

TREASURE ISLAND **MOCK SUMMARY(example)**

At the beginning the story takes place in a village called Bristol (UK), then it moves onto a ship called "Hispaniola" sailing to an island by the Caribbean sea to look for a treasure. Everything happens during the late 18th century.

The main characters are: Billy Bones, Jim Hawkins, Dr. Livesey, Squire Trelawney, Captain Smollet, Long John Silver and Ben Gunn. First of all Billy Bones is an old ex-pirate, brown skinned who has a big scar on his cheek, he's worried about one legged-man all the time and he's a great pirate story-teller. Second character is Jim Hawkins is the narrator, and the main character. Jim is a boy around ten or eleven years old. Jim is blonde, brave, and an adventurer. Then we meet Blind Pew. He is another pirate who kills Billy Bones in the *Admiral Benbow* (Jim's parents guest house). Blind Pew is a strong man who wears old green clothes with a hood and a long stick. Next we have Dr. Livesey is a small man who wears a white wig with sharp bright eyes; the doctor is very sensible. At the same time we know about Squire Trelawney who was tall, red-faced with thick black eyebrows; Squire Trelawney is impulsive. Next appears Long John Silver. He was a tall, strong man with only one leg; at the beginning he's a nice character, friendly and smiling all the time...he becomes the ship's cook...but finally Long John Silver is not very nice since he wants to kill almost all the characters to get the treasure...he is a pirate. Then comes Captain Smollet. At the beginning this character has a cross-looking not very pleased to meet the rest of the characters. He's always worried about everything, but at the end he's a good captain since he's just worried about doing things in the proper way, so as Dr.Livesey he's sensible. Finally we meet Ben Gunn. He is another pirate who stayed in the island for three years before the Hispaniola crew arrived there. He had sunburned skin and rag clothes. He seems to be a helpful man, since he promises to help Jim.

To sum up the story, so far, I will mention the following main events. At the beginning Jim finds a packet in Billy Bones' sea-chest. Billy Bones was killed by Blind Pew in the *Admiral Benbow* in Bristol (UK). Then Jim decides to look for help and shows the packet to Dr. Livesey and Squire Trelawney. Next they three unwrapped the packet and found a book and a map; both showed a hidden treasure in an island by the Caribbean sea. So they decided to go and look for it. In order to do so, they looked for help. So they contracted Long John Silver, who knew most of the sailors in Bristol, thus he could find a crew for their ship. In fact he did so, but most of the sailors, included him were at the end pirates who wanted to find the treasure. Once they reached the island they have several fights to find and look for the treasure. There, Jim meets Ben Gunn, a pirate who was left in the island as a punishment three years ago and knows everything about the treasure and the island so he helped Jim and his friends. After that the pirates offered a peace agreement (white flag) to Jim and his friends...but at the end it was a trick; they only wanted the map. So they finally fought one against another. But no one won. In this way, there was no solution, Jim had a plan: he went to the *Hispaniola* because he wanted to stop the pirates back to the *Hispaniola* by weighing the anchor. Then Jim saw a couple of men, one of them was called "Hands" and he was almost death and badly injured; so he asked Jim for water. But finally "Hands" tried to kill Jim with his knife, but at the end he can't kill him so Jim ties up "Hands" to the ship's mast.

From my point of view I like the story because....and because...but....
