Zizek And Theology Philosophy And Theology:

Slavoj Žižek and Christianity Sotiris Mitralexis, Dionysios Skliris, 2018-07-18 Slavoj Žižek's critical engagement with Christian theology goes much further than his seminal *The Fragile Absolute* 2000 or his *The Puppet and the Dwarf* 2003 or even his discussion with noted theologian John Milbank in *The Monstrosity of Christ* 2009 His reading of Christianity utilising his signature elements of Lacanian psychoanalysis and Hegelian philosophy with modern philosophical currents can be seen as a genuinely original contribution to the philosophy of religion This book focuses on these aspects of Žižek's thought with either philosophy and cultural theory or Christian theology serving as starting points of enquiry Written by a panel of international contributors each chapter teases out various strands of Žižek's thought concerning Christianity and religion and brings them into a wider conversation about the nature of faith These essays show that far from being an outright rejection of Christian thought and intellectual heritage Žižek's work could be seen as a perverse affirmation thereof Thus what he has to say should be of direct interest to Christian theology itself Touching on thinkers such as Badiou Lacan Chesterton and Schelling this collection is a dynamic reading and re-reading of Žižek's relationship to Christianity As such scholars of theology the philosophy of religion and Žižek more generally will all find this book to be of great interest **Zizek and Theology** Adam Kotsko, 2008-07-26 Slovenian philosopher and psychoanalyst Slavoj Žižek has been called an academic rock star This text assists students in getting to grips with Žižek's earlier and more recent works with an eye toward what brings him to an explicit engagement with Christianity *Zizek and Theology* Adam Kotsko, 2008-05-26 Slavoj Žižek has been called an academic rock star As public visibility of the Slovenian philosopher and psychoanalyst increases so too does the depth of his engagement with Christian theology Žižek's recent work includes extended treatments of key Christian thinkers from Paul Pascal and Kierkegaard to G K Chesterton and C S Lewis while Christology and other theological themes have provided crucial points of reference Žižek has even said that to become a true dialectical materialist one should go through the Christian experience But Žižek's work on Christianity often overwhelms students of theology To be sure Žižek's style of argumentation is unusual and his concepts are complex But the more basic problem is that his work on Christianity is a further development of a broader intellectual project established in many volumes produced in the course of the 1990s This book will bring students of theology up to speed on this broader intellectual project with an eye toward what brings Žižek to an explicit engagement with Christianity and how both his earlier and more recent works are relevant for theological reflection **Religion and European Philosophy** Philip Goodchild, Hollis Phelps, 2017-04-13 *Religion and European Philosophy* Key Thinkers from Kant to Žižek draws together a diverse group of scholars in theology religious studies and philosophy to discuss the role that religion plays among key figures in the European philosophical tradition Designed for accessibility each of the thirty-four chapters includes background information on the key thinker an overview of the main themes concepts and concerns that occupy his or her attention and a discussion of the religious and theological elements present in his or her thought in light of

contemporary issues Given the scope of the volume Religion and European Philosophy will be the go to guide for understanding the religious and theological dimensions of European philosophy for both students and established researchers alike

A Theology of Failure Marika Rose, 2019-05-07 Everyone agrees that theology has failed but the question of how to understand and respond to this failure is complex and contested Against both the radical orthodox attempt to return to a time before the theology's failure and the deconstructive theological attempt to open theology up to the hope of a future beyond failure Rose proposes an account of Christian identity as constituted by not despite failure Understanding failure as central to theology opens up new possibilities for confronting Christianity's violent and kyriarchal history and abandoning the attempt to discover a pure Christ outside of the grotesque materiality of the church The Christian mystical tradition begins with Dionysius the Areopagite's uncomfortable but productive conjunction of Christian theology and Neoplatonism The tensions generated by this are central to Dionysius's legacy visible not only in subsequent theological thought but also in much twentieth century continental philosophy as it seeks to disentangle itself from its Christian ancestry *A Theology of Failure* shows how the work of Slavoj Žižek represents an attempt to repeat the original move of Christian mystical theology bringing together the themes of language desire and transcendence not with Neoplatonism but with a materialist account of the world Tracing these themes through the work of Dionysius and Derrida and through contemporary debates about the gift violence and revolution this book offers a critical theological engagement with Žižek's account of social and political transformation showing how Žižek's work makes possible a materialist reading of apophatic theology and Christian identity

Theology and Marxism in Eagleton and Žižek O. Sigurdson, 2012-05-07 Taking its cue from the renewed interest in theology among Marxist and politically radical philosophers or thinkers this study inquires into the reasons for this interest in theology focusing on the British literary theorist Terry Eagleton and the Slovenian philosopher and psychoanalyst Slavoj Žižek as two contemporary prominent Marxist thinkers

Theology and Marxism in Eagleton and Žižek O. Sigurdson, 2012-05-07 Taking its cue from the renewed interest in theology among Marxist and politically radical philosophers or thinkers this study inquires into the reasons for this interest in theology focusing on the British literary theorist Terry Eagleton and the Slovenian philosopher and psychoanalyst Slavoj Žižek as two contemporary prominent Marxist thinkers

A Nondualistic Pentecostal Theology Spencer Moffatt, 2024-12-15 *A Nondualistic Pentecostal Theology* Exploring Dialectics and Becoming through Amos Yong and Slavoj Žižek invites readers to consider a dialectical theology for the third millennium grounded in nonduality and expressed from a pentecostal perspective Amos Yong has laid a valuable foundation for such an approach though his work stops short of fully achieving nondualism Despite highlighting diverse voices within pentecostal theology through Pentecost inspired themes systematic complexity and interdisciplinary input Yong still speaks of God in dualistic terms This work identifies missed opportunities to move beyond dualism and addresses them through a coherent nondualistic framework With the aid of Slavoj Žižek the pentecostal imagination reconfigures the essential themes of

Yong's theology resulting in a fresh take on pentecostal theology committed to the richness of connection and the expansive potential of becoming

Zizek Marcus Pound, 2008-08-20 Afterword by Slavoj Zizek It has been the brilliance of Slovenian philosopher Slavoj Zizek b 1949 to uniquely weave theology psychoanalysis and politics together into stunning commentary on contemporary culture Assuming little prior knowledge of this controversial atheist communist philosopher Marcus Pound provides the first comprehensive systematic account of Zizek's work as it relates specifically to theology and religious studies

The Puppet and the Dwarf Slavoj Zizek, 2003-08-29 One of our most daring intellectuals offers a Lacanian interpretation of religion finding that early Christianity was the first revolutionary collective Slavoj Zizek has been called an academic rock star and the wild man of theory his writing mixes astonishing erudition and references to pop culture in order to dissect current intellectual pieties In *The Puppet and the Dwarf* he offers a close reading of today's religious constellation from the viewpoint of Lacanian psychoanalysis He critically confronts both predominant versions of today's spirituality New Age gnosticism and deconstructionist Levinasian Judaism and then tries to redeem the materialist kernel of Christianity His reading of Christianity is explicitly political discerning in the Pauline community of believers the first version of a revolutionary collective Since today even advocates of Enlightenment like Jurgen Habermas acknowledge that a religious vision is needed to ground our ethical and political stance in a postsecular age this book with a stance that is clearly materialist and at the same time indebted to the core of the Christian legacy is certain to stir controversy

The Monstrosity of Christ Slavoj Zizek, John Milbank, 2011-02-25 A militant Marxist atheist and a Radical Orthodox Christian theologian square off on everything from the meaning of theology and Christ to the war machine of corporate mafia What matters is not so much that Zizek is endorsing a demythologized disenchanted Christianity without transcendence as that he is offering in the end despite what he sometimes claims a heterodox version of Christian belief John Milbank To put it even more bluntly my claim is that it is Milbank who is effectively guilty of heterodoxy ultimately of a regression to paganism in my atheism I am more Christian than Milbank Slavoj Zizek In this corner philosopher Slavoj Zizek a militant atheist who represents the critical materialist stance against religion's illusions in the other corner Radical Orthodox theologian John Milbank an influential and provocative thinker who argues that theology is the only foundation upon which knowledge politics and ethics can stand In *The Monstrosity of Christ* Zizek and Milbank go head to head for three rounds employing an impressive arsenal of moves to advance their positions and press their respective advantages By the closing bell they have not only proven themselves worthy adversaries they have shown that faith and reason are not simply and intractably opposed Zizek has long been interested in the emancipatory potential offered by Christian theology And Milbank seeing global capitalism as the new century's greatest ethical challenge has pushed his own ontology in more political and materialist directions Their debate in *The Monstrosity of Christ* concerns the future of religion secularity and political hope in light of a monstrous event God becoming human For the first time since Zizek's turn toward theology we have a true debate between an atheist and a

theologian about the very meaning of theology Christ the Church the Holy Ghost Universality and the foundations of logic The result goes far beyond the popularized atheist theist point counterpoint of recent books by Christopher Hitchens Richard Dawkins and others i ek begins and Milbank answers countering dialectics with paradox The debate centers on the nature of and relation between paradox and parallax between analogy and dialectics between transcendent glory and liberation Slavoj i ek is a philosopher and cultural critic He has published over thirty books including Looking Awry The Puppet and the Dwarf and The Parallax View these three published by the MIT Press John Milbank is an influential Christian theologian and the author of Theology and Social Theory Beyond Secular Reason and other books Creston Davis who conceived of this encounter studied under both i ek and Milbank

Radical Theology and Emerging Christianity Katharine Sarah Moody, 2016-03-03 The theological turn in continental philosophy and the turn to Paul in political philosophy have occasioned a return to radical theology a tradition whose philosophical heritage can be traced to the death of God announced in the work of Nietzsche and Hegel John D Caputo s deconstructive theology and Slavoj Zizek s materialist theology are two radical theologies that explore what it might mean to pass through the death of God and to abandon this experience as specifically Christian Radical Theology and Emerging Christianity demonstrates how these theologies are transforming everyday religious practices through an examination of the work of Peter Rollins and Kester Brewin two figures at the radical margins of a contemporary expression of Western religiosity called emerging Christianity The author uses her analysis of all four figures to argue that deconstructive practices can enable religious communities to

become part of a wider materialist collective in which the death of God continues to resonate Pushing the methodological boundaries of philosophy of religion by examining religious practices as the site of philosophical signification the book challenges scholars and practitioners alike to a new and more demanding dialogue between theory and practice The Palgrave Handbook of Radical Theology Christopher D. Rodkey, Jordan E. Miller, 2018-10-10 The Palgrave Handbook of Radical Theology is the definitive guide to radical theology and the commencement for new directions in that field For the first time radical theology is addressed and assessed in a single comprehensive volume including introductory and historical essays for the beginner essays on major figures and their thought and shorter articles on various themes concepts and related topics This book is a seminal work for the radical theology movement It clarifies origins and demonstrates the exigency and utility of current figures and issues A useful and essential guide for newcomers and veterans in the field this volume serves as both a reference work and an introduction to omitted or forgotten topics within contemporary discussions
