*The New Age Movement and the Biblical Worldview* John P. Newport, 1998 John Newport delivers a comprehensive study of the impact of New Age beliefs on contemporary culture and on Christianity itself while also offering an effective biblical antidote to today's worldview crisis After first surveying the historical development of the New Age worldview from ancient times through important tendencies in nineteenth century America to recent Far Eastern influences Newport explores in depth eleven key areas of the New Age worldview and contrasts each area of belief with the traditional biblical worldview

**The Worldview of the Word of Faith Movement: Eden Redeemed** Mikael Stenhammar, 2021-12-16 This volume approaches the Word of Faith as a worldview and analyses the movement through N T

Wright's model for worldview analysis in order to provide necessary nuance and complexity to scholarly interpretations of the Word of Faith. The reader receives insights into the movement's narrative, semiotic, practical, and propositional dimensions which cumulatively offer a multifaceted understanding of how the Word of Faith interprets reality and engages with the world. The analysis shows that there is a narrative core to Word of Faith beliefs in the form of a unique theological story with focus set on the present restoration of Eden's authority and blessings. This study demonstrates how the Word of Faith operates as a distinct worldview that parses the world through the lens of faith's causative power to affect a direct correspondence between present reality and Eden's perfection. The findings advance a critical and therapeutic approach that acknowledges how the worldview both strengthens and subverts Pentecostalism.

### **What Did the Cross Accomplish?**

Simon Gathercole, Robert B. Stewart, N.T. Wright, 2021-02-23 In this book readers will enjoy a fascinating and cordial discussion between N.T. Wright and Simon Gathercole on the meaning and nature of the doctrine of atonement. These two highly respected scholars discuss in clear and understandable language the meanings of the crucifixion of Jesus Christ. Their discussion explores various theories of atonement and looks closely at the Old Testament to discover Paul's meaning of his words that Christ died for our sins in accordance with the Scriptures. Wright presents his case first then Gathercole responds with a contrary point of view. Their discussion confronts questions including: What exactly is this scandal of the cross? What role does the notion of sacrifice as understood in its ancient context play in the atonement of Christ? Is the atonement a victory? How so? Was Christ a substitute taking humankind's place on the cross and suffering the death and judgment that sinners deserve? How does the death of Christ on the cross rescue or liberate sinners from death? Does the cross achieve benefits for only humans or do those benefits extend to the entirety of creation? This book is a succinct conversation in which all these questions receive attention with nuanced differences between the two interlocutors. This conversation along with Robert Stewart's introductory framework make this book an excellent primer to the study of the atonement and readers will come away with a deeper understanding of the meanings of the cross.

### ***Restoring the Vocation of a Christian College***

Brad Pardue, Andrew T. Bolger, 2022-05-19 *Restoring the Vocation of a Christian College* examines the vocation of a Christian institution of higher learning to faithfully educate students and how individual Christian teachers and scholars can participate in this process no matter their discipline. It surveys and engages developments over the last few decades in Christian worldview studies, Christian pedagogy, character formation, and vocational reflection. Through individual essays by college administrators, cocurricular staff, and faculty from a wide range of disciplines, it provides both thoughtful reflection and concrete application of these often abstract concepts to specific institutional settings and the actual classroom experience.

Discipleship of the Mind James W. Sire, 1990-04-04 Discussing worldview thinking, the foundations of knowledge, and the relationship between knowing and doing, James W. Sire shows Christians how to honor God with their minds.

Living in the Lamblight Hans Boersma,2001-01-08 In recent decades many fundamental Christian assumptions about the nature of God and the world have come under attack No longer can one assume even in many church circles that historic Christian beliefs about the Trinity and providence are generally accepted or understood Scientific knowledge and new technologies have also presented challenges for the church How for example should Christians understand the ecological crisis And how should the opening chapters of Genesis be understood in an age of genetic research and evolutionary science This collection of essays attempts to chart a faithful path for postmodern Christians exploring the foundational ideas and concepts of a Christian worldview and suggesting their implications for Christian living today Contributors Hans Boersma John Cooper Marva J Dawn Michael W Goheen Christopher D Marshall Arnold E Sikkema John G Stackhouse Jr Rikki E Watts John R Wood *The Universe Next Door* James W. a class of its own. It offers freshly researched and well documented rebuttals of Mormon truth claims. Most of the chapter topics have never been addressed and the criticisms and arguments are almost entirely new. But *The New Mormon Challenge* does not merely challenge Mormon beliefs; it offers the LDS Church and her members ways to move forward. *The New Mormon Challenge* will help you understand the intellectual appeal of Mormonism and it will reveal many of the fundamental weaknesses of the Mormon worldview. Whether you are sharing the gospel with Mormons or are investigating Mormonism for yourself, this book will help you accurately understand Mormonism and see the superiority of the historic Christian faith. Outstanding scholarship and sound methodology make this an ideal textbook. The biblical, historical, scientific, philosophical, and theological discussions are fascinating and will appeal to Christians and Mormons alike. Exemplifying Christian scholarship at its best, *The New Mormon Challenge* pioneers a new genre of literature on Mormonism. The Editors, Francis J. Beckwith, Carl Mosser, and Paul Owen, are respected authorities on the Church of Jesus Christ of Latter-day Saints and the authors of various books and significant articles on Mormonism. With contributors including such respected scholars as Craig L. Blomberg, William Lane Craig, J. P. Moreland, and others, *The New Mormon Challenge* is, as Richard Mouw states in his foreword, an important event for both Protestant evangelicals and Mormons that models to the evangelical community what it is like to engage in respectful and meaningful exploration of a viewpoint with which we disagree on key points. **The Great**

**Story and the Great Commission (Acadia Studies in Bible and Theology)** Christopher J. H. Wright, 2023-02-28  
Christianity Today 2024 Book Award Missions Global Church Outreach 2024 Resource of the Year Mission and Cross Cultural  
Highly regarded biblical scholar and speaker Christopher Wright shows us that how we read the Bible has a profound impact on how we understand what mission is. According to Wright, people read and preach the Bible in tiny bits and pieces for its promises or rules or doctrines and fail to take it as the true story of the universe past, present, and future within the plan and purposes of God, a story in which we are called to participate as coworkers with God. Wright encourages us to explore the Bible's grand narrative and to bring the whole counsel of God in Scripture to our understanding of who we are and what we must do as God's people. He helps us understand mission in its broadest sense, including our creational responsibilities. Wright's goal is to get us excited about the dramatic vista of the whole Bible and to help us understand the breadth and depth of missional engagement that we are called to live as actors in that drama. Now in paperback. **Western Culture in Gospel**

**Context** David J. Kettle, 2011-04-18  
Approaching us in sovereign freedom, God comes alive to us; we come alive to God and all creation comes alive as a sign pointing to God. In the gospel of Jesus Christ, God gives and discloses himself in this immediate way as our ultimate context and host within the provisional medium of creation. This life-giving gospel is met by blindness, however, among those who live today in a collapsing Western culture. This is because their imaginative world is shaped by habitual assumptions and practices that lie largely unacknowledged deep within that culture and that preclude openness to the gospel. Moreover, Western Christians themselves widely share these assumptions, betraying the gospel into cultural

captivity God calls for the conversion of Western culture to the living gospel Crucially this must include as Lesslie Newbigin recognized a repentance from modern Western assumptions about knowledge Part One explores seeking knowing and serving God as providing a true paradigm for understanding all human enquiry knowledge and action Part Two examines ten resulting hot spots where conversion from prevailing cultural assumptions is vital for authentic mission to Western culture
