Serro Scotty Travel Trailers Paul Hecht,2013-06-01

This book will take us on John Serro s journey from producing the first 16 Scotty Pup trailer in 1956 to the more popular 18 HiLander produced in the 60 s and 70 s Because Scotty Trailers were not produced on an assembly line just like the Americans who bought them no two are exactly alike The Scotty line while fairly extensive ranging from teardrops to fully self contained 18 models each were simple in design most sporting the iconic aqua and white paint scheme and all stamped with the Scotty Pup logo Vintage travel trailers have never been more popular with the demographic evolving drastically to a younger more affluent group of people And while Airstreams seem to be the shiny star of the day the Serro Scotty trailers were always right there barking up the same vintage tree Not only are Scotty Trailers quintessentially retro they are lightweight very affordable and easy to restore and accessible to everyone
