Epistemics of the Virtual Johan F. Hoorn, 2012-05-09 Proposing a new theory of fiction this work reviews the confusion about perceived realism metaphor virtual worlds and the seemingly obvious

distinction between what is true and what is false The rise of new media new technology and creative products and services requires a new examination of what real friends are to what extent scientific novelty is true and whether online content is merely figurative In this transdisciplinary theory the author evaluates cognitive theories philosophical discussion and topics in biology and physics and places these in the frameworks of computer science and literary theory The interest of the reader is continuously challenged on matters of truth fiction and the shakiness of our belief systems **Dragon Keepers (Dragon Keepers Fantasy)** Bruce Goldwell,2018-02-05 Goldwell s fantasy book series Dragon Keepers can be considered a prelude for young readers before reading the Harry Potter series This dragon fantasy book series is imaginative and adventure filled Dragon Keepers is a dragon book series by Bruce Goldwell whose main character is Merlin the Wizard It is written in third person narrative The narrative is about the fantasy life of Merlin which includes dragons fairies mermaids unicorns and other fantasy creatures popular in mythology around the world While the story uses aspects of Arthurian legend much of the story is based on fantasy characters and events made up by the author The author has a very wise intention for choosing the fantasy world a fantasy genre illustrates a gateway to stories and imagination that is beyond the narrow convention of this known world The series will certainly allow the readers to escape from the reality and get back to the world of mystery Through the characters readers often find crisis inequality pain and loss those issues are valid and challenging ones that we are confronted with in our real world whether as individuals or socially More importantly using the fantasy world the author tries to engage more connectivity with those issues and instruct how to avoid them in a realistic setting The Ritz Herald Article April 2022 Dragon Keepers is a dragon fantasy book series for teens and adults The series follows the life of Merlin the Magician In Book I Merlin turns 13 years old and is made an official dragon keeper a position that requires him to learn how to control and care for dragons The story includes a romance between Merlin and a young girl from the World of Dragons named Aeem This fantasy book series is for kids 9 13 however it can be enjoyed by teens of any age as well as adults
