Women Group Substance Abuse Discussion Topics:

Young Women's Lives Facilitator's Guide - Item 5424 , Guidance Document for Supporting Women in Co-ed Settings U.S. Department of Health and Human Services,2019-11-23 The expert panel developed guidance statements to offer a general understanding of the context and why it is important to address the specific needs of women These guidance statements provide information about sex and gender differences women s experiences and delivery of substance use treatment and recovery services The statements are meant to help providers understand how women s experiences impact their recovery regardless of service delivery setting Women are diverse and their individual cultural backgrounds family histories and life experiences influence their treatment and recovery needs The guidance statements are based on experiences and characteristics frequently seen among women and will help providers better respond to and serve women in their centers These statements serve as overarching concepts that guide the more specific practices and strategies described in the next section Reframing Women's Health Alice Dan,1994 Offering a unique combination of pragmatic and philosophical perspectives Reframing Women s Health presents an insightful exploration of the theoretical and practical advances in women s health care The assembled works of this distinguished group of contributors addresses issues as diverse as the concept of biological primacy the role of reproduction and the possible repercussions of accepting the male experience as normative Other subjects discussed include the physical emotional and legal elements of abuse advances and methodology in clinical and behavioral research as well as a variety of practice concerns This comprehensive survey of critical women s health topics will be indispensable to researchers educators clinicians and students in this and such related fields as gender studies health sciences psychology and social work In Reframing Women s Health the editor has assembled some of the finest authors in the field to create a broad based multidisciplinary source of the latest thinking on women s health For a discipline this young the book represents an extremely comprehensive collection of works The authors go beyond the stereotyped view of obstetric and gynecologic care and force the reader to consider women in relation to self and in relation to the world in which they live The tread that weaves through the book is one of challenging the old paradigm of women s health care as care of reproductive issues alone It is a must read for clinicians or teachers who wish to broaden their own thinking in a way that will promote optimal health care for women Family Medicine Especially recommended for college level students of women s health and health science Diane C Donovan The Midwest Book Review **Women's Health Issues Across the Life Cycle** Sammarco,2016-02-24 Explores a wide variety of health issues and concerns to offer a holistic approach to care Presented within a quality of life framework it emphasizes the range of factors that can impact women s health and well being including physical psychological spiritual socioeconomic and family domains In addition it features updated content on DSM V case studies research boxes discussion questions and Internet resources for more information Substance Abuse Among Older Adults Frederic C. Blow,1999-08 Researchers are only beginning to realize

the pervasiveness of substance abuse such as alcohol and prescription drug misuse among older people thousands of whom need treatment but do not receive it This Treatment Improvement Protocol TIP recommends best practices for identifying screening assessing and treating alcohol and prescription drug abuse among people age 60 and older Sections alcohol use and abuse of psychoactive prescription drugs and OTC medications identification screening and assessment referral and treatment approaches outcomes and cost issues legal and ethical issues tools Bibliography 19 charts and tables Women's Health, An Issue of Physician Assistant Clinics Heather P Adams, Aleece R Fosnight, 2018-06-30 This issue of Physician Assistant Clinics guest edited by Heather P Adams MPAS PA C and Aleece R Fosnight PA C is devoted to Women's Health Articles in this issue include Female Athlete Triad Sexual Health Counseling for the Gynecologic Provider Overcoming Barriers to LARCS PCOS Benign Breast Disease Menopause Female Hypoactive Sexual Desire Disorder HSDD HIV and Pregnancy Medication management delivery options and postpartum complications Adolescent GYN and HPV Oral anal and cervical Challenging Vaginitis Infertility and Non invasive Prenatal Testing Pregnancy Centering A Novel Approach to Prenatal Care The Role of Pelvic Floor Physical Therapy for the Female Patient and Diagnosis and Management of Recurrent Miscarriages *Criminal Conduct and Substance Abuse Treatment for Women in Correctional Settings: Adjunct Provider's Guide* Harvey B. Milkman, Kenneth W. Wanberg, Barbara A. Gagliardi, 2008-07-29 This guide offers female clients the best possible chance to get back on the road to recovery This guide uses female focused examples exercises role plays and content enhancements that pinpoint women's treatment issues It targets the biological psychological and social roots of female substance abuse and crime Domestic Violence Treatment for Abusive Women Ellen L. Bowen, 2011-02-14 Most therapists have experience with wives girlfriends and children of violent men never suspecting that domestic violence offenders can be women too In Domestic Violence Treatment for Abusive Women Bowen challenges us to re think our gender and violence constructs and guides clinicians through the emerging field of treatment of female abusers Unlike other books designed for male clients that may be adapted to women this book is specifically written for use with women with handouts and exercises created from the author's own clinical experience It is deliberately designed to give clinicians knowledge to deal with all aspects of female domestic violence from dealing with their first client to filling out paperwork correctly The first part of the book is dedicated to defining female violence and helping readers overcome pre existing gender stereotypes The second part provides a framework for everything a therapist needs in order to set up and facilitate a domestic violence treatment program for women As a whole Domestic Violence Treatment for Abusive Women helps the licensed mental health professional understand women's domestic violence and offers step by step direction for successful therapy *Addiction and Pregnancy* Laura M. Sanders, Barry R. Sherman, Chau Trinh, 1998-08-27 Pioneering evidence is presented in this book to support the effectiveness of peer counseling for substance abuse treatment of pregnant women and their families The introduction by Barry R Sherman describes his personal experience as a behavioral scientist doing work in a culture other

than his own A comprehensive overview of the crack epidemic and its impact on women is followed by an up to date account of acupuncture in addiction treatment The authors use the theory and principles of social learning to justify the peer counselor model known as SISTERS Chapters include discussions of conducting culturally competent research development and validation of the Abstinence Self Efficacy Scale ASES and the Traumatic Life Events TLE Inventory as well as the social support systems of drug dependent women Both quantitative and qualitative methods are used to evaluate program impact A urine toxicology index of sobriety as well as empirical measures of psychosocial functioning and client satisfaction demonstrate sufficient success and cost effectiveness of the program to warrant serious support by health care providers and insurance companies

Evidence-Based Practice in the Field of Substance Abuse Katherine van Wormer, Bruce A. Thyer, 2010 Evidence Based Practice in Substance Abuse Treatment is a reader on evidence based practices in substance abuse treatment The book is built around a core of treatment interventions that were published in several well known journals on substance abuse treatment and research in social work practice The purpose of the reader is to collect and comment on various forms of treatment that have proven effectiveness and to demonstrate how they have been applied in practice In addition the editors will provide a bridge analysis across chapters and sections connecting key themes across chapters and they will provide a discussion in each chapter that describes why the intervention was chosen its significance and why it is believed to be noteworthy In addition each chapter will contain critical thinking questions and the book will contain a glossary of key terms
