Christianity and Rabbinic Judaism Jonas Alexis, 2013-01-10 Our way must be never knowingly support lies Having understood where the lies begin step back from that gangrenous edge Let us not glue back the flaking scale of the Ideology not gather back its crumbling bones nor patch together its decomposing garb and we will be amazed how swiftly and helplessly the lies will fall away and that which is destined to be naked will be exposed as such to the world Alexander Solzhenitsyn Enlightenment writer Voltaire was amazed that twelve fishermen some of them unlettered from an obscure place in the world called Galilee challenged an empire through self denial and patience and eventually established Christianity He seriously thought that twelve philosophers or intellectuals himself included would do the opposite and crush Christianity Voltaires self appointed cheerleaders such as Diderot Helvetius dHolbach D'Alembert Lametrie and Baron Cloots among others tried to do just that and wrote volumes of work trying to tear down the basis of Christianity and erect an edifice of their own Diderot in particular declared I would sacrifice myself perhaps if I could annihilate forever the notion of God Cloots wrote We shall see the heavenly royalty condemned by the revolutionary tribunal of victorious Reason Lametrie produced *Man A Machine* and an entire French encyclopedia was written between 1751 and 1772 by those philosophers because Christianity to a large degree had to go Voltaire would send letters to his disciples and friends saying *crazez linfme* Rousseau of course was a disciple of Voltaire and declared that Voltaires work inspired me The French Revolution failed Yet like all significant revolutions before and after that period the French Revolution indirectly had a theological root which was then a categorical and metaphysical rejection of Logos That theological substratum has jumped from one era to the next and had and still has historical political economic and spiritual ramifications This book is about the historical and theological struggle of that conflict which had its inception at the foot of the cross

White Balance Justin Gomer,2020-04-17 The racial ideology of colorblindness has a long history In 1963 Martin Luther King famously stated I have a dream that my four little children will one day live in a nation where they will not be judged by the color of their skin but by the content of their character However in the decades after the civil rights movement the ideology of colorblindness co opted the language of the civil rights era in order to reinvent white supremacy fuel the rise of neoliberalism and dismantle the civil rights movement s legal victories without offending political decorum Yet the spread of colorblindness could not merely happen through political speeches newspapers or books The key Justin Gomer contends was film as race conscious language was expelled from public discourse Hollywood provided the visual medium necessary to dramatize an anti civil rights agenda over the course of the 70s 80s and 90s In blockbusters like Dirty Harry Rocky and Dangerous Minds filmmakers capitalized upon the volatile racial social and economic struggles in the decades after the civil rights movement shoring up a powerful bipartisan ideology that would be wielded against race conscious policy the memory of black freedom struggles and core aspects of the liberal state itself

Robinson, 2023-02-14 The editor of Current Affairs artfully and efficiently debunks a series of common right wing arguments Are taxes theft Is abortion murder Does regulation destroy jobs Is white privilege a lie Conservative talking points are everywhere and through well funded media like Fox News Breitbart and YouTube s Prager University the right has an impressive record of packaging its views for a general audience Clearly the left needs to do a better job of fighting back Luckily Current Affairs editor Nathan J Robinson has developed a reputation as a meticulous slayer of irrational and bigoted arguments He has tangled with the likes of Ben Shapiro Jordan Peterson and Charles Murray exposing their flimsy logic and distorted facts with forensic thoroughness and savage wit In *Responding to the Right* Robinson blasts right wing nonsense with devastating intellectual weaponry revealing how everyone from Ann Coulter to the National Review uses fear and lies to manipulate the public He gives a detailed explanation of how conservative arguments work and why we need to resist them then goes through twenty five separate talking points showing precisely why each one fails This essential handbook is a stimulating source of issues to debate and a comprehensive challenge to dozens of dominant orthodoxies It sets a new standard for leftist critique and would be an invaluable addition to the arsenals of the millions of progressives fighting the political battles of our age

Christianity and Rabbinic Judaism Jonas E. Alexis, 2011-12 The simple step of a courageous individual is not to take part in the lie One word of truth outweighs the world Alexander Solzhenitsyn In this penetrating and provocative work Jonas E Alexis challenges common assumptions about the relationship between Christianity and Rabbinic Judaism and provides compelling evidence from history and theology that demonstrates the extent to which modern Judaism has been defined by the Pharisaic and Rabbinic schools of thought As Alexis meticulously documents there has been a constant struggle between Christianity and Rabbinic Judaism since the time of Christ a struggle that will define the destiny of the West Islam according to Christianity is a historically and theologically false religion since it denies both Jesus s deity and His work of salvation at the Cross But Rabbinic Judaism Alexis argues is equally false and in many respects more dangerous to Christianity and the West than Islam since at its root Rabbinic Judaism wages war against the Logos the system of order in the world embodied by Christ In this painstakingly scholarly yet readable work Alexis maintains that Rabbinic Judaism defined by the Pharisaic teachings now codified in the

Talmud that Jesus sought to correct is a categorical and metaphysical rejection of Christianity a rejection that has had and will continue to have severe implications for Western culture intellectual history and theological exegesis Sustained Leadership WBS Thomas G. Expeditions Ayman S. Ibrahim,2024 The Arabic Muslim literature on Muhammad s maghazi is bountiful Since this book focuses on Muhammad s maghazi a survey of this literature is important not only to establish the centrality of the topic in Islamic thought but also to relay the uniqueness and contribution of this book To that end in this chapter I will first explore that which classical Muslim narrators wrote on Muhammad s maghazi and the ways they used the accounts to reflect Allah s support for Muhammad and the believers In the second section I will examine discussions by modern and contemporary Muslims relaying how they interpret the accounts of the maghazi In particular I will discuss their articulation of the motivations and results of Muhammad s military campaigns The first two sections of this chapter will thus establish the centrality of the maghazi as a literary genre as well as its importance among Muslims past and present In the third section I take the discussion to non Muslim scholarship I explore briefly early views on Muhammad and his career by non Muslims before I focus on works and arguments of key Western scholars from the nineteenth century until our present day

Summary of Thomas Sowell's Black Rednecks & White Liberals Everest Media,2022-10-12T22:59:00Z Please note This is a companion version not the original book Sample Book Insights 1 White Southerners who were largely poor and working class were considered undesirable by 21 percent of those surveyed in Detroit in 1951 and by 13 percent of those surveyed in Chicago in 1948 2 Many have tried to explain regional and racial differences by invoking slavery But this explanation falls flat when one considers the existence of this same subculture among white Southerners before the institution of slavery 3 The British Isles have always been a hotbed of racial tension and the American South was no different The British Isles were a hotbed of racial tension because they were a fringe region between Europe and Scotland The Americans were a fringe region between Scotland and England and their culture was heavily influenced by Scots 4 The British Isles were a hotbed of racial tension because they were a fringe region between Europe and Scotland The Americans were a fringe region between Scotland and England and their culture was heavily influenced by Scots *Zionism Vs. the West* Jonas E. Alexis,2018-04-03 A person can be brought into bondage in two different ways by force or by his own will Force is a crude way of bringing a person into submission but using the persons own free will can be done sophisticatedly and covertly Under the banner of democracy and freedom America has been under the bondage of what E Michael Jones has aptly called sexual liberation and

political control for over fifty years In the first two volumes of the trilogy Alexis explored these ideological themes In this last volume he expands on some of those pernicious ideas emphasizing how Zionism for over sixty years has shaken the moral philosophical and intellectual foundation of much of Western culture The Iraq War alone will cost America at least six trillion dollars and as if to prove that America is still in bondage the oppressors continue to use sophisticated means to seduce Americans so that perpetual wars will never cease to exist in the Middle East and in much of the world This book will seek to address these and related issues and in the process tell us something about the fundamental nature of reality and how to approach this cosmic conflict which has dominated the West for over a thousand years
