Union Gospel Press Sunday School Lessons 2014:

I Wish I Had a Praying Church Simon Jonah Thomas,2014-03-21 Imagine that at the height of being popular and much sought after the Holy Spirit tells you to go out to the woodshed Figuratively speaking that is exactly what happens to a young pastor I Wish I Had a Praying Church is a fictional account of the events that occur when a pastor is startled to find that the Lord is not pleased with him despite rising popularity and acclaim This work is fictional only because no actual persons are depicted The characters are very much in attendance at many churches today The Writer William Henry Hills,Robert Luce,1970 The oldest magazine for literary workers The Gospel Message ,1918 Secularization and Religious Innovation in the North Atlantic World David Hempton,Hugh McLeod,2017-05-12 In the early twenty first century it had become a cliché that there was a God Gap between a more religious United States and a more secular Europe The apparent religious differences between the United States and western Europe continue to be a focus of intense and sometimes bitter debate between three of the main schools in the sociology of religion According to the influential Secularization Thesis secularization has been an integral part of the processes of modernisation in the Western world since around 1800 For proponents of this thesis the United States appears as an anomaly and they accordingly give considerable attention to explaining why it is different For other sociologists however the apparently high level of religiosity in the USA provides a major argument in their attempts to refute the Thesis Secularization and Religious Innovation in the Atlantic World provides a systematic comparison between the religious histories of the United States and western European countries from the eighteenth to the late twentieth century noting parallels as well as divergences examining their causes and especially highlighting change over time This is achieved by a series of themes which seem especially relevant to this agenda and in each case the theme is considered by two scholars The volume examines whether American Christians have been more innovative and if so how far this explains the apparent God Gap It goes beyond the simple American European binary to ask what is American or European in the Christianity of the nineteenth and twentieth centuries and in what ways national or regional differences outweigh these commonalities Christian Faith and Life ,1933 **Contentious Unions** Mary Beth Swetnam Mathews,2025-02-03 A significant work of scholarship that tells us not just about these particular places but more importantly about the world of Black higher education in the decades before the civil rights movement Paul Harvey Distinguished Professor of History University of Colorado Colorado Springs In Contentious Unions Black Baptist Schools and White Money in the Jim Crow South Mary Beth Swetnam Mathews interweaves the stories of the founding and development of Richmond Theological Seminary Virginia Central City College Macon Georgia and American Baptist Theological Seminary Nashville Tennessee colleges that saw challenges complexities and hard won accomplishments in the Post Reconstruction era Her study begins just after the Civil War when one of these institutions provided educational opportunities for newly freed slaves and follows the fortunes of the schools through the 1960s Mathews reveals the financial curricular and identity

struggles of schools that came into being and survived under difficult circumstances The institutions relied on funding from White Baptists but also had to fight against control and exploitation from those who helped them financially Though each school evolved with a different identity and educational mission Mathews concludes that they could be simultaneously symbols of racial independence as well as victims of white supremacy As oppositional spaces these schools gave their communities access to the ground floor of the civil rights movement and the author highlights their connections to some of the more famous activists such as John R Lewis Jo Ann Gibson Robinson and Gordon P Hancock Ultimately Mathews s book is a fascinating and complex account that uses the history of these three institutions to illuminate the origins of the long struggle for civil rights

Decolonizing Contemporary Gospel Music Through Praxis Robert Beckford,2023-08-24 Is contemporary Black

British gospel music a coloniality What theological message is really conveyed in these songs In this book Robert Beckford shows how the Black British contemporary gospel music tradition is in crisis because its songs continue to be informed by colonial Christian ideas about God Beckford explores the failure of both African and African Caribbean heritage Churches to Decolonise their faith especially the doctrine of God biblical interpretation and Black ontology This predicament has left song leaders musicians and songwriters with a reservoir of ideas that aim to disavow engagement with the social historical world black Biblical interpretation and the necessity of loving blackness This book is decolonisation through praxis Reflecting on the conceptual social justice album The Jamaican Bible Remix 2017 as a communicative resource Beckford shows how to develop production tools to inscribe decolonial theological thought onto Black British music s The outcome of this process is the creation of a decolonial contemporary gospel music genre The impact of the album is demonstrated through case studies in national and international contexts **Keir Hardie, the Bible, and Christian Socialism** Daniel L.

Smith-Christopher, 2024-06-13 Daniel L Smith Christopher focuses on the life and efforts of Keir Hardie one of the founders of the UK Labour Party and one of the foremost figureheads of trade unionism Drawing upon the work of two contemporary and significant American theorists Herbert Gutman s classic essay on Working Class Religion and Michael Gold s call for Proletarian Literature Smith Christopher marries British and American historical and theoretical debates to argue that Hardie s work is surely the quintessential example of a proletarian exegesis of the Bible Beginning with a summary of the major events in Hardie s life Smith Christopher draws both upon existing biographies and more recent historical discussions that question assumption of British social history He then reviews previous debates upon the influence of Hardie s own Christian faith upon his journalistic output and assesses three Christian Socialists whose work was advertised and reviewed by Hardie himself Dennis Hird John Morrison Davidson and Caroline Martyn Smith Christopher proceeds to Hardie s copious writings both for The Labour Leader and separately published lectures pamphlets and somewhat longer works of autobiography and comment Highlighting Hardie s tendency to cite favorite texts heavily from the Gospels and James but also some notable Old Testament discussions Smith Christopher proves Hardie s serious discussion of these texts beyond mere political rhetoric concluding by comparing a selection of Hardie s favorite Biblical arguments with contemporary research in Biblical Studies about these same passages evaluating the problems and possibilities of proposing a Proletarian Exegesis
