The Uniqueness Of Western Civilization Studies In Critical Social Sciences:

The Uniqueness of Western Civilization Ricardo Duchesne, 2011-02-07 This extensively researched book argues that the development of a libertarian culture was an indispensable component of the rise of the West The roots of the West's superior intellectual and artistic creativity should be traced back to the aristocratic warlike culture of Indo-European speakers Among the many fascinating topics discussed are the ascendancy of multicultural historians and the degradation of European history China's ecological endowments and imperial windfalls military revolutions in Europe 1300 1800 the science and chivalry of Henry the Navigator Judaism and its contribution to Western rationalism the cultural richness of Max Weber versus the intellectual poverty of Pomeranz Wong Goldstone Goody and A G Frank change without progress in the East Hegel's Phenomenology of the Western Spirit Nietzsche and the education of the Homeric Greeks Kojève's master-slave dialectic and the Western state of nature Christian virtues and German aristocratic expansionism *The Uniqueness of Western Civilization* Ricardo Duchesne, 2011-02-07 After challenging the multicultural effort to provincialize the history of Western civilization this book argues that the roots of the West's exceptional creativity should be traced back to the uniquely aristocratic warlike culture of Indo-European speakers **Full Preterism--Ignored but Fulfilled** William John Rankine Taylor, 2025-05-22 What if the end of the world isn't in our future but in our past In this provocative exploration of eschatology Full Preterism Ignored but Fulfilled challenges conventional interpretations of prophecy and invites readers to consider a groundbreaking perspective that the events foretold in Scripture including the second coming of Christ have already been fulfilled Divided into three compelling sections the book journeys through the historical and theological roots of full preterism provides fresh interpretations of key prophecies and explores the profound implications for living in a post-apocalyptic age More than a theological argument this book is a call to reimagine faith in the light of fulfilled prophecy How does life change when people stop waiting for an apocalypse and embrace the here and now as the age of God's completed promises Whether the reader is a curious seeker a devoted believer or a skeptic of traditional eschatology Full Preterism Ignored but Fulfilled offers a fresh lens through which to view the Bible history and the ultimate trajectory of humanity Prepare to see the past and the present like never before *Sumerians* Henry Freeman, 2016-07-18 A legendary civilization vanished under the Fertile Crescent and escaped a fate worse than death until Sumerologists questioned widely accepted truths The Sumerians reemerged onto the extraordinary timeline of human history Their tales of kings and gods including the Epic of Gilgamesh and their fearless trade in distant lands during the remarkable Bronze Age centered in the world's first city-states that chronicled ancient rivalries and their enduring impact Inside you will read about How We Know What We Know About Sumerians The Bronze Age Sumer And Its Contemporaries How Did The Sumerians Become Civilized How Long Were They Around Primer Of Impact Of Sumerian Ancient Civilization On Our World What Did They Look Like What Shaped Their Worldview And much more Our journey relies on excavated and historical evidence to explore their productive

fascinations with order and man's place in the universe Their application of impressive knowledge helps us unfold their mysterious civilization

Jews, Judaism, and Success Robert Eisen, 2023-06-23 In Jews Judaism and Success Robert Eisen attempts to solve a long standing mystery that has fascinated many How did Jews become such a remarkably successful minority in the modern Western world Eisen argues that Jews achieved such success because they were unusually well prepared for it by their religion in particular Rabbinic Judaism or the Judaism of the rabbis Rooted in the Talmud this form of Judaism instilled in Jews key values that paved the way for success in modern Western society autonomy freedom of thought worldliness and education The book carefully analyses the evolution of these four values over the past two thousand years in order to demonstrate that they had a longer and richer history in Jewish culture than in Western culture The book thus disputes the common assumption that Rabbinic Judaism was always an obstacle to Jews becoming modernized It demonstrates that while modern Jews rejected aspects of Rabbinic Judaism they also retained some of its values and these values in particular led to Jewish success Written for a broad range of readers Jews Judaism and Success provides unique insights on the meaning of success and how it is achieved in the modern world

Politics and the Slavic Languages Tomasz Kamusella, 2021-06-17 During the last two centuries ethnolinguistic nationalism has been the norm of nation building and state building in Central Europe The number of recognized Slavic languages in line with the normative political formula of language nation state gradually tallied with the number of the Slavic nation states especially after the breakups of Czechoslovakia the Soviet Union and Yugoslavia But in the

current age of borderless cyberspace regional and minority Slavic languages are freely standardized and used even when state authorities disapprove As a result since the turn of the 19th century the number of Slavic languages has varied widely from a single Slavic language to as many as 40 Through the story of Slavic languages this timely book illustrates that decisions on what counts as a language are neither permanent nor stable arguing that the politics of language is the politics in Central Europe The monograph will prove to be an essential resource for scholars of linguistics and politics in Central Europe *Columbia Studies in the Social Sciences* ,1911 *Columbia University Studies in the Social Sciences* ,1911
