Mädchen in Uniform Barbara Mennel, 2024-05-02

Leontine Sagan's *Mädchen in Uniform* 1931 is a groundbreaking German film that showcases women's agency and desire behind and in front of the camera Adapted from Christa Winsloe's lesbian play the story follows Manuela an orphan in a boarding school for impoverished Prussian nobility When she declares her love with her female teacher the oppressive principal punishes her leading to a desperate suicide attempt Barbara Mennel's compelling study firmly establishes *Mädchen in Uniform* in the Weimar cinema canon Mennel contextualises the film in 1920s theories of sexuality and the conventions of modernist cinema She contrasts its international success to the extensive censorship battles that surrounded it The film's unique transnational and fragmented history results from the exile of many of its makers during the Nazi regime By attending to the many remakes throughout the 20th and 21st century Mennel underscores the film's timeless impact that continues to resonate with contemporary audiences

British cinema has been around from the very birth of motion pictures from black and white to color from talkies to sound and now 3D it has been making a major contribution to world cinema Many of its actors and directors have stayed at home but others ventured abroad like Charlie Chaplin and Alfred Hitchcock Today it is still going strong the only real competition to Hollywood turning out films which appeal not only to Brits just think of Bridget Jones while busily adding to franchises like James Bond and Harry Potter So this *Historical Dictionary of British Cinema* has a lot of ground to cover This it does with over 300 dictionary entries informing us about significant actors producers and directors outstanding films and serials organizations and studios different films genres from comedy to horror and memorable films among other things Two appendixes provide lists of award winners Meanwhile the chronology covers over a century of history These parts provide the details countless details while the introduction offers the big story And the extensive bibliography points toward other sources of information

Women in the Work of Woody Allen Martin Hall, 2025-10-01

Considering the current climate of the treatment of women in Hollywood following the Harvey Weinstein case many male celebrities have been brought forward on charges of sexual harassment including Woody Allen who has once again appeared in the press in relation to historic charges of molestation Within the context of the MeToo era this edited volume brings together researchers to consider how women are represented in the broader sphere of Hollywood cinema to

consider the notion of the male perspective on writing women and to explore the various approaches to relationships with and between women on screen all through the lens of the work of Woody Allen While acknowledging the problematic consideration of the autobiographical nature of filmmaking this book explores the role and representation of women throughout Allen's films plays stand up comedy and other writings With more recent industrial attention towards the production of his work notably Amazon Studios refusing to distribute a completed film the work of Woody Allen remains markedly problematic and demands interrogation demonstrating the timeliness of this current volume

Dont Look Back Keith Beattie, 2017-10-24 Dont Look Back a documentary film of Bob Dylan's 1965 England tour is recognised as a landmark work in the field of documentary film making contributing to the cultural life of an era This text examines the aesthetic thematic and social dynamics of the film in order to elucidate how and why it was a groundbreaking piece of documentary cinema

Victim John Coldstream, 2011-07-12 Victim 1961 was a landmark in the history both of the cinema and of British society This modest black and white thriller produced by Michael Relph and directed by Basil Dearden tackled explicitly the existing law governing homosexual offences and in doing so eased the path towards partial decriminalisation in 1967 It was also a key moment in the life of its star Dirk Bogarde who despite the risk to his box office appeal seized upon the role of a compromised barrister In doing so he shed the mantle of matin e idol and soon afterwards embarked on a more fulfilling career in the intellectual cinema John Coldstream's intimate study of Victim examines in detail the background to the production focusing especially on the relationship between the film makers the screenwriters and the censor John Trevelyan whose participation at the script stage was crucial to its development Half a century after its original release one looks in vain to find Victim in the spasmodic surveys dedicated to identifying the greatest films of all time However as Coldstream argues its recognition as a classic is more than justified by the vital contribution it made to gay cultural history and by its status as a movie that mattered

Doctor Zhivago Ian Christie, 2015-11-10 The multiple award winning Doctor Zhivago 1965 is one of America's finest films of all time Ian Christie contextualizes the film as an epic Russian love story and a Cold War classic charts its production and reception including the contribution of designer John Box and discusses the unique history of the Bruce Pasternak novel it is based on

Far From Heaven John Gill, 2017-10-07 Todd Haynes's 2002 film Far From Heaven has been hailed as a homage to 1950s Hollywood melodrama although anyone tempted to take the film at face value should be warned that it aims to subvert as much as celebrate that genre Impeccably constructed with a care for detail unknown in films from the era it sets out to make key themes from the genre romance across racial barriers and class lines and perhaps the period's greatest taboo romance between members of

the same sex utterly explicit when half a century ago those themes had to be encoded in allusion and metaphor Haynes took as his main source Douglas Sirk's 1955 classic *All That Heaven Allows* although *Far From Heaven* also references Rainer Werner Fassbinder's bleak portrayal of inter racial love *Fear Eats the Soul* 1974 In the context of Haynes's background in the New Queer Cinema movement with films such as *Superstar* *Poison* and *Safe* this admixture makes *Far From Heaven* a rather more complex film than just another well dressed period pastiche John Gill provides a revealing insight into how Haynes confronts issues of race sexuality and class in a suburban 1950s American neighbourhood Haynes has been evasive when pressed for a definitive explanation of his film although as Gill contends he has left enough evidence lying around on screen for the keen viewer to pick up on numerous disturbing strands at work beneath the glossy surface of this sumptuously presented weepie While it may affect to pass as a classic of the genre Haynes's ultimate aim Gill contends is to undermine the nature and notion of cinema and storytelling **Sight and Sound** ,2006
