Travelling to Work Michael Palin, 2015-11-24 As in *Halfway to Hollywood* and *The Python Years* *Travelling to Work* contains a decade's worth of unedited unabridged diary entries from multi-talented funnyman Michael Palin. In this volume the last Palin has agreed to publish the former Python documents his experience hosting a series of BBC travel documentaries even as he continues to develop new dimensions as a writer and actor. Python faithful will love Palin's candid comments and wry wit even as they are awed by his dogged work ethic and myriad accomplishments. From his work for the BBC to his dramatic portrayal of the headmaster on Alan Bleasdale's award-winning drama *GBH* to his success as screenwriter, playwright and novelist these pages display a true modern-day Renaissance Man. Included as well are behind-the-scenes stories from the making of *Fierce Creatures*, the tumultuous follow-up to *A Fish Called Wanda* along with Palin's reflections on dealings with his manager, editors and publishers enough insider information to please any show-business enthusiast. In short *Travelling to Work* is a roller-coaster ride driven by the Palin hallmarks: curiosity, a sense of adventure and unflappable cool demonstrating he is truly in his own words someone grounded and safe who can be tempted into almost anything.

Focus On: 100 Most Popular English Male Comedians Wikipedia contributors, Q Craig Brown, 2024-10-01 With equal measures of wit and wisdom the author of *99 Glimpses of Princess Margaret* draws a deeply original, hilarious and telling portrait of the Queen herself. She was the most famous person on earth; she first appeared on the cover of *Time* magazine at the age of three. When she died few people were old enough to recall a time when she was not alive. Her likeness has been reproduced in photographs, on stamps, on the notes and coins of thirty different currencies more than any since Jesus. It is probable that over the course of her ninety-six years she was introduced to a greater number of different people than anyone else who has ever lived, likely well over half a million. Yet this most closely observed of all women rarely left any real impression on those she encountered beyond vague notions of her radiance and sense of duty. A high proportion of those she met can remember what they said to her but not a word of what she said to them. Up until now the curious tactic employed by biographers of the Queen has been to ignore what is interesting and to concentrate on what is not. Craig Brown, the author of *150 Glimpses of the Beatles* and *Hello Goodbye*, Hello rejects this formula bringing his kaleidoscopic approach to the most famous and most guarded woman on earth, examining the Queen through a succession of interlocking prisms. With Q this fantastically funny, marvelously insightful journalist gives us an unforgettable portrait of the omnipresent, elusive Queen Elizabeth II.
