Affirming the Power Within
By Melody Hord

The Tide Of Change Approaches Affirming The Power Within

Joan L. Brown

The Tide Of Change Approaches Affirming The Power Within:

The Tide of Change Approaches Melody Hord, 2014-10-23 In the book *The Tide of Change Approaches* author Melody Hord shares 40 AFFIRMATIONS she created to help overcome fear and feelings of inadequacies in her life. Determined to get the Word of God embedded in her heart, she silenced her inner critic and started claiming her divine nature that wants to radiate to the world. The book interweaves personal stories, bible verses, and inspirational quotes. The words of the Godly are a life-giving fountain. Proverbs 10:11 NLT. *Approaches to Teaching the Works of Carmen Martín Gaité* Joan L.

Brown, 2013-01-01 The career of Spain's celebrated author Carmen Martín Gaité spanned the Spanish Civil War, Franco's dictatorship, and the nation's transition to democracy. She wrote fiction, poetry, drama, screenplays for television and film, and books of literary and cultural analysis. The only person to win Spain's National Prize for Literature (Premio Nacional de las Letras) twice, Martín Gaité explored and blended a range of genres from social realism to the fantastic as she took up issues of gender, class, economics, and aesthetics in a time of political upheaval. Part 1: Materials of this volume provides resources for instructors and a literary historical chronology. The essays in part 2: Approaches consider Martín Gaité's best-known novel, *The Back Room* (*El cuarto de atrás*), and other works from various perspectives: narratological, feminist, sociocultural, stylistic. In an appendix, the volume editor, who was a friend of the author, provides a new translation of Martín Gaité's only autobiographical sketch alongside the original Spanish.

Ways of Social Change Garth Massey, 2015-07-13 The world is at our fingertips, but understanding what is going on has never been more daunting. Garth Massey's *Ways of Social Change* is a primer for making sense of both rapidly moving events and the cultural and structural forces on which social life is built, while teaching critical thinking skills needed to understand social change. With an approach that is fresh, timely, challenging, and engaging, *Ways of Social Change* shows students how social change is both a lived experience and the result of our actions in the world. It invites the reader into the realm of social science, where clarification, understanding, and inquiry provide for both informed opinions and a path to effective involvement. The core of the book focuses on five forces that powerfully influence the direction, scope, and speed of social change: science and technology, social movements, war and revolution, large corporations, and the state. A concluding chapter encourages students to examine their own perspectives and offers ways to engage in social change now and in their lifetime.

Wealth and the Wealthy Karen Rowlingson, Stephen McKay, 2012 Using many data sources, this timely book provides a comprehensive discussion of issues of wealth, looking at potential policy responses, including asset-based welfare and taxation.

Storytelling to Accelerate Climate Solutions

Emily Coren, Hua Wang, 2024-05-27 The climate is changing faster than our cultural practices are adapting to it. This Open Access volume, co-edited by Emily Coren, a science communicator, and Hua Wang, a communication scientist, presents a survey of the latest in agency-focused climate storytelling. Together, practitioners and scholars across different fields shared their knowledge, experience, and insight about how stories can be designed and told to engage, enable, and empower individuals and

communities in climate communication and action You will learn a wide range of narrative strategies and exemplary applications of climate storytelling in terms of professional practices e g education literature journalism popular media genres and formats e g drama comedy fiction media platforms e g television radio mobile and communication modalities e g text visual audio multisensory Entertainment education has been proven over decades to be an effective tool for social and behavior change in the public health sphere and has not yet been applied at scale to the massive ongoing climate related disasters that we need to solve now fast There is an urgent need to rapidly apply and adapt public engagement tools for climate communication to speed up our response times for climate change mitigation and adaptation This book takes a snapshot of where climate storytelling is currently at describes where it fits within a climate communication landscape and supports the next steps of its development It facilitates the of creation climate storytelling efficiently by sharing and amplifying what is working well and building collaborations between practitioners and researchers This is an open access book

Mexico Don M. Coerver, Suzanne B. Pasztor, Robert Buffington, 2004-09-22 A concise overview of 20th and 21st century Mexico this volume explores the political economic social and cultural history of the world s largest Spanish speaking country From NAFTA to narcotics from immigration to energy the ties that bind our nation and Mexico are varied and strong Mexico uncovers the real Mexico that lies behind the stereotypes of tacos tequila and tourist hotels Compiled by leading scholars of Mexican history and society its more than 150 entries examine the nation in all its fascinating contradictions and complexity This concise yet thorough study covering the last 100 years of Mexican history is the only one volume A Z reference work available to students scholars and readers curious about one of the world s most diverse and dynamic societies What was the Mexican Revolution all about Who are the Zapatistas And why do Mexicans celebrate Cinco de Mayo Mexicans are America s largest immigrant group and Mexico is America s favorite tourist destination Yet we need to learn more and understand better our fascinating neighbor to the south Mexico comprehensive and accessible is the best place to start
