Time Traps Proven Strategies For Swamped Salespeople:

Time Traps Todd Duncan, 2010-12-07 Sales quotas stress filled days and long working hours fill the schedules of salespeople everywhere In Time Traps author Todd Duncan teaches readers that this formula is all wrong and proclaims that it s possible to achieve more sales success with less stress earn more family time with less frustration and gain more money without investing life consuming hours at work The key he shares is not time management after all managing time is an impossible task to undertake Instead he shows readers how to manage what they do with the time they re given Highly acclaimed by some of the biggest names in the business sales and leadership industries including bestselling authors Stephen R Covey and John C Maxwell Time Traps includes tips for balancing and maximizing time saying no more often leveraging time saving tools and technology and prioritizing life amid professional chaos More than that the book explains why these things are so important in the first place and how allowing time for one thing can actually produce more output not less in other areas of your life Research shows that as much as 75 percent of the time people spend at work is a waste of that valuable time used for menial tasks rather than making sales This straightforward and actionable guide will help you break out of this statistic so you can propel your career and your life to new heights starting right now Time Traps ,2005
