Tip Of The Iceberg Meme:

Internet Memes and Society Anastasia Denisova, 2019-03-21 This book provides a solid encompassing definition of Internet memes exploring both the common features of memes around the globe and their particular regional traits It identifies and explains the roles that these viral texts play in Internet communication cultural social and political implications significance for self representation and identity formation promotion of alternative opinion or trending interpretation and subversive and resistant power in relation to professional media propaganda and traditional and digital political campaigning It also offers unique comparative case studies of Internet memes in Russia and the United States **Meme Wars** Joan Donovan, Emily Dreyfuss, Brian Friedberg, 2022-09-20 A groundbreaking investigation into the digital underworld where far right operatives wage wars against mainstream America from a masterful trio of experts in media and tech Memes have long been dismissed as inside jokes with no political importance Nothing could be further from the truth Memes are bedrock to the strategy of conspiracists such as Alex Jones provocateurs like Milo Yiannopoulos white nationalists like Nick Fuentes and tacticians like Roger Stone While the media and most politicians struggle to harness the organizing power of the internet the redpill right weaponizes memes pushing conspiracy theories and disinformation into the mainstream to drag people down the rabbit hole These meme wars stir strong emotions deepen partisanship and get people off their keyboards and into the streets and the steps of the US Capitol Meme Wars is the first major account of how Stop the Steal went from online to real life from the wires to the weeds Leading media expert Joan Donovan PhD veteran tech journalist Emily Dreyfuss and cultural ethnographer Brian Friedberg pull back the curtain on the digital war rooms in which a vast collection of antiesablistmentarians bond over hatred of liberal government and media Together as a motley reactionary army they use memes and social media to seek out new recruits spread ideologies and remake America according to their desires A political thriller with the substance of a rigorous history Meme Wars is the astonishing story of how extremists are yanking our culture and politics to the right And it's a warning that if we fail to recognize these powerful undercurrents the great meme war for the soul of America will soon be won Meme Wars Kalle Lasn, Adbusters, 2013-01-15 From the editor and magazine that started and named the Occupy Wall Street movement Meme Wars The Creative Destruction of Neoclassical Economics is an articulation of what could be the next steps in rethinking and remaking our world that challenges and debunks many of the assumptions of neoclassical economics and brings to light a more ecological model Meme Wars aims to accelerate the shift into this new paradigm that takes into account psychonomics bionomics and other aspects of our physical and mental environment that are often left out in discussions of economics Like Adbusters the book will be image heavy and full color throughout Lasn calls it a textbook for the future that provides the building blocks in texts and visuals for a new way of looking at and changing our world Through an examination of alternative economies Lasn hopes to spur students to become barefoot economists and to see that a humanization of economics is possible Meme Wars will include contributions from

Nobel Prize winner Joseph Stiglitz Paul Samuelson George Akerlof Lourdes Bener a Julie Matthaei Manfred Max Neef David Orrell Paul Gilding Mathis Wackernagel and the father of ecological economics Herman Daly among others Based on ideas that were presented in a special issue of Adbusters entitled Thought Control in Economics Beyond the Growth Paradigm An Activist Toolkit Meme Wars will help move forward the Occupy Wall Street movement Memetics and Evolutionary Economics Michael P. Schlaile,2020-12-21 This book explores the question of whether and how meme theory or memetics can be fruitfully utilized in evolutionary economics and proposes an approach known as economemetics which is a combination of meme theory and complexity theory that has the potential to combat the fragmentation of evolutionary economics while re connecting the field with cultural evolutionary theory By studying the intersection of cultural and economic evolution complexity economics computational economics and network science the authors establish a connection between memetics and evolutionary economics at different levels of investigation The book first demonstrates how a memetic approach to economic evolution can help to reveal links and build bridges between different but complementary concepts in evolutionary economics Secondly it shows how organizational memetics can help to capture the complexity of organizational culture using meme mapping Thirdly it presents an agent based simulation model of knowledge diffusion and assimilation in innovation networks from a memetic perspective The authors then use agent based modeling and social network analysis to evaluate the diffusion pattern of the Ice Bucket Challenge as an example of a viral meme Lastly the book discusses the central issues of agency creativity and normativity in the context of economemetics and suggests promising avenues for further research *Kill Reply All* Victoria Turk,2020-01-07 Want to Marie Kondo your digital life and develop a more tactful approach to technology By a leading tech and digital culture journalist Kill Reply All is a guide to tidying it all up How do you reply to your colleague s weird email What would Emily Post say about your Tinder profile And just how do you know if you re mansplaining In this irreverent journey through the murky world of digital etiquette Wired s Victoria Turk provides an indispensable guide to minding our manners in a brave new online world and making peace with the platforms apps and devices we love to hate The digital revolution has put us all within a few clicks taps and swipes of one another But familiarity can breed contempt and while we re more likely than ever to fall in love online we re also more likely to fall headfirst into a raging fight with a stranger or into an unhealthy obsession with the phones in our pockets If you ve ever encountered the surreal aggravating battlefields of digital life and wondered why we all don t go analog this is the book for you **The Routledge Handbook of Political Campaigning** Darren Lilleker,Daniel Jackson,Bente Kalsnes,Claudia Mellado,Filippo Trevisan,Anastasia Veneti,2024-11-05 The Routledge Handbook of Political Campaigning provides an essential global and timely overview of current realities as well as anticipating the trajectory and evolution of campaigning in the coming years Offering a comprehensive analysis the handbook is structured into seven thematic sections including the campaign environment rhetoric and persuasion campaign strategies campaign tactics and platform affordances news and journalism

citizens and voters and civil society The chapters within each section reflect on the latest societal technological and cultural developments and their impact on campaigning on democratic culture within societies and on the roles that campaigns might play in both facilitating and impeding political engagement Key trends and innovations are examined alongside case studies and examples from a range of nations and political contexts Issues around trust and representation are further reflected in a focus on the wider campaigning environment and the rise in importance of grassroots and pressure groups social movements and movements that coalesce within digital environments The Routledge Handbook of Political Campaigning is an essential resource for scholars students and practitioners in political communication media and communication elections and voting behavior digital media journalism social movements strategic communication social media and more broadly to democracy sociology and public policy
