Spiritual Journaling Julie Tallard Johnson, 2006-02-23
A guide for teens and young adults on the power of creative journaling and its role in enhancing self-discovery and self-awareness. Provides encouragement for creative writing, self-expression, and self-dialogue. Includes journaling exercises to inspire creativity and cultivate self-esteem. By the author of *Teen Psychic* and *The Thundering Years*, winner of the 2002 Independent Publisher Book Award for multicultural juvenile nonfiction. Most teens and young adults search for ways to express their individuality and to discover who they are without being judged. In *Spiritual Journaling*, Julie Tallard Johnson shows that journaling is an informative and supportive outlet for the joys, frustrations, and questions that arise for those making the transition toward their own independent ideas and lives, and a powerful tool for awakening creative potential. Johnson encourages young people to discover their own unique voices by offering guidance on writing and other forms of self-expression and self-dialogue, and on learning how to listen to inner wisdom. As readers move through the book and write in their own personal journals, they gain insight about themselves, knowledge reflected in their own words, and the writing of other young people included in the book. The journaling tools provided include meditations, consulting oracles, writing poetry, visualizations, writing rituals, and problem solving around spiritual questions.

Wheel of Initiation Julie Tallard Johnson, 2010-07-12
A guide to personal spiritual initiation through the transformation of habitual patterns, apathy, and resistance. Based on the Native American medicine wheel, the Vedic wheel, and the universal initiatory mandala. Enables readers from any tradition to initiate themselves through practices of thought transformation, narrative,

medicine meditation exercises rituals and journaling Facilitates breaking through personal and societal illusions that perpetuate resistance and apathy Intentions and spiritual principles meditation and contemplation ritual and risk taking are the conditions that comprise an initiated life Regrettably in modern society we do not have rites of initiation that break through the personal and societal illusions that instill and perpetuate negative habits that keep us in states of resistance Lacking initiation practices we often remain trapped in ways of being in the world that were formed by our past conditions and attachments We tend to identify too strongly with the status quo which must be challenged to prevent stagnation and to encourage happiness and authenticity Julie Tallard Johnson shows how to become initiated into an authentic life through practices of thought transformation cultivating attention journaling storytelling and rituals found in the four directions of the universal mandala She begins the Wheel of Initiation in the South where initiates set their intentions then moves into the West where they free themselves from habitual patterns and core beliefs then into the North the direction of cultivating attention and unity and finishes in the East the direction of regeneration and initiation Drawing upon the life experiences of those who have successfully navigated the wheel Johnson demonstrates that once fears assumptions and ingrained beliefs are confronted and transformed initiates emerge ready to reenter society with renewed energy and vision that will enrich their own lives and their communities
