What We Believe And Why Volume 1:

What We Believe and Why - Lester Hutson, 2015-12-22 What We Believe and Why v1 is a collage of essays on key biblical doctrinal issues. It contains detailed explanations loaded with scriptural apologetics and over 1 800 Scripture references. The book is noted for sound exegesis and hermeneutics making it a primer or anthology on basic Bible doctrine. What We Believe and Why v1 deals with the divine inspiration of the Scriptures and how to study effectively the Trinity, the Holy Spirit and particularly how He convicts lost sinners, eternal security, God's three fold salvation, church discipline, social drinking, scriptural baptism, why church membership is important, the special ministry of the Apostles, local church theology and much more. This book consists of 52 chapters in annotated outline form making it ideal for teaching and systematic Bible study. This is the third edition of Dr. Hutson's 1975 book by the same title. The content remains essentially the same but the grammar, punctuation and wording has been greatly improved. [The Time And Science - Volume 1: Metaphysics Of Time And Its Evolution](#)

Remy Lestienne, Paul Harris, 2023-06-22 In this volume 12 eminent scientists and philosophers engage in fundamental perennial questions about time. Does time exist? Is time a single or multiple entity? Is it possible to reconcile contradictory notions of time such as subjective and objective metaphysics and physics? McTaggart's A series and B series or presentism and eternalism? Does the Special Theory of Relativity dictate a static deterministic account of reality: block universe or does it allow for free will? How did the concept of geologic time originate and what are the limits of its knowledge? How is the Anthropocene defined? Each author examines these questions from the point of view of their own specialties but without ignoring the metaphysical importance of the issue nor the possibility that scientific advances might enforce revisions of our brain intuitive judgments. **It's Part of What We Are - Volumes 1 and 2 - Volume 1: Richard Boyle**

(1566-1643) to John Tyndall (1820-1893); Volume 2: Samuel Haughton (18210-1897) to John Stewart Bell (1928-1990) Charles Mollan, 2007-11-15 Biographies of more than 100 Irish scientists or those with strong Irish connections in the disciplines of Chemistry and Physics including Astronomy, Mathematics etc describing them in their Irish and international scientific, social, educational and political context. Written in an attractive informal style for the hypothetical educated layman who does not need to have studied science. Well received in Irish and international reviews. **Biblical**

Preaching and Teaching Volume 1 Dallas R. Burdette, 2009-08 One objective of this book is to set forth the heart of God's Gospel. This volume is composed of a compilation of sermons and in-depth studies designed to strengthen and encourage Christians in their daily walk with God and with one another. Since the Cross of Christ is pivotal to a proper understanding of Christianity, numerous chapters in this book explore the ins and outs of the importance of the Cross in the lives of God's people. Not only does this book focus upon the scheme of God's redemption and evangelism as a part of every believer's ministry, it also calls attention to Christian apologetics that is a defense of Christianity. Three chapters are devoted to this kind of study: 1. Christianity versus Skepticism, 2. Credibility and Candor of the New Testament Writers and 3. Paul's

Conversion Apologetic for Christianity Also this book allocates three chapters to the subject of baptism and its meaning to God's children And finally four chapters are dedicated to a detailed study of worship within the Christian community Dallas Burdette has been a serious student teacher and preacher of the Bible for fifty eight years supporting himself for many years as an agent for AFLAC He has written numerous articles for religious journals as well as many essays and sermons which are available on his website www.freedominchrist.net He has developed a keen interest in promoting unity among God's people through a more accurate reading of the Word He has degrees from Amridge University formerly Southern Christian University where he also was Director of Extended Learning for five years He holds the Doctor of Ministry degree 1999 from Erskine Theological Seminary

[A Testimony of Jesus Christ - Volume 1](#) Anthony Charles Garland, 2007 A Commentary on the Book of Revelation Volume 2 The author presents a detailed study of the Book of Revelation emphasizing prophetic themes from the rest of the Bible which find their fulfillment in Revelation To understand this controversial book the author explores the many connections between the visions seen by the Apostle John and previous prophetic revelation given to Old Testament prophets such as Daniel Ezekiel and others It is the author's conviction that an understanding of related passages elsewhere in the Bible is the most important key to unlocking the bewildering variety of interpretations which often accompany the study of the last book of the Bible The commentary is linked to a free companion internet course providing an additional 70 hours of audio instruction linked to almost 1 000 slides
