**Relational Treatment of Trauma** Toni Heineman, 2015-07-24 Relational Treatment of Trauma Stories of loss and hope is the culmination of over 35 years of psychotherapy with children and adults many of whom have suffered the effects of physical emotional or sexual abuse It addresses a gap in the literature on the treatment of trauma and chronic loss that are ubiquitous parts of life in foster care While trauma informed care has received considerable attention recently there is little that focuses on the consequences of repeated unexpected and unexplained or unexplainable losses of caregivers Relational Treatment of Trauma explores the ways in which those experiences arise in the therapeutic relationship and shows how to help clients build the trust necessary for establishing healthier and more satisfying and hopeful relationships Toni Heineman introduces and reinforces the concept of the relationship as the most powerful agent of therapeutic change She highlights the ways in which clinicians can build and sustain a relationship with clients whose experience of trauma can make them wary of trusting illustrating this theme throughout the book with compelling case vignettes The book is especially valuable for psychoanalysts clinical psychologists psychiatrists social workers and family

**Body and Identity** Angela Franks, 2025-08-15 Angela Franks provides a sweeping intellectual history of identity particularly in terms of how identity relates to the body with an emphasis on the importance of Christianity to this understanding Modern questions

about our bodies and how we see ourselves are often complex and problematic To better answer these contemporary questions and navigate identity politics Angela Franks seeks to provide a better understanding of identity She begins by giving three basic meanings of the term identity through time the true or authentic self and our awareness of ourselves She engages with thinkers from antiquity to present day and investigates the decisive developments that Christianity provided Within Christianity came a new awareness of the distinctive individuality of each person the true self called by God in a way that often breaks away from the solid or fixed structures of identity formation such as family class and nation This more liquid idea of identity continues to evolve in modern times though without its theistic emphasis on God's call The result is a purely liquid self that consists of consciousness and activity but without a grounded self that is either the object or the subject of consciousness This is the empty self we have today one that is given much more to do and less to be A

comprehensive history of identity Body and Identity brings the theological history of the self to the forefront in order to address the empty self and how identity is defined today Understanding Religious Abuse and Recovery Patrick J. Knapp, 2021-04-21 Currently there are at least four major identifiable perspectives on how people best understand and recover from religious abuse Both secular and faith based Christian adherents can be variously identified in each of these approaches This book examines these viewpoints and evaluates their various strengths and limitations It concludes that each perspective is helpful to the extent possible given the limitations of its respective philosophic or theological assumptions This book summarizes each viewpoint and suggests a larger contextual perspective helpful to better understand involvement in and recovery from religiously abusive environments The conclusion is an integration of the various conceptual frameworks and a different model SECURE is described that includes essential principles and practical strategies necessary for recovery from religious abuse Suggestions are made for future research and study both for academics with interest in the cultic studies and counseling fields and for various people negatively affected by religious abuse and in need of recovery In the House of Friends Kenneth J. Garrett, 2020-07-10 There is a place that promises acceptance spiritual growth and friendship but instead delivers criticism abuse and exploitation A place that declares marriages will be strengthened treasured and protected but instead weakens diminishes and marginalizes them A place that claims to obey the word of God but in practice weaponizes the word against those who disagree or doubt A place where the good news of a tenderhearted loving Savior is blurred by leaders who are controlling traumatizing and self serving A place that calls loudly to the storm tossed at sea only to lure them to the rocks where they flounder and fall apart A place that appeared to be a house of friendship but was a place of betrayal That place might be a Christian church It might be a cult It is probably both In the House of Friends Understanding and Healing from Spiritual Abuse in the Christian Church is written for survivors of abusive churches their families and friends and all who want to understand spiritual abuse and help the abused Dr Garrett is a long term pastor of a diverse urban congregation and combines personal experience sound academic research and pastoral theology to address a
