Learn more about the rich history and traditions of Judaism and how the religion fits into today's world in Judaism part of the World Religions series. *The Torah and Judaism* Vivienne Cato, 2003 Explains the history and practices of the religion of Judaism especially as revealed through its sacred book the Torah. **The A to Z of Sacred Music** Joseph P. Swain, 2010-04-09 Nearly all religious traditions have reserved a special place for sacred music. Whether it is music accompanying a ritual or purely for devotional purposes, music composed for entire congregations or for the trained soloist or music set to holy words or purely instrumental in some form or another, music is present. In fact, in some traditions, the relation between the music and the ritual is so intimate that to distinguish between them would be inaccurate. *The A to Z of Sacred Music* covers the most important aspects of the sacred music of Buddhism, Christianity, Confucianism, Hinduism, Islam, Judaism, and other smaller religious groups. It provides useful information on all the significant traditions of this music through the use of a chronology, an introductory essay, a bibliography, appendixes, and hundreds of cross-referenced dictionary entries on major types of music, composers, key religious figures, specialized positions, genres of composition, technical terms, instruments, fundamental documents, and sources, significant places, and important musical compositions.
