Times Square Red, Times Square Blue Samuel R. Delany, 1999-04 If one street in America can claim to be the most infamous it is surely Forty second Street Once known for its peep shows street corner hustlers and movie houses Forty second Street has been overwhelmed by the quest for safety from safe sex and safe neighborhoods to safe cities and safe relationships Now defined by corporate theme stores and large neon lit cafes Forty second Street has in effect become a family tourist attraction for visitors from Berlin Tokyo Westchester County and the New Jersey suburbs Samuel R Delany sees a disappearance not only of the old Times Square but of the complex social relationships that developed there the points of contact between people of different classes and races in a public space In *Times Square Red Times Square Blue* Delany tackles the question of why public restrooms peep shows and tree filled parks are necessary to a city s physical and psychological landscape *Times Square Red Times Square Blue* paints a portrait of a society dismantling the institutions that promote communication between classes and disguising its fears of cross class contact as family values Book Jacket

Times Square Red, Times Square Blue 20th Anniversary Edition Samuel R. Delany, 2019-04-30 Twentieth anniversary edition of a landmark book that cataloged a vibrant but disappearing neighborhood in New York City In the two decades that preceded the original publication of *Times Square Red Times Square Blue* Forty second Street then the most infamous street in America was being remade into a sanitized tourist haven In the forced disappearance of porn theaters peep shows and street hustlers to make room for a Disney store a children s theater and large neon lit cafes Samuel R Delany saw a disappearance not only of the old Times Square but of the complex social relationships that developed there Samuel R Delany bore witness to the dismantling of the institutions that promoted points of contact between people of different classes and races in a public space and in this hybrid text argues for the necessity of public restrooms and tree filled parks to a city s physical and psychological landscape This twentieth anniversary edition includes a new foreword by Robert Reid Pharr that traces the importance and continued resonances of Samuel R Delany s groundbreaking *Times Square Red Times Square Blue*

Times Square Red, Times Square Blue Samuel R. Delany, 1999-04 As issues of history and memory collide in our society and in the classroom the time is ripe to rethink the place of history in our schools *Knowing Teaching and Learning History* represents a unique effort by an international group of scholars to understand the future of teaching and learning about the past It will challenge the ways in which historians teachers and students think about teaching history The book concerns itself first and foremost with the question How do students develop sophisticated historical understandings and how can teachers best encourage this process Recent developments in psychology education and historiography inform the debates that take place within *Knowing Teaching and Learning History* This four part volume identifies the current issues and problems in history education then works towards a deep and considered understanding of this evolving field The contributors to this volume link theory to practice making crucial connections with those who teach history Published in

Delany, 1999 If one street in America can claim to be the most infamous it is surely Forty second Street Once known for its peep shows street corner hustlers and movie houses Forty second Street has been overwhelmed by the quest for safety from safe sex and safe neighborhoods to safe cities and safe relationships Now defined by corporate theme stores and large neon lit cafes Forty second Street has in effect become a family tourist attraction for visitors from Berlin Tokyo Westchester County and the New Jersey suburbs **Post Ex Sub Dis** Ghent Urban Studies Team, 2002 Post ex sub and dis these are but a few of the prefixes that have been used to compose neologisms for describing the contemporary cityscape Terms such as posturban space postsuburbia exurbia and disurbia are part of a dizzying collection of often hotly contested labels This plethora demonstrates how difficult it has become to name map and analyse the cityscape Urban environments have come to evince a radically chaotic and fragmented structure This book explores how fragmentation has acquired new meanings and how the urban landscape is constantly being deconstructed and reconstructed Richly illustrated with works by artists and photographers the volume contains a series of essays on spatial social and cultural issues written by distinguished scholars from an unusual variety of disciplines *Lambda Book Report* , 1999 **Beyond Shame** Patrick Moore, 2004 Patrick Moore boldly argues that the promiscuous gay men of the 1970s were actually artists and that AIDS derailed an esthetic community and sexual adventure This quietly personal book reclaims the past for young gay men and makes it useable Edmund White author of *A Boy's Own Story* A personal tender honest book about a past that can never be regained but must not be forgotten Sarah Schulman author of *After Delores* Patrick Moore reminds us of the extravagant creativity of gay self fashioning in the 1970s in the hope that such historical awareness can help us bring about an extravagant creative gay future Carolyn Dinshaw Director of the Center for Gender Sexuality New York University Moore's exceptional study considers those men who fashioned an underground gay life that still resonates today Felice Picano author of *Like People In History* and a founding member of the Violet Quill Club **Cruising and Queer Counterpublics** Jennifer Elizabeth Moon, 2006
Contemporary Literary Criticism , 1973 The Ghastly One Jimmy McDonough, 2001 From 1965 to 1972 Andy Milligan made 20 exploitation movies For him exploitation was no joke it was his reality But *The Ghastly One* isn't just about a lunatic with a movie camera It's an anecdotal history of exploitation films the birth of off Broadway theater the Warhol crowd and the malevolent place called Times Square 91 photos
