The Theology Of Surprise Exploring Life's Mysteries:

The Theology of Surprise John L. Epps, 2013-07 John L. Epps has written *The Theology of Surprise* as a collection of essays, articles, and reflections over a lifetime of his own encounters with life's mysteries. Through several decades, he reflects on where mystery has impinged on his life as he sees it, part and parcel of the civilizing process around him. In the Foreword to *The Theology of Surprise Exploring Life's Mysteries*, William A. Holmes, Minister Emeritus of the United Methodist Church in Washington, D.C., Metropolitan Memorial, says: *The Theology of Surprise Exploring Life's Mysteries*. A book of essays on different subjects by the same author can be off-putting if that's all the subjects have in common. What one soon discovers in this book is that for all its diversity of subjects, there is a bright thread running through John Epps' essays which connects them not only to each other but to an all-encompassing theological perspective. Without apology, that perspective is derived from the Judeo-Christian tradition, albeit existentially contemporized for persons living in a 21st Century world. If you are religious because you treasure eternal verities, if you are happy that on solid rock I stand, this book is probably not for you. But if you are humble enough to lay your faith down before the Mystery of Life, if you are unfulfilled by dogmatic certainties calcified in archaic language, you will benefit greatly by Epps' observations about theological surprise. Dr. E. Maynard Moore, WesleyNexus.org. The challenges facing the planet are known to us all. The clash amongst cultures, the persistence of hunger and disease, the apparent poverty of every political system in operation today, the overwhelming complexity of unraveling the damage that we humans have inflicted on our home, this planet, we are in an age of agonizing quandary. Here you will find theology being reinvented for now and the future. The work of this deeply grounded thinker is profoundly respectful of the entire array of religious traditions. Epps is convinced that we can invent a future that cares for all. John Patterson, Abby Gardens Community Trust. Every Sunday I go to church and wonder why I am there. The words, hymns, creeds, and stories I learned with my mother's milk are often more of a hindrance to participation than an inspiration. I think restatement of faith is the challenge of our time for those of us both in and out of the pew. I know John Epps to be uncommonly thoughtful with broad life experience. Louise Singleton, MSPH HIV/AIDS Prevention. [Entertaining the Triune Mystery](#) Jeffrey C. Pugh, 2003-10-01. Drawing on one of Christianity's great mysteries, the life of the Trinity, Jeffrey Pugh seeks to bridge the gap between ancient faith traditions and scientific inquiry in part by celebrating that gap itself as God's essence. Pugh uses the wisdom of Plato, Irenaeus, the Cappadocians, Einstein, and many others to prompt us to think of God's energies within the processes of creation and life as the presence of God's suffering love for the cosmos. God not only nourishes the possibilities of the creation but is fully present in them, both suffering with and extending hope for a world coming to be. **BOOK JACKET** Title Summary field provided by Blackwell North America, Inc. Cochran,2014-06-27 Religious crosses the spheres of both the private life and the public institution In a liberal democracy public and private interests and goals prove to be inseparable Clarke Cochran s interdisciplinary study brings political theory and the sociology of religion together in a fresh interpretation of liberal culture First published in 1990 this analysis begins with a reassessment of the nature of the public and the private in relation to the political The controversy over religion and politics is examined in light of such contested issues of political life as sexuality abortion and the changing nature of the family Clarifying a number of debates central to contemporary society this timely reissue will be of particular value to students with an interest in the relationship between religious society and politics

The Mystery of Life What'S It All About? David E. Peebles,2018-03-15 Have you ever seriously considered the most difficult and puzzling questions presented to our minds during this mortal sojourn through an often difficult and challenging existence Who am I Where did I come from Why am I here Where am I going And perhaps the most important question of all What is my purpose for living In this ultra modern digital world of today many people have become so preoccupied with the daily pursuits of life and the addictive overuse of time consuming technology that many of them rarely pause to seriously consider what life is actually all about In writing The Mystery of Life it has been my hope and my goal to personally challenge each reader to consider many relevant facts and to follow a line of evidence pointing toward a worldview that is often overlooked and too easily marginalized We live in an aggressive technology driven world where the wild pursuit of power prestige possession and pleasure has become the driving influence ruling over many of our lives What does your worldview look like Is there enough evidence to support it beyond reasonable doubt If not then I invite you to consider a vast body of mounting evidence that could lead toward a more accurate discernment of an often confusing existence The view of life that we have each come to know will strongly influence everything we do say and become in this world Based on a remarkable consensus of evidence perhaps we should consider a worldview understanding that will ultimately avail our hearts and minds of the personal fulfillment and satisfaction we have always longed for and often dreamed of We owe it to ourselves to seriously consider where the evidence is leading us Isn't it about time to discover the
