professionals **An Introduction to Coping with Post-Traumatic Stress, 2nd Edition** Ann Wetmore, 2019-05-09

Traumatic stress arises in reaction to catastrophic life events. Such events can range from train disasters and car crashes to natural calamities such as earthquakes, wildfires and floods and from life threatening medical diagnoses to acts of violence and abuse. Post Traumatic Stress Disorder (PTSD) is a common psychological condition resulting from such events and occurs when our coping resources have been completely overwhelmed. The intrusive hyper reactions, recurring memories, flashbacks, avoidance behaviours and changes in the sense of self linger long past the actual event and often prevent a sense of healing or resolution with the experience. This self help guide uses Cognitive Behavioural Therapy (CBT) strategies with a trauma focus to help you to manage your reactions to the traumatic experience and find new effective ways of coping. You will learn To understand your reactions to traumatic events. Practical strategies for monitoring, managing and overcoming post traumatic stress. Innovative therapeutic options and new mobile device supports.

The Guide to Play Therapy Documentation and Parent Consultation Linda E. Homeyer, Mary Morrison Bennett, 2023-03-01. The Guide to Play Therapy Documentation and Parent Consultation guides play therapists through the case documentation process from the initial inquiry for services through intake, session, diagnosis, treatment planning, session notes and termination summary. There is a special focus on writing session notes, one of the areas in which play therapists most often request additional training. Chapters also identify play themes, explore clinical theories and case conceptualization and guide play therapists from the playroom to the paperwork. The authors include several examples of case notes and treatment plans completed from a variety of theoretical perspectives and vignettes and case studies illustrate ways to connect with caregivers, strategies for working with challenging caregivers, addressing difficult topics at different ages and stages of parenting, how to talk about sex, screen time, co parenting etc and much more. The book also includes a thorough discussion of ways to structure parent consultations to facilitate the therapeutic process. Expansive appendices provide many case examples and tips to explain and demonstrate documentation and the authors provide form templates in the text and on the book's website.
