Women In Purple Rulers Of Medieval Byzantium:

Women in Purple Judith Herrin, 2021-09-14 In the eighth and ninth centuries three Byzantine empresses Irene Euphrosyne and Theodora changed history Their combined efforts restored the veneration of icons saving Byzantium from a purely symbolic and decorative art and ensuring its influence for centuries to come In this exhilarating and highly entertaining account one of the foremost historians of the medieval period tells the story of how these fascinating women exercised imperial sovereignty with consummate skill and sometimes ruthless tactics Though they gained access to the all pervasive authority of the Byzantine ruling dynasty through marriage all three continued to wear the imperial purple and wield tremendous power as widows From Constantinople their own Queen City the empresses undermined competitors and governed like men They conducted diplomacy across the known world negotiating with the likes of Charlemagne Roman popes and the great Arab caliph Harun al Rashid Vehemently rejecting the ban on holy images instituted by their male relatives Irene and Theodora used craft and power to reverse the official iconoclasm and restore icons to their place of adoration in the Eastern Church In so doing they profoundly altered the course of history The art and not only the art of Byzantium of Islam and of the West would have been very different without them As Judith Herrin traces the surviving evidence she evokes the complex and deeply religious world of Constantinople in the aftermath of Arab conquest She brings to life its monuments and palaces its court ceremonies and rituals the role of eunuchs the third sex bride shows and the influence of warring monks and patriarchs Based on new research and written for a general audience *Women in Purple* reshapes our understanding of an empire that lasted a thousand years and splashes fresh light on the relationship of women to power

Roman Emperors in Context Brian Croke, 2021-05-26 Roman Emperors in Context Theodosius to Justinian brings together ten articles by renowned historian Brian Croke Written separately and over a period of fifteen years the revised and updated chapters in this volume provide a coherent and substantial story of the change and development in imperial government at the eastern capital of Constantinople between the reigns of Theodosius I 379 95 and Justinian 527 65 Bookended by chapters on the city itself this book is based on a conviction that the legal and administrative decisions of emperors have an impact on the whole of the political realm The fifth century which forms the core of this book is shown to be essentially Roman in that the significance of aristocracy and dynasty still formed the basic framework for political advancement and the conduct conflict of political power around a Roman imperial court from one generation to the next Also highlighted is how power at court was mediated through military generals including major regional commanders in the Balkans and the East bishops and bureaucrats Finally the book demonstrates how the prolonged absence of male heirs during this period allowed the sisters daughters mothers and wives of Roman emperors to become more important and more central to imperial government This book is essential reading for scholars and students of Roman and Byzantine history as well as those interested in political and legal history CS1100

Representations of Early Byzantine Empresses A. McClanan, 2016-04-30 This book reconsiders a wide array of images of Byzantine empresses on media as diverse as bronze coins and gold mosaic from the fifth through to the seventh centuries A D The representations have often been viewed in terms of individual personas but strong typological currents frame their medieval context Empress Theodora the target of political pornography has consumed the bulk of past interest but even her representations fit these patterns Methodological tools from fields as disparate as numismatics as well as cultural and gender studies help clarify the broader cultural significance of female imperial representation and patronage
