encouraging book The Answer Is Simple Sonia Choquette,2009-09-01 Having observed thousands and thousands of people from virtually every walk of life with every advantage or disadvantage Sonia Choquette can confidently say that the only ones who genuinely succeed who find peace and joy in their hearts and take great pleasure in their experiences have a different way of going about things Rather than relying solely on their egos their defended insecure personalities suffering the assaults life renders them they turn to a higher aspect of their nature the Spirit within and let this direct their lives The ten simple yet necessary steps outlined in this book will allow you to make that connection to your authentic Spirit and experience your truth As Sonia says These aren't just metaphysical theories but are tried and true grounded practices that will lead you directly back to you the best holiest most delightful and delighted you free of fear and filled with light The most exciting part is that learning to love yourself and live your Spirit is actually quite simple when you realize the truth revealed herein that you are not the ego but rather are Divine Holy Spirit Once you do everything will come alive in light and joy Love yourself and live your Spirit and your life flows peacefully It really is that simple **The Age of Miracles** Marianne Williamson,2008-01-01 As seen on OWN's Super Soul Sunday The need for change as we get older an emotional pressure for one phase of our lives to transition into another is a human phenomenon neither male nor female There simply comes a time in our lives not fundamentally different from the way puberty separates childhood from adulthood when it's time for one part of ourselves to die and for something new to be born The purpose of this book by best selling author and lecturer Marianne Williamson is to psychologically and spiritually reframe this transition so that it leads to a wonderful sense of joy and awakening In our ability to rethink our lives lies our greatest power to change them What we have called middle age need not be seen as a turning point toward death It can be viewed as a magical turning point toward life as we've never known it if we allow ourselves the power of an independent imagination utilizing thought forms that don't simply flow in a perfunctory manner from ancient assumptions handed down to us but rather flower into new archetypal images of a humanity just getting started at 45 or 50 What we've learned by that time from both our failures as well as our successes tends to have humbled us into purity When we were young we had energy but were clueless about what to do with it Today we have less energy perhaps but we have far more understanding of what each breath of life is for And now at last we have a destiny to fulfill not a destiny of a life that's simply over but rather a destiny of a life that is finally truly lived Midlife is not a crisis it's a time of rebirth It's not a time to accept your death it's a time to accept your life and to finally truly live it as you and you alone know deep in your heart it was meant to be lived **The Answer is Simple...
