The Terminator Bfi Modern Classics:

The "Terminator" Sean French, 1996-09 Heavily illustrated and immensely readable this book is the lead title in the BFI Modern Classics series It examines the reputation of James Cameron's violent vision of America and its role in launching the career of Arnold Schwarzenegger Queering The Terminator David Greven, 2017-06-15 The Terminator film series is an unlikely site of queer affiliation The entire premise revolves around both heterosexual intercourse and the woman's pregnancy and giving birth It is precisely the Terminator's indifference to both that signifies it as an unimaginably inhuman monstrosity Indeed the films overarching contention that humanity must be saved rooted as it is in a particular story about pregnancy and birth that exclusively focuses on the heterosexual couple and the family would appear to put it at odds with the political stances of contemporary queer theory Yet as this book argues there is considerable queer interest in the Terminator mythos The films provide a framework for interpreting shifting gender codes and the emergence of queer sexuality over the period of three decades Significantly the series emerges in the Reagan 80s which marked a decisive break with the sexual fluidity of the 70s As a franchise and on the individual basis of each film The Terminator series combines both radical and reactionary elements Each film reflects the struggles over gender and sexuality specific to its release At the same time the series foregrounds the intersection of technology and gender that has become a definitive aspect of contemporary experience A narrative organized around a conservative view of female sexuality and the family the Terminator myth is nevertheless a richly suggestive narrative for queer theory and gender studies **If You Like The Terminator...** Scott Von Doviak, 2012-05-01 If You Like The Terminator began life as a low budget B movie seemingly destined for a short run at malls and drive ins before blossoming into a billion dollar franchise that launched the careers of director James Cameron and star Arnold Schwarzenegger The original 1984 film not only spawned three sequels a weekly television series and countless novels comic books and videogames it also redefined the science fiction genre with its blend of high tech and film noir Here is the first book to explore the spectacular array of films television shows and other works that helped inspire The Terminator as well as those that have drawn inspiration from it If You Like The Terminator delves into the history of science fiction cinema from its earliest days to the golden age of the 1950s and beyond encountering killer robots time travelers and postapocalyptic wastelands along the way This turbo charged journey through time also reviews the improbable career of Arnold Schwarzenegger revisits the action heroes of the 1980s and reevaluates the films of James Cameron before touching down in the computer dominated realm of today's science fiction cinema and projecting the future of the Terminator franchise From Metropolis to The Matrix from Frankenstein to RoboCop from H G Wells and Harlan Ellison to Roger Corman and Roland Emmerich you'll find them all here in If You Like The Terminator **Modern Sci-Fi Films FAQ** Tom DeMichael, 2014-09-01 Many science fiction movies from the last 40 years have blazed new vistas for viewers They've reached further into the future traveled longer into the past soared deeper into the vastness of the cosmos and probed more

intently inside man's consciousness than any other period of film before And audiences ate them up taking four of the top ten spots in all time ticket sales in America while earning more than 2 billion at the box office Modern Sci Fi Films FAQ takes a look at the genre's movies from the last 40 years where the dreams of yesterday and today may become tomorrow's realities This FAQ travels to a long time ago in a galaxy far far away visits a theme park where DNA created dinosaurs roam watches as aliens come to Earth hunting humans for sport and much much more Filled with biographies synopses production stories and images and illustrations many seldom seen in print the book focuses on films that give audiences two hours where they can forget about their troubles sit back crunch some popcorn and visit worlds never before seen worlds of robots time travel aliens space exploration and other far out ideas **Fifty Contemporary Film Directors** Yvonne Tasker, 2010-10-04 This book provides an accessible overview of each director's contribution to cinema incorporating a discussion of their career major works and impact *Cyborg Cinema and Contemporary Subjectivity* S. Short, 2004-11-10 This book breaks new ground in providing an in depth critical assessment of cyborg cinema arguing that it remains one of the most intriguing and provocative cycles to have emerged in contemporary screen culture Tracing the cinematic cyborg's transition over the last two decades and evaluating the theoretical significance attributed to this figure it asks what relevance the cyborg continues to have in terms of understanding human identity our relationship to technology and to one another *James Cameron* Dan Jolin, 2025-10-23 Ground breaker Game changer The King of the World Director James Cameron went from cult sci fi rising star to box office dominator at faster than light speed As much a technical innovator as he is a visionary artist Cameron has proven himself the master of his own cinematic destiny His methods have often been controversial but the results are undeniably impactful Taking in his scrappy early days his impressive breakthrough with *The Terminator* his colossal triumph with *Titanic* his real life adventures in planet Earth's most extreme environment and his astonishing world building success with *Avatar* this is a truly essential guide to Cameron's stellar filmography **James Cameron** Alexandra Keller, 2014-05-01 Featuring excerpts from interviews and frame by frame analysis of important scenes from films such as *Terminator* *Aliens* *True Lies* and *Titanic* Alexandra Keller provides the first critical study of James Cameron as an auteur Considering in particular his treatment of gender and preoccupation with capital both in his films and his filmmaking practice Keller offers an overview of Cameron's work and its significance within cinematic history Sections in the book include Chronology Key Debates Key Scenes Sources Resources This is a fascinating insight into the work of one of Hollywood's top directors and will prove invaluable to students of film studies and media studies all over the English speaking world *Reel Power* Matthew Alford, 2010-08-06 Hollywood is often characterised as a stronghold of left liberal ideals In *Reel Power* Matthew Alford shows that it is in fact deeply complicit in serving the interests of the most regressive US corporate and political forces Films like *Transformers* *Terminator Salvation* and *Black Hawk Down* are constructed with Defence Department assistance as explicit cheerleaders for the US military but Matthew Alford also emphasises how so called radical films like *Three Kings* *Hotel*

Rwanda and Avatar present watered down alternative visions of American politics that serve a similar function Reel Power is the first book to examine the internal workings of contemporary Hollywood as a politicised industry as well as scores of films across all genres No matter what the progressive impulses of some celebrities and artists Alford shows how they are part of a system that is hard wired to encourage American global supremacy and frequently the use of state violence **Edging Into the Future** Veronica Hollinger, Joan Gordon, 2002-04 The savvy critical essays in this provocative collection investigate the interface between science fiction and postmodern culture Highly recommended for readers at all levels Choice **Sight and Sound**, 2006 *Different Engines* M. Brake, N. Hook, 2007-11-04 Since its emergence in the seventeenth century science fiction has been a sustained coherent and subversive check on the promises and pitfalls of science In their turn invention and discovery have forced fiction writers to confront the nature and limits of reality *Different Engines* traces the way in which we've imagined the future **The Wings of the Dove** Robin Wood, 2019-07-25 Examines the most successful literary adaption of a clutch of 1990s films based on Henry James *The Wings of the Dove* Ian Softley 1997 The author is interested in the nature of cinema adaptations of classic literature and it is in this context that he has written *Fan Cultures* Matthew Hills, 2003-09-02 Emphasising the contradictions of fandom Matt Hills outlines how media fans have been conceptualised in cultural theory Drawing on case studies of specific fan groups from Elvis impersonators to X-Files and Trekkers Hills discusses a range of approaches to fandom from the Frankfurt School to psychoanalytic readings and asks whether the development of new media creates the possibility of new forms of fandom *Fan Cultures* also explores the notion of fan cults or followings considering how media fans perform the distinctions of cult status **The Science Fiction Film Reader** Gregg Rickman, 2004-07 *Limelight* An illustrated collection of essays by masters such as H G Wells Luis Bunuel Jorge Luis Borges Arthur C Clarke Anthony Burgess Joseph Campbell Pauline Kael George F Will Robin Wood and Susan Sontag
