A companion series to the acclaimed Word Biblical Commentary, *Finding the Great Themes of the Books of the Bible* is essential to the study of God's Word and to the preaching and teaching of its truths. These themes and ideas are often like precious gems; they lie beneath the surface and can only be discovered with some difficulty. While commentaries are useful for helping readers understand the content of a verse or chapter, they are not usually designed to help the reader to trace important subjects systematically within a given book of Scripture. The Word Biblical Themes series helps readers discover the important themes of a book of the Bible. This series distills the theological essence of a given book of Scripture and serves it up in ways that enrich the preaching, teaching, worship, and discipleship of God's people.
