Unfinished Rabbi Arnold Wolf, 2009-03 A long awaited collection of the most important writings from a lifetime of work by one of the most influential Jewish thinkers in American life over the last half century He has written with unique clarity penetration belief and sophistication NEugene B Borowitz in his Foreword to the book Edited by Jonathan S Wolf The Crisis of Zionism Peter Beinart, 2024-02-23 A dramatic shift is taking place in Israel and America In Israel the deepening occupation of the West Bank is putting Israeli democracy at risk In the United States the refusal of major Jewish organisations to defend democracy in the Jewish state is alienating many young liberal Jews from Zionism itself In the next generation the liberal Zionist dream the dream of a state that safeguards the Jewish people and cherishes democratic ideals may die In The Crisis of Zionism Peter Beinart lays out in chilling detail the looming danger to Israeli democracy and the American Jewish establishment s refusal to confront it And he offers a fascinating groundbreaking portrait of the two leaders at the centre of the crisis Barack Obama America s first Jewish president a man steeped in the liberalism he learned from his many Jewish friends and mentors in Chicago and Benjamin Netanyahu the Israeli prime minister who considers liberalism the Jewish people s special curse These two men embody fundamentally different visions not just of American and Israeli national interests but of the mission of the Jewish people itself Beinart concludes with provocative proposals for how the relationship between American Jews and Israel must change and with an eloquent and moving appeal for American Jews to defend the dream of a democratic Jewish state before it is too late **A Life of Meaning** Rabbi Dana Evan Kaplan, PhD, 2017-11-28 Reform Judaism is constantly evolving as we continue to seek a faith that is in harmony with our beliefs and experiences This volume offers readers a thought provoking collection of essays by rabbis cantors and other scholars who differ sometimes passionately over religious practice experience and belief Its goal is to situate Judaism in a contemporary context and it is uniquely suited for community discussion as well as study groups Studies in the Meaning of Judaism (JPS Scholar of Distinction Series) Eugene B. Borowitz, 2010-01-01 Noted educator author and speaker Eugene Borowitz delivers the fruits of his scholarship with grace in this new addition to the JPS Scholar of Distinction series Gathered in this single volume are 33 essays covering the themes of modern Jewish theology education the history of Reform Judaism in America Jewish law ethics and religious dialogue This collection will appeal to a wide audience including rabbis scholars and readers of religion modern Jewish thought and liturgy *The Politics of Nonassimilation* David Verbeeten, 2017-05-15 Over the course of the twentieth century Eastern European Jews in the United States developed a left wing political tradition Their political preferences went against a fairly broad correlation between upward mobility and increased conservatism or Republican partisanship Many scholars have sought to explain this phenomenon by invoking antisemitism an early working class experience or a desire to integrate into a universal social order In this original study David Verbeeten instead focuses on the ways in which left wing ideologies and movements helped to mediate and preserve Jewish identity in the context of modern tendencies toward

bourgeois assimilation and ethnic dissolution Verbeeten pursues this line of inquiry through case studies that highlight the political activities and aspirations of three generations of American Jews The life of Alexander Bittelman provides a lens to examine the first generation Born in Ukraine in 1892 Bittelman moved to New York City in 1912 and went on to become a founder of the American Communist Party after World War I Verbeeten explores the second generation by way of the American Jewish Congress which came together in 1918 and launched significant campaigns against discrimination within civil society before during and especially after World War II Finally he considers the third generation in relation to the activist group New Jewish Agenda which operated from 1980 to 1992 and was known for its advocacy of progressive causes and its criticism of particular Israeli governments and policies By focusing on individuals and organizations that have not previously been subjects of extensive investigation Verbeeten contributes original research to the fields of American Jewish intellectual and radical history His insightful study will appeal to specialists and general readers interested in those areas
