The Training Of Socket Greeny:

The Training of Socket Greeny Tony Bertauski, 2010-09-21 A year has passed since the Paladin Nation was exposed to the public Their mission is still to protect humanity from whatever may threaten them Previously it was the human duplications but now that they've been extinguished their biggest challenge is dealing with the complications of public image Socket Greeny now 17 years old has been a Paladin cadet for the past year and is nearing the final test But that's the least of his problems He's trying to live two lives one as a superhero while hanging onto his normal life While fearlessly dealing with his masochistic trainer he's trying to salvage his deteriorating relationship with his girlfriend back home But Socket's greatest challenge is to find his true enemy He discovers that fear has many faces

INTERVIEW WITH THE AUTHOR When did you start writing My first effort started with Socket Greeny It was a story I started for my son because he hated to read It didn't work but this character Socket took root It was the first time I felt possessed by a character with a story to tell It took me 5 years and countless rewrites to get it right I waited by the mailbox after that but the giant paycheck never arrived If you can't make money why write fiction I didn't say you can't make money There are a lot of people out there with a good book whether it's romance dystopia science fiction or young adult I'm just a minnow in a crowded pond It took a good deal of networking and research to realize just how hard it is Thanks to epublishing I can get the book out That frees me up to write what inspires me Writing is the true love There's something deeply satisfying to have characters come to life in your mind and watch their stories unfold It's a deeper experience than reading someone else's story What do you want readers to get from your stories I've always been inspired by fearless writing that asked poignant questions questions like who am I and what is the universe Things that made me look at life slightly different books that exposed a layer of reality Writing in the young adult genre appealed to me most because that's the age I really craved those questions and answers I want readers to see the world slightly different What is your favorite character I love a bad bad antagonist that you can't entirely hate there's some smidgeon of redemption you feel inside this demented sorry character Heath Ledger's Joker A despicable character that didn't deserve an ounce of pity but for some reason I didn't hate him as much as I should have It's that character I find most intriguing

In The Socket Greeny Saga the character Pike was my Joker

INTERVIEW WITH THE AUTHOR HOW IMPORTANT ARE NAMES TO YOU IN THIS BOOK DID YOU CHOOSE THEM BASED ON SOUND OR MEANING Almost all of my books have names with special meaning some foreshadowing a big twist In The Annihilation of Foreverland Reed s name was symbolic of his ability to tolerate suffering bending in the face of gale forces but never breaking WHERE DOES YOUR TOMORROW SPRING FROM IN OTHER WORDS HOW DID YOU COME UP WITH THE CRAZY WORLD Sometimes I can t remember how the story started by the time I get to the end The Annihilation of Foreverland started with the premise of identity I wanted to write it as a YA book in the science fiction dystopia genre in a way that slowly unfolded as well as questioned who we are and explore our fear of death and what we re willing to do to avoid it Like all of my stories it does have a romantic angle mixed into the action Because it should

GIVE YOUR BOOK THE BECHDEL TEST IT HAS TO HAVE AT LEAST TWO NAMED WOMEN IN IT WHO TALK TO EACH OTHER ABOUT SOMETHING BESIDES A MAN I failed because there s only one female in The Annihilation of Foreverland However the young adult sequel Foreverland is Dead passes with flying colors since its mostly female characters that rarely talk about men

YOU CAST YOUR CHARACTERS FOR A MOVIE WHO MAKES IT In The Annihilation of Foreverland I only casted two characters in my head while I was writing it The Director is Jeff Bridges and Mr Jones is Anthony Hopkins It was like watching a movie as I wrote

HAVE YOU WRITTEN IN ANY OTHER GENRES BESIDES YA DYSTOPIAN WHAT DREW YOU TO YOU THIS GENRE I ve been fascinated by consciousness identity and what this all means since I was young I would read my grandfather s science fiction books with elements of artificial intelligence and alternate realities and wonder what happened when they died I suppose that s why all of my writing deals with the big mysteries of life in one way or another In a way I write for my own exploration in a sort of thought experiment approach pulling apart our identities exploring what makes us who we are If I lost my memories would I still be me If I had my body parts replaced with synthetic replications at what point would I not be me Do I even need a body What am I A few years ago I figured I d write a romance novel Since all of my books have a romantic element I thought it would be fun Halfway through the novel I found myself thinking more and more about the next project a dystopian idea So 40 000 words in I scrapped the

romance novel and got back to what I love Science fiction Claus: Legend of the Fat Man Tony Bertauski,2013-12-28 This week only save 10% to 40% on the boxed sets Claus Boxed Volume 1 and Volume 2 In the early 1800s Nicholas Santa discovered an ancient race of elven Short fat and hairy they have lived peacefully on the North Pole since the Ice Age but Nicholas is quickly swept into the colony s first and only fracture The elven known as the Cold One has divided his people His name is Jack And Jack s tired of hiding Why should they live in a shrinking ice cap when humans occupy the rest of the world It s just not fair There s no stopping Jack from world domination until Nicholas Santa the only human to enter the elven colony joins helium bladder reindeer artificially intelligent snowmen and a merry band of big footed elven to bring peace back to the North Pole And becomes a legend

INTERVIEW WITH AUTHOR Where did you come up with the idea of writing science fiction for holiday characters My nephew mentioned the secret Santa ninja elves that visit his school during Christmas and this spawned the idea of writing a semi serious sci fi version of Santa How the ideas flesh out is a long process I started keep track of how the story arc of my latest novel evolves just to remember where it began It s all over the place I love the challenge of bringing a story to light letting the characters get in my head and telling me where to go

Flury Journey of a Snowman is the third book in the Claus series It was originally Frosty the Snowman but Frosty is copyrighted It didn t matter really The character was better suited to be something other than Frosty Flury is a bit more serious Are you getting any backlash for rewriting these Christmas legends Not at all In fact a lot of readers have connected to all the unanswered questions surround them especially Santa Claus How does he go around the world in a night Why is he fat Why does he live on the North Pole How do reindeer fly How does he carry all those presents All of them answered with the magic wand of science fiction I mean the science wand of science fiction The stories still have the fantasy element of course Some leaps of imagination And also the romance angle Why Because all stories have love What is your

favorite character from the books that you have written Socket Greeny is one of my favorites That science fiction trilogy was my first story I wrote it in first person and really connected with him However Jack Frost is in Claus Legend of the Fat Man and Jack The Tale of Frost and has become my all time fave He s childish irreverent and dangerous but at the same time lovable What order should readers purchase the Claus books Claus Legend of the Fat Man is the best start After that any order works They all can be read as standalone novels

WHAT GENRE DO YOU PREFER Science fiction dystopia technothriller and to some extent young adult I do have a series of novellas in the vampire genre Yeah I know Doesn't fit That character Drayton came out of nowhere when I was at a community theatre production of Dracula I figured that an immortal vampire would more likely become compassionate and wise as he grew older The technothriller Halfskin is similar to vampires in that technology promises immortality and complete control of our bodies But then what
