What's That Sound Associate Professor of Music John Covach,J. Covach,2009-05-01 **Understanding Popular Music Culture** Roy Shuker,2013 Focusing on the variety of genres that make up pop music Roy Shuker explores key subjects which shape our experience of music such as music production the music industry music policy fans audiences and subcultures **What Is Post-Punk?** Mimi Haddon,2023-02-06 Is post punk a genre Where did it come from And what does it mean **Listening Devices** Jens Gerrit Papenburg,2023-05-04 From 1940 to 1990 new machines and devices radically changed listening to music Small and large single records new kinds of jukeboxes and loudspeaker systems not only made it possible to playback music in a different way they also evidence a fundamental transformation of music and listening itself Taking the media and machines through which listening took place during this period *Listening Devices* develops a new history of listening Although these devices were and often still are easily accessible up to now we have no concept of them To address this gap this volume proposes the term listening device In conjunction with this concept the book develops an original and fruitful method for exploring listening as a historical subject that has been increasingly organized in relation to technology Case studies of four listening devices are the points of departure for the analysis which leads the reader down unfamiliar paths traversing the popular sound worlds of 1950s rock n roll culture and the disco and club culture of the 1970s and 1980s Despite all the characteristics specific to the different listening devices they can nevertheless be compared because of the fundamental similarities they share they model and manage listening they actively mediate between the listener and the music heard and it is this mediation that brings both listener and the music listened to into being Ultimately however the intention is that the listening devices themselves should not be heard so that the music they playback can be heard Thus they take the history of listening to its very limits and confront it with its other a history of non listening The book proposes listening device as a key concept for sound studies popular music studies musicology and media studies With this conceptual key a new productive understanding of past music and sound cultures of the pre digital era can be unlocked and not least of the listening culture of the digital present **The Canadian Record of Science** ,1891 *Destined for Greatness* Michael Ramirez,2018-04-16 Pursuing the dream of a musical vocation particularly in rock music is typically

regarded as an adolescent pipedream Music is marked as an appropriate leisure activity but one that should be discarded upon entering adulthood How then do many men and women aspire to forge careers in music upon entering adulthood In *Destined for Greatness* sociologist Michael Ramirez examines the lives of forty eight independent rock musicians who seek out such non normative choices in a college town renowned for its music scene He explores the rich life course trajectories of women and men to explore the extent to which pathways are structured to allow some but not all individuals to fashion careers in music worlds Ramirez suggests a more nuanced understanding of factors that enable the pursuit of musical livelihoods well into adulthood Bowker's Complete Video Directory, 1998 ,1998 **The Beat** ,1995 The Academy ,1876 **Artistic Practices and Archaeological Research** Dragoş Gheorghiu,Theodor Barth,2019-02-28 This volume which has come about through a collaborative venture between Dragoş Gheorghiu archaeologist and professional visual artist and Theodor Barth anthropologist aims at expanding the field of archaeological research with an anthropological understanding of practices that include artistic methods A History of the Scottish Highlands, Highland Clans and Highland Regiments Sir John Scott Keltie,1875 **Geological Magazine** Henry Woodward,1879 California Alumni Fortnightly ,1926 *The Spectator* ,1894 *The Buried Cities of Ceylon* Stephen Montagu Burrows,1899 **California Monthly** ,1926
