and became

Zhu,2015-06-10 Through both cultural and literary analysis this book examines gender in relation to late Qing and modern Chinese intellectuals including Mu Shiyong Bai Wei and Lu Xun Tackling important previously neglected questions Zhu ultimately shows the resilience and malleability of Chinese modernity through its progressive views on femininity *Teachers' Schools and the Making of the Modern Chinese Nation-State, 1897-1937* Xiaoping Cong,2011-01-01 During the educational and social transformations in politically tumultuous early twentieth century China Chinese teacher s schools played a critical role They were a force in the changes that swept Chinese society bridging Chinese and Western ideals empowering women and contributing to rural modernization This innovative account examines the social and political aspects and impacts of these schools their role in a society in transition and their production of grassroots forces that lead to the Communist Revolution
