Have To Talk Samuel Shem, Janet Surrey, Stephen Bergman, 1999-04-23 We have to talk For many men these are the four worst words in the English language especially when they re uttered by a female partner But it doesn t have to be that way argue Samuel Shem and Janet Surrey in their pathbreaking and practical new book Male relational dread that all too familiar reaction set off by women s relational yearnings can be tamed and in its place can emerge true satisfaction for men and women To demonstrate how this is done Shem and Surrey take us behind the scenes of their popular workshops We hear couples speak intimately about anger guilt resentment shame and sex We watch them wrestle collectively with the gender divide in their relationships the deep disconnects or impasses that reflect the vastly different developmental paths men and women have traveled We see couples learn to bridge the poles of dread and yearning to emerge from isolation into mutuality We witness their moments of sadness humor and ultimately discovery Filled with moving stories of real people struggling with real problems We Have to Talk shatters the rules and offers dramatic proof that men and women are not from different planets after all It is certain to be seen as the relationship book for the new millennium
