The Routledge Handbook of Translation and Methodology Federico Zanettin, Christopher Rundle, 2022-03-10 The Routledge Handbook of Translation and Methodology provides a comprehensive overview of methodologies in translation studies including both well established and more recent approaches. The Handbook is organised into three sections, the first of which covers methodological issues in the two main paradigms to have emerged from within translation studies, namely skopos theory and descriptive translation studies. The second section covers multidisciplinary perspectives in research methodology and considers their application in translation research. The third section deals with practical and pragmatic methodological issues. Each chapter provides a summary of relevant research, a literature overview, critical issues and topics, recommendations for best practice and some suggestions for further reading. Bringing together over 30 eminent international scholars from a wide range of disciplinary and geographical backgrounds, this Handbook is essential reading for all students and scholars involved in translation methodology and research. *Восьмая международная конференция по когнитивной науке* Коллектив авторов, 2022-05-01 [Advances](#)

[in Corpus Applications in Literary and Translation Studies](#) Riccardo Moratto, Defeng Li, 2022-12-26 Professor Riccardo Moratto and Professor Defeng Li present contributions focusing on the interdisciplinarity of corpus studies with a special emphasis on literary and translation studies which offer a broad and varied picture of the promise and potential of methods and approaches. Inside, scholars share their research findings concerning current advances in corpus applications in literary and translation studies and explore possible and tangible collaborative research projects. The volume is split into two sections focusing on the applications of corpora in literary studies and translation studies. Issues explored include historical backgrounds, current trends, theories, methodologies, operational methods and techniques as well as training of research students. This international, dynamic and interdisciplinary exploration of corpus studies and corpus application in various cultural contexts and different countries will provide valuable insights for any researcher in literary or translation studies who wishes to have a better understanding when working with corpora.
