Church, Liberation and World Religions Mario I. Aguilar,2012-11-08 This work proposes a theological investigation of the community of the Church as outlined by liberation theology and a possible conversation with liberation from suffering in Tibetan Buddhism What unites both is the human process of sublimation for others whereby liberation theologians as well as enlightened lamas give the best of themselves for the liberation of others At this stage of discussions between inclusivists and exclusivists this work proposes that dialogue with world religions and therefore with Buddhism is not about finding possible dogmatic similarities but a common place a common purpose through a common humanity

Thomas Merton and the Noonday Demon

Donald Grayston,2015-05-19 How did Thomas Merton become Thomas Merton Starting out from any one of his earlier major life moments wealthy orphan boy big man on campus fervent Roman Catholic convert new and obedient monk we find ourselves asking how by his life s end he had grown from who he was then into a transcultural and transreligious spiritual teacher read by millions This book takes another such starting point his attempt in the mid 1950s to move from his abbey of Gethsemani in Kentucky a place that had become in his view noisy beyond bearing to an Italian monastery Camaldoli which he idealized as a place of monastic peace The ultimate irony Camaldoli at that time bucolic and peaceful outwardly was inwardly riven by a pre Vatican II culture war whereas Gethsemani which he tried so hard to leave became when he was given his hermitage there in 1965 his place to recover Eden In walking with Merton on this journey and reading the letters he wrote and received at the time we find ourselves asking as he did with so much energy and honesty the deep questions that we may well need to answer in our own lives **Thinking through Thomas Merton** Robert Inchausti,2014-02-01

Considers the legacy of Thomas Merton and his relevance for contemporary times With the publication of The Seven Storey Mountain in 1948 Thomas Merton became a bestselling author writing about spiritual contemplation in a modern context Although Merton 1915 1968 lived as a Trappist monk he advocated a spiritual life that was not a retreat from the world but an alternative to it particularly to the deadening materialism and spiritual vacuity of the postwar West Over the next twenty years Merton wrote for a wide audience bringing the wisdom of Christianity Buddhism and Sufism into dialogue with the period s contemporary thought In Thinking through Thomas Merton Robert Inchausti introduces readers to Merton and evaluates his continuing relevance for our time Inchausti shows how Merton broke the high modernist trance so that we might become the change we wish to see in the world by refiguring the lost virtues of silence contemplation and community in a world enamored by the will to power virtuoso performance radical skepticism and materialist metaphysics Merton s defense of contemplative culture is considered in light of the postmodern thought of recent years and emerges as a compelling alternative Inchausti explores Merton s understanding of Western Christian monasticism and provides new insights into his critique of modernity Curt Cadorette author of Catholicism in Social and Historical Contexts An Introduction
