Undone A Story Of Making Peace With An Unexpected Life:

Undone Michele Cushatt, 2015-03-10 Become empowered to face your own messy complicated life with fresh courage and bravery Undone is author Michele Cushatt's quest to make peace with a complicated life It is an honest confession of a diagnosis of cancer and the joys and disappointments of motherhood and marriage ripe with regret over what is and yet still hopeful for what could be With enough humor to ease the rawness of the story Undone takes you on a roller coaster two year journey through the unexpectedness of life A look back makes Michele long for a do over the chance to make fewer mistakes and leave less of a mess to clean up A look forward makes Michele wonder if all her attempts to control life have robbed her of the vibrancy of it And in the middle of this internal chaos she finds her once pristine house filled with the sights and sounds of three small uncontrollable children who just want to be loved In the end Undone turns complication into a beautiful canvas angst into joy and the unknown into an adventure revealing that sometimes life's most colorful and courageous stories are written right in the middle of the mess
