Understanding Media In The Digital Age Paperback Common

Michael Seilmaier

Understanding Media In The Digital Age Paperback Common:

Understanding Media in the Digital Age Everette E. Dennis, Melvin Lawrence DeFleur, 2010 Written by two of the field's most eminent experts this exciting new introduction to mass media makes connections between communication research and the reality of the media industry Understanding Media in the Digital Age shows readers how to navigate the world of traditional and new media while fostering an understanding of mass communication theory history active research findings and professional experience

Media Industries in the Digital Age Amanda D. Lotz, Timothy Havens, 2024-11-18 The digital communication technologies that emerged at the turn of the century have profoundly disrupted long practiced norms of nearly every media industry In particular internet distribution has fundamentally changed the foundation of the media industry to enable the emergence of new sectors while posing a challenge for others Media Industries in the Digital Age reframes our understanding of media businesses in the light of these substantial changes To develop an integrated understanding of media industries today the book foregrounds the different funding sources that are now common It begins by mapping the foundations and developments of media industry operation and exploring all forms of advertiser funded and consumer funded media to identify connections across sectors including digital and legacy media The final section grounds the book's conceptual work in examples of media making to explore how some old media have successfully adapted to internet disruption and the differences and similarities of media making outside of corporations Looking to the future the book anticipates implications for the emerging metaverse media experiences and the key issues generative AI poses to the sector Ultimately the book argues that the contemporary differences in media industry operation vary by sector but meaningful patterns can be identified by considering how advertiser consumer or government funding sets different priorities Offering a new and original way of understanding the media industries today this book is enlightening reading for students and scholars of media studies and media industries as well as global industry professionals

Understanding Popular Culture and World Politics in the Digital Age Laura J. Shepherd, Caitlin Hamilton, 2016-05-20 The practices of world politics are now scrutinised in a way that is unprecedented with even those previously or conventionally assumed to be disengaged from international affairs being drawn into world politics by social media Interactive websites allow users to follow election results in real time from the other side of the world and online mapping means that the world out there is now available on your mobile phone Understanding Popular Culture and World Politics in the Digital Age engages these themes in contemporary world politics to better understand how digital communication through new media technologies changes our encounters with the world Whether the focus is digital media social networking or user generated content these sites of political activity and the artefacts they produce have much to tell us about how we engage world politics in the contemporary age This volume represents the starting point of a dialogue about how digital technologies are beginning to impact the research and practice of scholars and practitioners in the field of International Relations with the collection of cutting edge

essays dealing specifically with the intertextuality of world politics and digital popular culture This book will be of use to International Relations research academics and critically engaged publics interested in the core themes of global politics subjectivity militarism humanitarianism civil society organisation and governance The book also employs theories and techniques closely associated with other social science disciplines including political theory sociology cultural studies and media studies

Understanding Media Industries Timothy Havens, Amanda D. Lotz, 2016 This text examines the influence of media industry organization and practices on society at the same time it offers students pursuing both scholarly and professional careers related to the media industries a comprehensive overview of how the industries work why they work as they do and what the broader theoretical and practical implications of the media industries are

Understanding Media and Society in the Age of Digitalisation Dennis Nguyen, Ivonne Dekker, Sergül Nguyen, 2020-06-27 This book provides a selection of international perspectives in the interdisciplinary field of media and communications research with emphasis placed on methodological approaches and new research domains It includes critical reflections on how to conduct research on digital media culture especially concerning the potentials and limitations for mixed methods research and online research strategies as well as a series of hands on case studies These range from digital fan cultures through environmental communication news media digital politics during conflicts and crises to digital media psychology and the emerging field of medical humanities Diverse in its examples and angles the book provides a rich snippet of how media research practices are determined by practical factors and research interests

Understanding Media Semiotics Marcel Danesi, 2018-11-15 Media semiotics is a valuable method of focusing on the hidden meanings within media texts This new edition brings *Understanding Media Semiotics* fully up to date and is written for students of the media of linguistics and those interested in studying the ever changing media in more detail Offering an in depth guide to help students investigate and understand the media using semiotic theory this book assumes little previous knowledge of semiotics or linguistics avoiding jargon and explaining the issues step by step With in depth case studies practical accounts and directed further reading *Understanding Media Semiotics* provides students with all the tools they need to understand semiotic analysis in the context of the media Semiotic analysis is sometimes seen as complicated and difficult to understand Marcel Danesi shows that on the contrary it can be readily understood and can greatly enrich students understanding of media texts from print media right through to the internet and apps
