Hinton,2012-04-10 This book the first scholarly consideration of Weill s complete output of stage works is without doubt the most important critical study of the composer s oeuvre to date in any language Hinton s scholarship is superior and his insights original and illuminating The product of several decades of engagement with Weill s works their sources and reception as well as the secondary literature the book is a stunning achievement Brilliantly conceived and executed it will take its place as one of the cornerstones of Weill studies Kim H Kowalke University of Rochester and President Kurt Weill Foundation for Music In Weill s Musical Theater Stages of Reform Stephen Hinton reminds us that Kurt Weill was always a revolutionary The composer s insistent dedication to a provocative constantly evolving lyric theater that spoke directly to audiences meant that Weill remained as controversial as he was popular The celebrity that endeared him to Broadway made him anathema in Berlin Some sixty years after Weill s death Hinton is finally able to demonstrate the consistent brilliance theatrical power and coherence of a composer who revolutionized every genre he touched or used and whose collaborators read as a who s who of twentieth century theater David Savran author of Highbrow Lowdown Theater Jazz and the Making of the New Middle Class Stephen Hinton presents us with an image of Weill that is at once monumental yet still alive A truly Protean figure Weill is not an easy man to grasp in his totality Brecht once wrote that a man thrown into water will have to develop webbed feet and as a refugee from Nazi Germany Weill had to become a cultural amphibian But in Weill s Musical Theater we see the composer from every angle through the gaze of countless critics and reviewers through Weill s own eyes and finally through the filter of Hinton s judicious focused prose This account will stand Daniel Albright author of Untwisting the Serpent Modernism in Music Literature and Other Arts

From Here to Ascension Joyce Strahn,2015-06-10 Extra energies from heaven have been directed to planet Earth to help her and her people move into the fifth dimension We are being watched over by trillions of ships because this is the only time a planet has been allowed to ascend with her people on her Without the help of those extraterrestrials we would have never made it through the 1990s I have known for years that I cannot get off this planet until I have written this book It is a book for people who have asked the questions How did this beloved country of ours get into a mess like this and What can I do to help The answer lies in Hooponopono the ancient Hawaiian Lemurian response of love compassion forgiveness and gratitude Alaric Thorne and the Soulforge Amulet Daniel Todd-Norris,2024-11-15 Dragons may be extinct but the evil they fought isn't and it's stirring once more This is what the young scholar Alaric Thorne knows as he combs the Library of Alexandria for a glimmer of hope in the looming conflict He learns that although the dragons may be gone that doesn't mean they're truly lost forever Some part of them remains in the ruins of the city they died to protect buried and bound to a long lost artifact the Soulforge Amulet When Alaric sets out to uncover this powerful artifact he'll find that even benevolent power comes at a cost To claim it he must merge his body his mind and his very soul with what remains in the amulet He must become something more leaving his humanity behind to serve as a beacon of hope in this darkest hour Emerging from those ancient ruins Alaric has all the power he needs to protect his world from the coming darkness Yet will he be able to bear the cost of his power and the struggle of the coming trials If his newfound allies and friends prove true and trustworthy they may just be able to carry each other through and save not only their world but also each other **Squarespace from Signup to Launch** Kelsey Gilbert Kreiling,Mallory Ulaszek,2023-07-31 Uncover expert insights practical tools and a library of resources including everything you need to build design focused websites with rich user experience from signup to launch Purchase of the print or Kindle book includes a free PDF eBook Key Features Discover professional insights as you get hands on with designing a custom website on Squarespace 7.1 and Fluid Engine Launch a website on your domain with features like commerce member areas blogging and scheduling Grow your audience with a mobile optimized website you can own edit and update Book Description You may have heard about Squarespace and even started a trial site but launching it can be a real challenge for new users While the basic features look simple enough shaping Squarespace to fit your business needs requires expert help That's where author and Squarespace expert Kelsey Gilbert Kreiling can help Squarespace from Signup to Launch is a comprehensive resource for customizing the most design focused and user friendly website builder in the no code world Enriched with insights and resources from Squarespace experts such as Christy Price Will Myers David Iskander Kristine Neil Kathryn Joachim Beatriz Caraballo Justin Mabee Shelly Morse and more this book goes beyond a technical
