University Johannesburg Student Guide 2015

Throne, Robin

University Johannesburg Student Guide 2015:

The Business Student's Guide to Sustainable Management Petra Molthan-Hill, 2017-11-09 The Business Student's Guide to Sustainable Management has become a core textbook for business undergraduates. With a full introduction to sustainable management, the textbook covers all subject areas relevant to business students. This second edition features fully updated chapters on how to integrate the Sustainable Development Goals into accounting, marketing, HR, and other subjects in management and business studies. Furthermore, this second edition offers brand new chapters on how to teach the Principles for Responsible Management Education (PRME) in any business discipline, how to explore new business models designed to support sustainable development, and how to crowdsource for sustainable solutions. The book contains over 40 ready-made seminars and short workshops which enable teachers and students to integrate the Sustainable Development Goals (SDGs) into every discipline in business, including economics, operations, marketing, HR, and financial reporting. Each chapter follows the same easy-to-use format. The Business Student's Guide to Sustainable Management provides a true treasure chest of materials to support staff wanting to integrate sustainability into their teaching and provides support to effectively embed sustainability in the curriculum. The chapters also offer a starting point in developing teaching units for Masters and MBA students. The material is not just useful to people in business schools but to those involved in wider scale curriculum change and those looking to make links between different disciplines, for example, how to teach system thinking, corporate peace making, and the crowdsourcing of sustainable solutions. Online Teaching Notes to accompany each chapter are available on request with the purchase of the book. [Once and Future Antiquities in Science Fiction and Fantasy](#) Brett M.

Rogers, Benjamin Eldon Stevens, 2018-12-27 In 15 all-new essays, this volume explores how science fiction and fantasy draw on materials from ancient Greece and Rome, displacing them from their original settings in time and space in points of origins and genre, and encouraging readers to consider similar displacements in the modern world. Modern examples from a wide range of media and genres, including Philip Pullman's *His Dark Materials* and the novels of Helen Oyeyemi, the *Rocky Horror* Picture Show, and Hayao Miyazaki's *Spirited Away*, and the role-playing games *Dungeons and Dragons* and *Warhammer 40K*, are brought alongside episodes from ancient myth, important moments from history, and more. All together, these multifaceted studies add to our understanding of how science fiction and fantasy form important areas of classical reception, not only transmitting but also transmuting images of antiquity. The volume concludes with an inspiring personal reflection from the New York Times bestselling author of speculative fiction, Catherynne M. Valente, offering her perspective on the limitless potential of the classical world to resonate with experience today. **The Bloomsbury Handbook of Student Voice in Higher Education** Jerusha Conner, Rille Raaper, Carolina Guzmán-Valenzuela, Launa Gauthier, 2023-11-30 This handbook brings together scholarship from various subfields, disciplinary traditions, and geographic and geopolitical contexts to understand how student voice is operating in different higher education dimensions and contexts around the world. The

handbook helps not only to map the range of student voice practices in college and university settings but also to identify the common core elements enabling conditions constraints and outcomes associated with student voice work in higher education It offers a broad understanding of the methodologies current debates history and future of the field identifying avenues for future research Handbook of Research on Student-Centered Strategies in Online Adult Learning Environments Fitzgerald, Carlton J.,Laurian-Fitzgerald, Simona,Popa, Carmen,2018-06-08 As traditional classroom settings are transitioning to online environments teachers now face the challenge of using this medium to promote effective learning strategies especially when teaching older age groups Because adult learners bring a different set of understandings and skills to education than younger students such as more job and life experiences the one size fits all approach to teaching does not work thus pushing educators to create a student centered approach for each learner The Handbook of Research on Student Centered Strategies in Online Adult Learning Environments is an important resource providing readers with multiple perspectives to approach issues often associated with adult learners in an online environment This publication highlights current research on topics including but not limited to online competency based education nontraditional adult learners virtual classrooms in public universities and teacher training for online education This book is a vital reference for online trainers adult educators university administrators researchers and other academic professionals looking for emerging information on utilizing online classrooms and environments in student centered adult education *Inclusive Teaching in South Africa* Tsedisio Michael Makoelle,2016-08-31 Inclusive education presupposes an all inclusive approach where all learners are taught in regular classrooms regardless of background disability or social context While there has been much debate indications are that inclusive education has been gaining momentum The book is divided into six coherent sections that address the how of inclusive education both inside and outside of the classroom ECCWS2015-Proceedings of the 14th European Conference on Cyber Warfare and Security 2015 Dr Nasser Abouzakhar,2015-07-01 Complete proceedings of the 14th European Conference on Cyber Warfare and Security Hatfield UK Published by Academic Conferences and Publishing International Limited Issues Around Aligning Theory, Research and Practice in Social Work Education Allucia L. Shokane,Jabulani C. Makhubele,Lisa V. Blitz,2018-12-01 Issues Around Aligning Theory Research and Practice in Social Work Education provides a reflection on social work education with a slant towards an Afrocentric approach aiming to facilitate strong reflective thinking and to address local realities about social work education on the African continent as well as in broader global contexts This volume focuses on issues around aligning theory research and practice in social work education A significant contribution is made here to the scholarly understanding of opportunities to sustain the academic discourse on social work education Social work as a profession and a social science discipline is dynamic and it ought to meet the challenges of the realities of the societies in which it serves given the history of the changing society of South Africa from apartheid to democracy Over the years social work education and training has undergone tremendous curricular changes
