Understanding Dhimmitude:

Understanding Dhimmitude Bat Ye'or, 2013 UNDERSTANDING DHIMMITUDE brings together for the first time twenty one talks and lectures in which Bat Ye'or explains in layman's terms the essential concepts from her studies the fruit of over four decades of groundbreaking research Bat Ye'or's pioneering studies of the Islamic concept of dhimmitude have revolutionized our understanding of Islam's past present and future She remains one of the few analysts in the world with the courage and insight necessary to tell the truth Robert Spencer Jihad Watch Bat Ye'or is the acknowledged expert on the plight of Jews and Christians in Muslim lands and their vigorous champion Sir Martin Gilbert Bat Ye'or's scholarship is highly impressive and her analysis is as persuasive as it is terrifying It is imperative that these issues are openly discussed There are however alarming signs of attempts in the West to shut down such discussion on spurious grounds of prejudice This is of course itself a prime example of the condition of dhimmitude which Bat Ye'or so graphically describes Melanie Phillips Jewish Chronicle It is not surprising that Bat Ye'or's study of jihad and dhimmitude has been stimulating substantial and disturbing discussion in academic and ecumenical circles Perhaps the single most significant contribution of the author is her definition and development of the concept of dhimmitude Bat Ye'or's books on dhimmitude and jihad have an essential place in the ecumenical world ignoring them will only perpetuate illusion James E Biechler Journal of Ecumenical Studies Bat Ye'or has enriched our understanding of how Islamic societies are structured by defining the concept of dhimmitude Her contribution to Islam critique can't be underestimated Yes she and her late husband the human rights activist and historian David Littman are the king and queen of the genre Professor Johannes J G Jansen *The Claim to Christianity* Hannah Strømmen, Ulrich Schmiedel, 2020-06-30 The far right is on the rise across Europe pushing a battle scenario in which Islam clashes with Christianity as much as Christianity clashes with Islam From the margins to the mainstream far right protesters and far right politicians call for the defence of Europe's Christian culture The far right claims Christianity This book investigates contemporary far right claims to Christianity Ulrich Schmiedel and Hannah Strømmen examine the theologies that emerge in the far right across Europe concentrating on Norway Germany and Great Britain They explore how churches in these three countries have been complicit complacent or critical of the far right sometimes intentionally and sometimes unintentionally Ultimately Schmiedel and Strømmen encourage a creative and collaborative theological response To counter the far right Christianity needs to be practiced in an open and open ended way which calls Christians into contact with Muslims **Islam and Dhimmitude** Bat Ye'or, 2002 Dhimmitude is thus discussed from the perspective of Muslim theory and also in regard to divergent Christian attitudes to Jews and Zionism BOOK JACKET **The Bibles of the Far Right** Hannah M. Strømmen, 2024 The Bibles of the Far Right is about a far right worldview that has taken hold in contemporary Europe It focuses on the role Bibles have come to play in this worldview Starting with the case of far right terrorism in Norway in 2011 the study argues that particular perceptions of the Bible and particular uses of biblical texts have been significant in calls to

protect Europe against Islam This study proposes new ways to understand political Bible use today in order to respond to violence inspired by biblical texts **The Nordic Bible** Marianne Bjelland Kartzow, Kasper Bro Larsen, Outi

Lehtipuu, 2023-09-05 The volume offers a new critical reflection on the use of the Bible in contemporary cultural and political debates in the Nordic countries In Nordic Lutheran societies the Bible has been perceived as a basis of religion and social cohesion Whereas such religious and confessional factors are well researched vis vis the historical genesis of the Nordic welfare states the focus here is on public use of the Bible in debates of today *Keeping the Faith in Exile: Kuwait-Coptic Orthodox Diasporic Spirituality* Benjamin Daniel Crace, 2023-11-13 Few churches today can trace their lineage as far back as the Copts Their ancient traditions and rituals go back as far as the very beginnings of Christianity For centuries they have withstood many trials and martyrdoms But in the twentieth century many Copts left their homeland and scattered all over the Earth seeking prosperity and security Many went to the West but many others went to the heart of the Islamic world the Arabian Gulf They took their faith with them into this new and challenging environment In this context hybrid forms of spirituality emerged anchored in the ancient practices but sharpened by contact with globalisation This migrant spirituality characterises their stories and touches the heart of what it means to be a Christian sojourner today **The Church, The**

Far Right, and The Claim to Christianity Helen Paynter, 2024-08-30 In recent years far right organisations have invaded mosques across the UK with army issued Bibles declaring their actions a Christian crusade Others have paraded large crosses through Muslim majority areas and invaded migrant hotels harassing residents in their so called crusade Far right appeals to clean up society and restore Christian Britain can be quite attractive to some Christians However what they may fail to appreciate is that this rhetoric may be cynically employed by those whose allegiance and values are quite contrary to Christian ones Despite all this the response from official church sources in the UK has been notably subdued and resources to help churches address hate crimes or racial tensions are scarce This book aims to fill that void Bringing together insights from theologians church practitioners and leading experts this volume examines the church s response to the rise of far right thinking in UK society and explores how it can respond more effectively With a foreword by David Gushee this book offers critical and constructive perspectives for the church to confront these challenges **The Ultimate Guide to**

Understanding Terrorism and Counterterrorism Dr. Jeffrey C. Fox, 2021-07-14 This book is for anyone who is interested in learning about terrorism in all its forms For over four decades I have studied terrorism trained to deal with it dealt with it and taught it as an academic discipline Over these decades I have seen an already complicated topic become even more difficult to understand The field of study has grown as the world has gotten smaller Ask anyone what terrorism is and you will get a myriad of answers Even in academia the topic has become more convoluted As with crime there are many theories espoused as to why one commits terrorism and why terrorism exists It appears to me that many academics researchers policymakers authors and journalists in general view this topic with a tainted lens based on their own world view Some act as

apologists for terrorists while often doing so in a subtle manner Some try to expand the definition and concept well beyond the scope that it should be found I have students who do this all the time We seem to be living in an emotion driven society instead of a fact driven one A relatively new trend is to use the word extremist as a synonym for terrorist There are several problems with this First this creates a net widening effect which lumps those who we disagree with in that net Second who gets to decide who or what is extreme Third and finally it waters down and muddies the study of terrorism This does not mean that an extremist might not become a terrorist Having pointed out the minefield terrorism can be my goal is to offer an academically sound real world fact based explanation on terrorism Terrorism can be a politically charged topic I ask that as you read this book you check what is written digest it and make your own decisions on what you have read It is highly likely some of your thinking will be challenged When I began to teach homeland security which includes terrorism I made a promise to myself that I would never be politically correct Political correctness is what some terrorists rely on and is one of our worse habits We will cover several overarching themes We will look at what terrorism is and is not We will explore the historical roots of terrorism We will discuss the causes of terrorism as well as terrorist typologies Next we will examine domestic terrorism and international and ethnic terrorism Then we will dive into religion and terrorism and spend time looking at Islamic terrorism and Jihad We will examine asymmetric warfare including terrorists tactics and weapons of choice We will discuss terrorist financing and explore counterterrorism

Religious Violence, Political Ends Marco

Demichelis, 2018-11-01 Politisch begründete religiöse Gewalt war und ist seit der Antike eine gängige Praxis Die Gräueltaten des Römischen Reiches gegen frühchristliche Gemeinschaften wurden schnell durch nicht minder aggressive Handlungen gegen nicht christliche Gläubigen ersetzt denen abscheuliche und polytheistische Praktiken vorgeworfen wurden Mit dem Aufkommen der Moderne hat die Homogenisierung der religiösen Sphäre für politisch-konominische Zwecke die Vernichtung jeder Form von Heterogenität und die Ausbreitung des Protestantismus des Calvinismus und des Anglikanismus eine Umstrukturierung und Konzeptualisierung der westeuropäischen Staaten bewirkt ganz nach der Devise ein Königreich mit einer Religion und einer Nation Das Ende der Religionskriege 1648 die Westfälische Souveränität und der *cuius regio eius religio* hatten Einfluss auf die Bildung des modernen Europa und anderer Regionen der französisch-britische Kolonialismus zwang dabei dem gesamten Nahen Osten und der islamischen Welt das gleiche System auf Der vorliegende Band widmet sich der Untersuchung von interreligiöser Gewalt religiösem Sektierertum und Islamophobie auf theoretischer Basis verbunden mit dem Kampf der Kulturen und dem religiösen Nationalismus als Ausdruck politischer Ziele mit denen die Erhaltung der Fragmentierung und der kriegesischen Auseinandersetzungen im Osten sowie das Schüren von Ängsten und Vorurteilen im Westen verfolgt werden Religious violence due to political reasons has been a common practice since ancient times The massacres of early Christian communities carried out by the Roman Empire were rapidly replaced by equally harsh measures against non-Christian believers being accused of abominable and polytheistic practises The advent of the modern

age the homogenization of the religious sphere for political economic ends the annihilation of any kind of heresy and the emergence of Protestantism Calvinism and Anglicanism restructured the conceptualization of the Western European States emphasizing the adage one kingdom with one religion and one nation The end of the religious wars 1648 the Westphalian sovereignty and the cuius regio eius religio had an impact on the formation of Europe and other regions the Franco British colonialism imposed the same system on the entire Middle Eastern and Islamic World This volume thoroughly examines the usage of inter religious violence religious sectarianism and Islamophobia on a theoretical basis linked with Clashes of Civilizations and Religious Nationalism and describes them as manifestations of precise political ends aiming to preserve fragmentation and warlike states in the East as well as fear and prejudices in the West **The Western Christian**

Presence in the Russias and Qājār Persia, c.1760-c.1870 Thomas O'Flynn, 2017-08-28 Winner of The 2018 Saidi Sirjani Book Award In *The Western Christian Presence in the Russias and Qājār Persia, c.1760-c.1870* Thomas O'Flynn vividly paints the life and times of missionary enterprises in early nineteenth century Russia and Persia at a moment of immense change when Tsarist Russia embarked on an expansionist campaign reaching to the Caucasus Simultaneously he charts the relationship between the new Persian dynasty of the Qājārs and missionary activity on the part of European and American missionaries This book reconstructs that world from a predominantly religious perspective It recounts the sustaining ideals as well as the everyday struggles of the western missionaries Protestant Scottish Basel and American Congregationalist and Catholic Jesuit and Vincentian It looks at the reactions of diverse tribal peoples the Tatars of the North Caucasus the Kabardians and Circassians Persia was the ultimate goal of these missionaries which they eventually reached in the 1820s Altogether this study throws light on the troubled course of history in West Asia and provides the background to politico religious conflicts in Chechnya and Persia that persist to the present day
