Gisèle Pineau - Un papillon dans la cité Ladina Blum,2001 **Fictions of Childhood** Marjorie Salvodon,2008-01-01 Fictions of Childhood explores the complexity of French identity in writings that focus on the experience of children Nina Bouraoui Linda L and Gis le Pineau French writers of Algerian Vietnamese and Guadelupean origin respectively are discussed within the text because of their use of educational and familial contexts to explore the meanings of childhood in fiction In their role as literary double agents who view French identity against the grain these three writers perceive French identity from multiple angles The selected texts counter preconceived notions about children and childhood in their portrayal of child narrator protagonist mostly girl children who make prophetic revelations They are marginalized schoolchildren who denounce French society and institutions for failing them children who cross the boundaries of gender and sexuality and children of the French empire who tell French colonial and post colonial history from their unique perspectives The current crisis in French universalism is mirrored in the literary portrayal of child figures as victors and victims because these representations make visible the relational dynamic between France and her former colonies which underlie the silenced history of colonialism and post colonialism that continues to define French identity *Francophone Post-colonial Cultures* Kamal Salhi,2003-01-01 A collection of discussions of literary texts from areas as diverse as Europe and North Africa the Caribbean and South Asia regions of the world that seem to have only their language in common But despite enormous differences among all the countries where French is spoken Francophone literatures tend to deal with a smiliar spread of issues This volume positions the study of the Francophone world and its cultures as a comparative project in which post colonial Francophone cultures and the specific alterity of these cultures emerge as inextricable from and essential to an understanding of modern France The volume is organized by region with an international roster of contributions and includes summaries of selected creative and critical works and a guide to selected terms and figures **Un papillon dans la cité** Gisele Pineau,2016-01-08 Quand F licie apprend qu elle va retrouver sa m re en France elle comprend vite qu il va falloir laisser seule sa grand m re Man Ya qui l a lev e Quand dans une cit de la banlieue parisienne elle fait la connaissance de sa m re de Papa Jo et de son nouveau petit fr re elle supporte un peu mieux sa nouvelle vie Quand elle se lie d amiti avec un camarade de classe venu lui aussi d ailleurs elle ne r ve que d une chose lui faire conna tre son le lointaine Un roman plein de tendresse d humour et se sensibilit qui enchantera aussi bien les jeunes que leurs a n s L'auto-exotisme dans les littératures des Antilles françaises Nathalie Schon,2003-01-01 Les tudes r alis es sur les litt ratures des Antilles fran aises s inscrivent souvent dans le cadre des relations pr sentes et pass es entre la France et les les Cette approche est d ailleurs pertinente si l on consid re l histoire commune Cependant elle a l inconv nient de pr senter toute diff rence avec la litt rature m tropolitaine comme sp cifique aux Antilles gommant de la sorte les convergences ou divergences que les litt ratures antillaises entretiennent entre elles D autre part la Martinique et la Guadeloupe la fois d partements fran ais et groupes d les
