The Trials Of Radclyffe Hall:

The Trials of Radclyffe Hall Diana Souhami, 2014-12-23 Diana Souhami's Lambda Award winning biography is a fascinating look at one of the twentieth century's most intriguing lesbian literary figures. Born in 1880, Marguerite Radclyffe Hall was a young unwanted child when her parents put an end to their tempestuous marriage by filing for divorce. She had already made tentative forays into lesbian love when her father died, leaving her an heiress at eighteen. Her income assured, Hall moved out of her mother's house, renamed herself John in honor of her great great grandfather, and divided her time among hunting, traveling, and pursuing women. She began to write songs, poetry, prose, and short stories, and achieved success as a novelist, but it was with the publication of *The Well of Loneliness* in 1928 that Radclyffe Hall became an internationally known figure. Dubbed the bible of lesbianism, the book caused a scandal on both sides of the Atlantic. Though moralistic in tone because of its subject matter, it was tried as obscene in America and in the United Kingdom, where it was censored under the Obscene Publications Act. *The Trials of Radclyffe Hall* is a fascinating, no-holds-barred account of the life of this controversial woman, including her torrid relationship with the married artist Una Troubridge, who was Hall's devoted partner for twenty-eight years.

The Trials of Lenny Bruce (10th Anniversary Edition) David M. Skover, Ronald K. Collins, 2012-10-01 When it first came out in 2002, *The Trials of Lenny Bruce* not only established itself as the definitive work on Lenny Bruce's free speech trials, it led to the late comedian's posthumous pardon for his conviction on obscenity charges in New York by then governor George Pataki. *The Trials of Lenny Bruce* is an important document of the free speech battles of an icon of American comedy, who by speaking his mind and fighting the good fight paved the way for every standup comedian, satirist, and social critic who followed him.

Lesbian Empire Gay Wachman, 2001 A critical reading of sexually radical fiction by British women in the years during and after World War I. Gay Wachman examines work by Sylvia Townsend Warner, Virginia Woolf, and Radclyffe Hall, along with the less well-known Clemence Dane, Rose Allatini, and Evadne Price. These writers, she states, created a modernist literary tradition, one that functioned both within and against the repressive ideology of the British Empire.

Women's Experience of Modernity, 1875-1945 Ann L. Ardis, Leslie W. Lewis, 2003-05-22 A collection of essays on women's history and literary production at the turn of the twentieth century that centers the feminine phenomena. Analyzing such cultural practices as selling and shopping, political and social activism, urban field work, and rural labor, radical discourses on feminine sexuality, and literary and artistic experimentation, this volume contributes to the rich vein of current feminist scholarship on the gender of modernism and challenges the assumption that modernism rose naturally or inevitably to the forefront of the cultural landscape at the turn of the twentieth century. During this period, women's experience was a rallying cry for feminists, a unifying cause that allowed women to work together to effect social change and make claims for women's rights. However, it also proved to be a source of great divisiveness among women for claims about its universality quickly unraveled to reveal the classism, racism, and Eurocentrism of various feminist activities and organizations. The essays

in this volume examine both literary and non literary writings of Jane Addams Djuna Barnes Toru Dutt Radclyffe Hall H D Pauline Hopkins Emma Dunham Kelley Amy Levy Alice Meynell Bram Stoker Ida B Wells Rebecca West and others Instead of focusing exclusively or even centrally on modernism and literature these essays address a broad array of textual materials from political pamphlets to gynecology textbooks as they investigate women s responses to the rise of commodity capitalism middle class women s entrance into the labor force the welfare state s invasion of the working class home and the intensified eroticization of racial and class differences

A Matter of Obscenity Christopher Hilliard,2023-09-26 A comprehensive history of censorship in modern Britain For Victorian lawmakers and judges the question of whether a book should be allowed to circulate freely depended on whether it was sold to readers whose mental and moral capacities were in doubt by which they meant the increasingly literate and enfranchised working classes The law stayed this way even as society evolved In 1960 in the obscenity trial over D H Lawrence s Lady Chatterley s Lover the prosecutor asked the jury Is it a book that you would even wish your wife or your servants to read Christopher Hilliard traces the history of British censorship from the Victorians to Margaret Thatcher exposing the tensions between obscenity law and a changing British society Hilliard goes behind the scenes of major obscenity trials and uncovers the routines of everyday censorship shedding new light on the British reception of literary modernism and popular entertainments such as the cinema and American style pulp fiction and comic books He reveals the thinking of lawyers and the police authors and publishers and politicians and ordinary citizens as they wrestled with questions of freedom and morality He describes how supporters and opponents of censorship alike tried to remake the law as they reckoned with changes in sexuality and culture that began in the 1960s Based on extensive archival research this incisive and multifaceted book reveals how the issue of censorship challenged British society to confront issues ranging from mass literacy and democratization to feminism gay rights and multiculturalism

Reconsidering Catholic Lay Womanhood Kathryn G. Lamontagne,2023-07-26 This book offers a new perspective on the often overlooked lives of lay women in the English Roman Catholic Church It explores how over a century ago in England some exceptional Catholic lay women Margaret Fletcher Maude Petre Radclyffe Hall and Mabel Batten negotiated non traditional family lives and were actively practicing their faith while not adhering to perceived structures of femininity power and sexuality Focusing on c 1880 1930 a time of dynamism and change in both England and the Church these remarkable women represent a rethinking of what it meant to be a lay women in the English Roman Catholic Church Their pious transgressions demonstrate the multiplicity of ways lay women powerfully asserted aspects of their faith while contravening boundaries traditionally assumed for them in an ostensibly patriarchal religion In fact the Church could be a place for expressions of unconventional religiosity and reinterpretations of womanhood and domesticity Connecting together the lives of these women for the first time this work fills a lacuna in the scholarship of modern Catholic and gender history Drawing from private collections and numerous archives it illustrates the surprising range of modes of Lived Catholicism and devotion to faith Students and scholars of

Catholicism gender and LGBTQIA studies will find significant merit in a book that assigns lay women a more prominent role in the English Catholic Church and offers examples of the flexibility of Roman Catholicism **Staging the Trials of**

Modernism Dale Barleben,2017-01-01 In *Staging the Trials of Modernism* Dale Barleben explores the interactions among literature cultural studies and the law through detailed analyses of select British modern writers including Oscar Wilde Joseph Conrad Ford Madox Ford and James Joyce By tracing the relationships between the literature authors media and judicial procedure of the time Barleben illuminates the somewhat macabre element of modern British trial process which still enacts and re enacts itself throughout contemporary judicial systems of the British Commonwealth Using little seen legal documents like Ford s contempt trial decision *Staging the Trials of Modernism* uncovers the conversations between the interior style of British Modern authors and the ways in which law began rethinking concepts like intent and the subconscious Barleben s fresh insights offer a nuanced look into the ways in which law influences literary production

Upstairs Andrew Kingsley Weatherhead,2000 Examines the role played by the large house in works by Woolfe Waugh Murdoch and others *Dirt for Art's Sake* Elisabeth Ladenson,2012-09-24 In *Dirt for Art s Sake* Elisabeth Ladenson recounts the most visible of modern obscenity trials involving scandalous books and their authors What she asks do these often colorful legal histories have to tell us about the works themselves and about a changing cultural climate that first treated them as filth and later celebrated them as masterpieces Ladenson s narrative starts with *Madame Bovary* Flaubert was tried in France in 1857 and finishes with *Fanny Hill* written in the eighteenth century put on trial in the United States in 1966 she considers along the way *Les Fleurs du Mal* *Ulysses* *The Well of Loneliness* *Lady Chatterley s Lover* *Tropic of Cancer* *Lolita* and the works of the Marquis de Sade Over the course of roughly a century Ladenson finds two ideas that had been circulating in the form of avant garde heresy gradually became accepted as truisms and eventually as grounds for legal defense The first is captured in the formula art for art s sake the notion that a work of art exists in a realm independent of conventional morality The second is realism vilified by its critics as dirt for dirt s sake In Ladenson s view the truth of the matter is closer to dirt for art s sake the idea that the work of art may legitimately include the representation of all aspects of life including the unpleasant and the sordid Ladenson also considers cinematic adaptations of these novels among them Vincente Minnelli s *Madame Bovary* Stanley Kubrick s *Lolita* and the 1997 remake directed by Adrian Lyne and various attempts to translate de Sade s works and life into film which faced similar censorship travails Written with a keen awareness of ongoing debates about free speech *Dirt for Art s Sake* traces the legal and social acceptance of controversial works with critical acumen and delightful wit **English Literary Sexology** H. Bauer,2009-04-30 It is well known that much of our modern vocabulary of sex emerged within nineteenth century German sexology But how were the German ideas translated and transmitted into English culture This study provides an examination of the formation of sexual theory between the 1860s and 1930s and its migration across national and disciplinary boundaries **Reader's Guide to Women's**

Looking Like what You are Lisa Walker,2001-04 Looks can be deceiving and in a society where one's status and access to opportunity are largely attendant on physical appearance the issue of how difference is constructed and interpreted embraced or effaced is of tremendous import Lisa Walker examines this issue with a focus on the questions of what it means to look like a lesbian and what it means to be a lesbian but not to look like one She analyzes the historical production of the lesbian body as marked and studies how lesbians have used the frequent analogy between racial difference and sexual orientation to craft emphasize or deny physical difference In particular she explores the implications of a predominantly visible model of sexual identity for the feminine lesbian who is both marked and unmarked desired and disavowed Walker's textual analysis cuts across a variety of genres including modernist fiction such as *The Well of Loneliness* and *Wide Sargasso Sea* pulp fiction of the Harlem Renaissance the 1950s and the 1960s post modern literature as Michelle Cliff's *Abeng* and queer theory In the book's final chapter *How to Recognize a Lesbian* Walker argues that strategies of visibility are at times deconstructed at times reinscribed within contemporary lesbian feminist theory

The

Invention of Telepathy, 1870-1901 Roger Luckhurst, 2002 The Invention of Telepathy explores one of the enduring concepts to emerge from the late nineteenth century Telepathy was coined by Frederic Myers in 1882 He defined it as the communication of any kind from one mind to another independently of the recognised channels of sense By 1901 it had become a disputed phenomenon amongst physical scientists yet was the royal road to the unconscious mind Telepathy was discussed by eminent men and women of the day including Sigmund Freud Thomas Huxley Henry and William James Mary Kingsley Andrew Lang Vernon Lee W T Stead and Oscar Wilde Did telepathy signal evolutionary advance or possible decline Could it be a means of binding the Empire closer together or was it used by natives to subvert imperial communications Were women more sensitive than men and if so why Roger Luckhurst investigates these questions in an exciting and accessible study that mixes history of science with cultural history and literary analysis *Toupie Lowther* Val Brown, 2017-09-26

Toupie Lowther appears as a walk on character in many biographies of Radclyffe Hall and Una Troubridge In the years after WW1 she is invariably identified as a Lady Barbara Lowther however a quick look in Debrett's peerage will bring no further enlightenment But now identified by the author as May Lowther b 15th April 1874 the writer of this biography has been able to uncover much more of her family as well as her active and sporting life Her father's illegitimate birth his naval career and marriage to a Canadian young woman Her brother Claude Lowther of Herstmonceux Castle and Lowther's Lambs fame in WW1 As a young woman fencer in the early years of the 20th century and later as a popular tennis player both at home and in European tournaments the newspapers readily report her achievements Often with brief mentions of her sophisticated musical talent and well known passion for fast cars Towards the end of WW1 the Hackett Loather all Women Ambulance Unit attached to the French army remains unique in European history the women drivers serving both day and night under shellfire gas and bomb during the German Advance of 1918 After the war a later friendship with the writer Radcliffe Hall and her partner Una Troubridge takes her on a round of clubbing and rubbing in a post war lesbian and gay London this friendship was strangled forever after the publication of Hall's novel *The Well of Loneliness* its fiction clearly borrowed rather than invented Her later life sees her away from London making a new life with her goddaughter in the fine countryside of West Sussex *Who's Who in Gay and Lesbian History Vol.1* Robert Aldrich, Garry Wotherspoon, 2005-10-25
