Understanding Healthcare Economics Jeanne Wendel, PHD, Teresa D. Serratt, PHD, RN, William O'Donohue, PHD, 2017-11-22 Healthcare economics is a topic of increasing importance due to the substantial changes that are expected to radically alter the way Americans obtain and finance healthcare Understanding Healthcare Economics 2nd Edition provides an evidence based framework to help practitioners comprehend the changes already underway in our nation s healthcare system It presents important economic facts and explains the economic concepts needed to understand the implications of these facts It also summarizes the results of recent empirical studies on access cost and quality problems in today s healthcare system The material is presented in two sections Section 1 focuses on the healthcare access cost and quality issues that create pressures for change in health policy The first edition was completed just as the Patient Protection and Affordable Care Act PPACA was debated and passed This new edition updates the information about access cost and quality issues It also discusses the pressure for change that led to the passage of the PPACA evidence that shaped the construction of the act evidence on the impacts of the PPACA and evidence on the pressures for future changes Section 2 focuses on changes that are underway including changes in the Medicare payment system new types of healthcare delivery organizations such as ACOs and patient centered medical homes It also discusses the current efforts to help patients build health such as wellness programs and disease management programs And finally health information technology will be discussed The new edition will maintain the current structure however each chapter will be updated to discuss post PPACA evidence on each type of type In addition to the updates previously mentioned the authors will present a series of data explorations to several chapters Most of the new data explorations present summarized statistical information based on de identified data from one hospital electronic data system These data explorations serve two purposes First they illustrate the impacts of the pressures for change and some of the changes on healthcare providers For example the data illustrates the

financial impact of pre PPACA uncompensated care Second explanation of the data will require explanations of standard coding systems that are used nationwide DRGs CPT ICD codes Other data explorations provide detail about other sources of data useful for health policy analysis and for healthcare providers and insurers Public Health Reports ,1994

Understanding American COVID-19 Pandemic Beliefs, Behaviors, Politics, and Society Herbert C. Covey,2023-11-02 In Understanding American COVID 19 Pandemic Beliefs Behaviors Politics and Society Herbert C Covey presents an overview of how the COVID 19 pandemic has impacted American society He proposes that the social and political contexts leading up to and during the pandemic fueled differing and sometimes opposing attitudes and behaviors Some Americans saw COVID 19 as a dangerous threat while others dismissed it as overblown Covey observes that these divergent views occurred in a vacuum but were influenced by various political historical cultural psychological and social factors He argues that Americans social perceptions of the pandemic were affected by the unpredictability of the virus erosion of trust in science and institutions degradation of the news by biased news sources and social media loss of critical thinking skills denialism truth decay high emotions racism and unprecedented politicization of the pandemic In addition the susceptibility of some Americans to COVID 19 rumors myths misinformation and conspiracies led them to make poor health decisions resulting in more severe cases of COVID 19 or in some cases death The book includes data from numerous national surveys to document American beliefs and behaviors related to the pandemic Finally the author shows how these beliefs have led to protests conspiracies and social movements regarding pandemic responses **Department of the Interior and Related Agencies Appropriations** United States.
