The Ten Thousand Things A Novel:

The Ten Thousand Things Maria Dermout, 2014-11-25 Set between Holland and a remote Indonesian island this intimate magical realism novel offers an offbeat narrative that has the timeless tone of a legend Time Dermout's sentences came at me like a soft knowing dagger depicting a far off land that felt to me like the blood of all the places I used to love Cheryl Strayed author of *Wild* The Ten Thousand Things is at once novel of shimmering strangeness and familiarity It is the story of Felicia who returns with her baby son from Holland to the Spice Islands of Indonesia to the house and garden that were her birthplace over which her powerful grandmother still presides There Felicia finds herself wedded to an uncanny and dangerous world full of mystery and violence where objects tell tales the dead come and go and the past is as potent as the present First published in Holland in 1955 Maria Dermout's novel was immediately recognized as a magical work like nothing else Dutch or European literature had seen before The Ten Thousand Things is an entranced vision of a far off place that is as convincingly real and intimate as it is exotic a book that is at once a lament and an ecstatic ode to nature and life **The Ten Thousand Things** Maria Dermout, 1967 *The Ten Thousand Things (Winner of the Walter Scott Prize for Historical Fiction)* John Spurling, 2014-04-24 Winner of the Walter Scott Prize for Historical Fiction 2015 The Ten Thousand Things takes us on a journey across fated meetings grand battles and riveting drama In the turbulent final years of the Yuan Dynasty Wang Meng is a low level bureaucrat employed by the government of Mongol conquerors established by the Kublai Khan Though he wonders about his own complicity with this regime he prefers not to dwell on his official duties choosing instead to live the life of the mind Wang is an extraordinarily gifted artist and his paintings are at once delicate and confident in them one can see the wind blowing through the trees the water rushing through rocky valleys the infinite expanse of China's natural beauty But this is not a time for sitting still as Wang must soon travel through an empire in turmoil In his wanderings he encounters master painters a fierce female warrior known as the White Tigress who will recruit him as a military strategist and an ugly young Buddhist monk who rises from beggary to extraordinary heights The Ten Thousand Things seamlessly fuses the epic and the intimate with the precision and depth that the real life Wang Meng brought to his painting PRAISE FOR THE TEN THOUSAND THINGS It has the sort of sensual prose that makes the reader purr with delight and is surely destined to be one of the books of the year The Daily Mail Spurling has mastered many aspects of Chinese history and legend Times Literary Supplement Told by Wang from the cell into which he has been thrust in his old age the story of his career becomes an intelligent graceful meditation on the difficulties of reconciling spiritual life with the material world The Sunday Times I've never read anything like it great feats of scholarship and imagination have gone into making these people so distant from us in space and time Literary Review This intricately wrought study of medieval Chinese scholar artists is wonderfully well imagined The Spectator It is ostensibly a historical novel but Spurling has in fact written a love letter to Chinese art New Statesman This is a remarkable novel that deserves to be read slowly and savoured as one would a stunning
