

UNDERSTANDING PEACEKEEPING

THIRD EDITION

PAUL D. WILLIAMS
with ALEX J. BELLAMY

Understanding Peacekeeping

Jeni Whalan

Understanding Peacekeeping:

Understanding Peacekeeping Alex J. Bellamy, Paul D. Williams, Stuart Griffin, 2010-03-29 Peace operations are now a principal tool for managing armed conflict and building world peace. The fully revised, expanded and updated second edition of *Understanding Peacekeeping* provides a comprehensive and up-to-date introduction to the theory, practice and politics of contemporary peace operations. Drawing on more than twenty-five historical and contemporary case studies, this book evaluates the changing characteristics of the contemporary environment in which peacekeepers operate, what role peace operations play in wider processes of global politics, the growing impact of non-state actors and the major challenges facing today's peacekeepers. All the chapters have been revised and expanded and seven new chapters have been added. Part 1 summarizes the central concepts and issues related to peace operations. It includes a new discussion of the theories of peace operations and analysis of the emerging norm of responsibility to protect. Part 2 charts the historical development of peacekeeping from 1945 and offers a new chapter on peace operations in the twenty-first century. In part 3, separate chapters analyse seven different types of peace operations: preventive deployments, traditional peacekeeping, assisting transition, transitional administrations, wider peacekeeping, peace enforcement and peace support operations. Part 4 looks forward and examines the central challenges facing today's peacekeepers, namely the regionalization of peace operations, the privatization of security, civilian protection, policing and gender issues. This second edition of *Understanding Peacekeeping* will be essential reading for students and scholars of peace and conflict studies, security studies and international relations. Visit <http://www.polity.co.uk/up2> for more information and additional resources.

Understanding Peacekeeping Alex J. Bellamy, 2004

Understanding Peacekeeping Alex J. Bellamy, Paul D. Williams, Stuart Griffin, 2004-03-05 *Understanding Peacekeeping* provides a comprehensive and up-to-date introduction to the theory, practice and politics of contemporary peacekeeping. It evaluates the changing characteristics of the contemporary environment in which peacekeepers operate, what role peacekeeping plays in wider processes of global politics, the growing impact of non-state actors and the major challenges facing peacekeepers in the future. Drawing on a wide range of historical and contemporary case studies, including Afghanistan, Cambodia, Cyprus, the Democratic Republic of Congo, East Timor, El Salvador, Haiti, Liberia, Rwanda, Sierra Leone, Somalia and the former Yugoslavia, this book develops an original conceptual framework to chart the evolution of the role of peacekeeping in global politics and highlights the unique characteristics of different types of peacekeeping operations. Part 1 examines concepts and issues related to peacekeeping in global politics. Part 2 charts the historical development of peacekeeping from 1945 to the present. In Part 3, separate chapters are devoted to different types of peacekeeping operations: traditional peacekeeping, managing transition, wider peacekeeping, peace enforcement and peace support operations. Part 4 looks forward and examines developments in global politics that are presenting serious challenges to the concept and practice of peacekeeping, namely globalization, the privatization of security, preventing violent conflict and the establishment

of protectorates Understanding Peacekeeping will be essential reading for students and scholars of peace and conflict studies security studies and international relations

Peace Operations and Global Order Alex J. Bellamy, Paul Williams, 2014-01-02 Peacekeeping in Global Politics investigates the changing role of peacekeeping and competing perspectives about what that role should be It begins by addressing broad issues connected with the transition from a Westphalian to post Westphalian international society the ethical and legal dilemmas provoked by armed intervention and the alternative ways of conceptualising the role that peacekeeping plays It goes on to critically chart the development of traditional peacekeeping before outlining how the role of force in peacekeeping operations has changed and the close links between peacekeeping conflict prevention and conflict resolution The final part of the volume focuses specifically on globalization and the effects that this has had on peacekeeping practices In particular it focuses on the changing conflict environment the growing tendency towards subcontracting peacekeeping duties and the development of regional peacekeeping capabilities Overall this volume makes two contributions to the way we think about peacekeeping first it demonstrates that the theory and practice of peacekeeping is embedded in global politics and second it shows that there an on going debate about what peacekeeping is for

How Peace Operations Work Jeni Whalan, 2013-12-12 This book proposes a new approach to studying the effectiveness of peace operations It asks not whether peace operations work or why but how when a peace operation achieves its goals what causal processes are at work By discovering how peace operations work this new approach offers five distinctive contributions First it studies peace operations through a local lens examining their interactions with actors in host societies rather than their genesis in the politics and institutions of the international realm In doing so it highlights the centrality of local compliance and cooperation to a peace operation s effectiveness Second the book structures a framework for explaining how peace operations can shape the behaviour of local actors in order to obtain greater cooperation That framework distinguishes three dimensions of a peace operation s power coercion inducement and legitimacy and illuminates their effects The third contribution is to highlight the contribution of local legitimacy to a peace operation s effectiveness and identify the means by which an operation can be locally legitimized Fourth the new power legitimacy framework is applied to study two peace operations in depth the United Nations Transitional Authority in Cambodia UNTAC and the Regional Assistance Mission to Solomon Islands RAMSI Finally the book concludes by examining the implications of this new approach for practice and identifying a set of policy reforms to help peace operations work better The book argues that peace operations work by influencing the decisions and behaviour of diverse local actors in host societies Peace operations work better that is achieve more of their objectives at lower cost when they receive high quality local cooperation It concludes that peace operations are more likely to attain such cooperation when they are perceived locally to be legitimate

The Oxford Handbook of United Nations Peacekeeping Operations Joachim Koops, Norrie MacQueen, Thierry Tardy, Paul D. Williams, 2015-07-09 The Oxford Handbook on United Nations

Peacekeeping Operations presents an innovative authoritative and accessible examination and critique of the United Nations peacekeeping operations Since the late 1940s but particularly since the end of the cold war peacekeeping has been a central part of the core activities of the United Nations and a major process in global security governance and the management of international relations in general The volume will present a chronological analysis designed to provide a comprehensive perspective that highlights the evolution of UN peacekeeping and offers a detailed picture of how the decisions of UN bureaucrats and national governments on the set up and design of particular UN missions were and remain influenced by the impact of preceding operations The volume will bring together leading scholars and senior practitioners in order to provide overviews and analyses of all 65 peacekeeping operations that have been carried out by the United Nations since 1948 As with all Oxford Handbooks the volume will be agenda setting in importance providing the authoritative point of reference for all those working throughout international relations and beyond

UN Peace Operations and International Policing Charles T. Hunt, 2014-09-15 This book addresses the important question of how the United Nations UN should monitor and evaluate the impact of police in its peace operations UN peace operations are a vital component of international conflict management Since the end of the Cold War one of the foremost developments has been the rise of UN policing UNPOL Instances of UNPOL action have increased dramatically in number and have evolved from passive observation to participation in frontline law enforcement activities Attempts to ascertain the impact of UNPOL activities have proven inadequate This book seeks to redress this lacuna by investigating the ways in which the effects of peace operations and UNPOL in particular are monitored and evaluated Furthermore it aims to develop a framework tested through field research in Liberia for Monitoring and Evaluation M E that enables more effective impact assessment By enhancing the relationship between field level M E and organisational learning this research aims to make an important contribution to the pursuit of more professional and effective UN peace operations This book will be of much interest to students of peace operations conflict management policing security studies and IR in general

The United Nations and peacekeeping, 1988-95 Chen Kertcher, 2016-06-17 Using more than 600 UN documents that analyse the discussions in the UN Security Council General Assembly and Secretariat The United Nations and peacekeeping 1988 95 presents innovative explanations on how after the Cold War UN peacekeeping operations became the dominant response to conflicts around the globe This study offers a vivid description of these changes through the analysis of the evolution in the concept and practice of United Nations peacekeeping operations from 1988 to 1995 The research is anchored primarily in United Nations documents which were produced following the diplomatic discussions that took place in the General Assembly the Security Council and the UN Secretariat on the subject of peacekeeping in general and in the cases of Cambodia Former Yugoslavia and Somalia in particular These large and complex operations were the testing ground for the new roles of peacekeeping in democratisation humanitarian aid resettlement of refugees demobilisation of armed forces economic development and advancement of good government

African

Peacekeeping Jonathan Fisher, Nina Wilén, 2022-02-03 An examination of how peacekeeping is woven into national regional and international politics in Africa and its consequences

The Oxford Handbook of International Organizations Jacob Katz Cogan, Ian Hurd, Ian Johnstone, 2016-11-24 Virtually every important question of public policy today involves an international organization From trade to intellectual property to health policy and beyond governments interact with international organizations in almost everything they do Increasingly individual citizens are directly affected by the work of international organizations Aimed at academics students practitioners and lawyers this book gives a comprehensive overview of the world of international organizations today It emphasizes both the practical aspects of their organization and operation and the conceptual issues that arise at the junctures between nation states and international authority and between law and politics While the focus is on inter governmental organizations the book also encompasses non governmental organizations and public policy networks With essays by the leading scholars and practitioners the book first considers the main international organizations and the kinds of problems they address This includes chapters on the organizations that relate to trade humanitarian aid peace operations and more as well as chapters on the history of international organizations The book then looks at the constituent parts and internal functioning of international organizations This addresses the internal management of the organization and includes chapters on the distribution of decision making power within the organizations the structure of their assemblies the role of Secretaries General and other heads budgets and finance and other elements of complex bureaucracies at the international level This book is essential reading for scholars practitioners and students alike
