channels such figures as Moses Solomon Muhammad Merlin Nostradamus Swedenborg and Edgar Cayce He discusses the sorts of people who are channels kinds of information channeled sources of information channeled and varieties of channeling like clairvoyance and automatic writing According to Klimo few people tap into their abilities to perform channeling and for those who think they can he serves as guide *Acorns: Windows High-Tide Foghat* Joshua Morris,2013-01-23 Acorns delineates the future of humanity as a reunification of intellect with the Deep Self Having chosen to focus upon ego established securely by the time of Christ much more beta brain wave development will destroy our species and others which process has already begun We create our own realities through beliefs intents and desires and we were in and out of probabilities constantly Feelings follow beliefs not the other way around *Living Magically* Gill Edwards,2012-03-29 Living Magically is a book that has changed countless lives In this lively and inspiring guide to the tools and techniques of metaphysics Gill Edwards outlines a spiritually based psychology for the times that we live in Taking a practical self help approach Living Magically will help you to Rediscover your inner wisdom Break through your fears blockages and limitations Let go of the past and reach for the future Grow through love and joy rather than pain and struggle Heal your inner child Listen to the whispers from your Higher Self Make your dreams come true [Stepping Into The Magic](#) Gill Edwards,2012-03-29 Developing the ideas contained in her first book LIVING MAGICALLY Gill Edwards presents a new approach to everyday life which questions our old assumptions and introduces a new vision of reality STEPPING INTO THE MAGIC is about having a foot in both worlds walking with the right foot in the practical reality of everyday life while using the left to tread the world of the shaman mystic visionary map maker and co creator Learn how to Create success in your life Grow through joy rather than struggle Harmonise your three inner selves Develop your psychic skills Fulfil your true potential By blending the two worlds into one we begin to heal the age old divisions between spirit and matter earth and heaven masculine and feminine individuality and oneness **21st Century Practical Spiritual Metaphysic Guide Book for Atheist S and Agnostics** Joel Gonzalez,2011-03-01 This is a guide book for the individual who has always shied away from all occult subjects such as religion magic astrology metaphysics spiritual anything and for the beginner into all of these subjects who wished to expedite his her learning with the latest up to date information It offers leads for the beginner interested in understanding the merger between science and the occult spiritual subjects and a reference of where to get started in the search for the ultimate truth This book also provides references of where to find up to date information based on scientific evidence of what is going on with our planet earth and what to expect in the coming years leading to December 21 2012 This book provides scientific and practical ways of understanding the universe TOOLS to help YOU LIVE life TO ITS FULLEST and with EXCELLENT HEALTH *Advancing in Enlightenment* Gail M. Knox,2017-09-11 Advancing in Enlightenment contains forty four years of metaphysical study of the most profound channeled teachings from five of America s teachers with the highest integrity With seven simple chapters this book combines the wisdom of the ages to

master the physical reality that surrounds you to personally improve your life Spiritual knowledge allows one to manifest the life of one's dreams in balance with inner peace while projecting that peaceful state out to the rest of world The Qualia Revolution Peter Wilberg, 2004-04 The most fundamental scientific fact is not the existence of the physical universe but our awareness of that universe Not even the most advanced physics physiology or psychology however can explain even the most elementary qualities of our sensory awareness of that universe qualities such as redness for example Qualia used to be defined as sensory qualities such as colour and tone But what if awareness is not an empty receptacle for sensory impressions but has its own intrinsic sensual qualities of the sort we experience as the inwardly sensed shape and substantiality of our bodies the sensed lightness or darkness colour or tone of our moods or a sensed feeling of warmth or coolness closeness or distance to another human being What if such sensual qualities of awareness are intrinsically meaningful being the felt essence of meaning or sense is not energetic quanta but qualia in this sense sensed and sensual qualities of awareness that are the basic stuff of which the universe is composed It argues that qualia are not simply qualities of our own human awareness but fundamental units of awareness Atoms molecules and cells are recognised as the physical form taken by field patterns of atomic molecular and cellular awareness composed of such units The soul is understood as an ever changing gestalt of such units each of which possess characteristics of both unit and field particle and wave allowing the soul qualities of our own awareness to mix and merge with those of all other beings **It's About You!** Chris

Johnson, 2013-06-28 It's About You Know Your Self is the first of a trilogy that integrates some of the most profound teachings from science metaphysics psychology philosophy and spirituality into a set of experiential workbooks The primary aim of the trilogy is to awaken the reader to their own personal intent and in so doing clarify the purpose of their life Such knowledge equips us with the means to better manage those key areas within our lives health relationships occupation and abundance and begin living a more joyful existence **The Outline of Parapsychology** Jesse Hong Xiong, 2009-11-09 This is a work of systematic parapsychology The book aims to construct a framework and system of parapsychology taking a comprehensive approach to the field The Outline of Parapsychology states that parapsychology has a different philosophical background from the existing science and religions and posits that pantheism could be the theoretical basis of parapsychology The book also integrates parapsychology with oriental philosophies and New Age movement thought

**Dreams, Evolution, and Value Fulfillment, Vol 1** Jane Roberts, 2011-07-08 From the Bestselling Author of Seth Speaks and The Nature of Personal Reality In this first volume of Dreams Evolution and Value Fulfillment Seth takes us on an odyssey to identify the origins of our universe and our species He asserts that consciousness units form the basis of all energy and matter and charts a conscious self aware universe that is constantly recreated by our own thoughts dreams and desires Illuminating the part that humans play in the greater scheme of things he suggests that we are alive not only for the continuation of the species but to add to the very quality of life itself Other fascinating topics include The role dreams play in

the creation of language and technology The relationship between genetic heritage and reincarnation How creativity provides a link with the source of all existence The true power of the imagination and the importance of broadening its scope A discussion of value fulfillment or the yearning to enhance the quality of life as a fundamental desire in all life forms Stimulating and provocative this long awaited book answers crucial questions about the entire significance of Seth's system of thought When I speak of the dream world I am not referring to some imaginary realm but to the kind of world of ideas of thoughts of mental actions out of which all form as you think of it emerges In actuality this is an inner universe rather than an inner world Your physical reality is but one materialization of that inner organization Jane Roberts Speaking for Seth

fundamentalist religion The book has three parts The first describes the spiritual abuse of his childhood due to stifling rules and restrictions inflicted by his parents caught up in their church's teachings on his thought processes and behavior The remarkably poignant stories show in painful detail how his self esteem was crushed how he was never intended to think for himself and how he was made to feel different and totally out of place in the world all by loving but misguided parents During his school days his social life was severely stunted because he felt like an outsider everywhere but in church The second part discusses his lifelong struggle with spiritual healing and his transition from a spoon fed belief system to a personally chosen worldview He thoughtfully muses about all the significant elements of religious spiritual belief systems God Jesus the Bible sin morality science life after death marriage divorce and others and contrasts his evolving beliefs with those of organized religion This is presented to give the reader a comprehensive illustration of how one particular seeker has constructed a personalized belief system through continual rethinking and updated understanding The third part calls on the author's advanced education and professional experience in business and government in analyzing and developing systems and procedures It describes with a wealth of tips and checklists the process by which he escaped a toxic ideology and came to feel intellectually free and off the hook It ends with heartfelt encouragement for anyone similarly affected by repression to accept all available helpful resources and muster the determination to claim their personal power
