Dream It First Jacqueline R. Robertson, 2012-03 This inspiring book is not just another how to book that you will find in the psychology finance business or self help aisles of your local book store nor will it be placed solely on the philosophy or spiritual shelves However the compelling messages in this fascinating book can easily be found in any of these venues The universal messages throughout this groundbreaking book are centered on the mysterious theory of the 80/20 law which approximately 80 percent or more of today's population isn't familiar with In today's society there is an esoteric 20 percent group of successful dreamers and thinkers who understand the workings of this positive spiritual law and use it to manage their personal problems achieving their dreams and goals by using only their own resources You can now step away from the trivial many and become a part of the vital few who have it all You will find the answers you seek in Dream It First The 80/20 Law to Manifestation of Dreams and Goals So dreamers let's get started About the Author Jacqueline R Robertson is a motivational and business speaker who writes from Highland California She is an entrepreneur licensed real estate
